## STEER BROTHERS.

The beginning of  
**"Paisley Flour"**  
The SURE raising powder

was when Brown & Polson discovered that the addition of a proportion of their Corn Flour to the ordinary flour when making scones, buns, pastry and cakes, made a great improvement in added lightness, fineness and digestibility.

To the Corn Flour were added raising ingredients of the highest purity, resulting in the production of a new raising powder, which by its ease in use and improved results has marked an advance in home baking.

\*Raising Flour—the sure raising powder—is sold in 25, 14 and 5 cent tins, ready to mix 1 part to 8 parts of ordinary flour. The 25 cent tin will raise 7 lbs. flour.

## Point Platte, Miquelon, St. Pierre.

The following information has been received from the Vice-Consul of France, St. John's:—That owing to the bad condition of the Fog Alarm of Point Platte (Miquelon), guns are fired there, during foggy or snowy weather, every 20 minutes; but these measures having not proved efficient enough, it is thought better to advise navigators to avoid the islands during bad weather, until further notice is given.
