**Cochrane
St. Church.**

The annual Missionary Meetings in connection with this Church will be held to-morrow (Sunday), in the Methodist College Hall. The Rev. N. M. Guy, M.A., will be the preacher at the morning service. At the Public Meeting in the evening, which will begin at 6.30, Mr. A. Robertson will preside, and Mr. H. E. Cowan and Rev. N. M. Guy will be the speakers. Special music will be rendered by the choir, and Miss Herder will contribute a solo. The collection, which it is hoped will be large, is to be devoted to the Missionary Fund. At both these services the ushers will do the best possible to provide comfortable seatings for all. Entrance from Long's Hill and Harvey Road.

THE GREATER QUESTION

At this season of the year for Farmers with up-to-date ideas is, what is the best means to use to get the best returns from the land.

Fertilizers must be used liberally if large returns are looked for. There are several good chemical fertilizers which may be recommended, but Sulphate of Ammonia has been proved to give the best returns, and is the most valuable and economical source of Nitrogen for agricultural purposes.

For vegetables, grass, and all leafy crops, about one and a half cwt. per acre is the best quantity to use, and this should be applied when the plant is making its growth, as well as before sowing the seed.

If a liquid manure is preferred, a 1/2 oz. of Sulphate to one gallon of water should be used, and applied once a week for a month. This quantity should not be exceeded.

It is a good plan to reduce the Sulphate to a fine powder, and mix with four or more times its own bulk, for the purpose of diluting the manure, which is very powerful.

For potatoes the following mixture is strongly recommended:—
40 lbs. Superphosphate.
25 lbs. Fine bone meal.
10 lbs. Carbonate of Magnesia.
15 lbs. Sulphate of Potash.
21 lbs. SULPHATE OF AMMONIA.

1 cwt.
Apply at the rate of 10 to 11 lbs. to 45 square yards.

The use of Carbonate of Magnesia, in conjunction with Sulphate of Ammonia, is of great importance in potato culture.

For turnips use the following:—
60 lbs. Superphosphate.
12 lbs. Fine bone meal.
12 lbs. Sulphate of Potash.
20 lbs. Sulphate of Ammonia.

1 cwt.
Apply at the rate of 10 to 11 lbs. to square yards.

Sulphate of Ammonia of excellent quality is now made by the St. John's Gas Light Company, and may be obtained on very reasonable terms.

Full particulars may be obtained at the Gas Works, or at the Board of Trade Building. Ask for special booklet on the use of Sulphate, it will be found of great value in securing the heaviest crops.

S.U.F.

The Grand Lodge of the Society of United Fishermen held its annual meeting in the British Hall last night. Two new Lodges have been added and a substantial increase in membership made. The following officers were elected:—

Worthy Grand Master—J. A. Clift.
Deputy Grand Master—G. A. Davey.
Grand Chief Officer—A. Edgecombe.
Grand Second Officer—G. Reid.
Grand Chaplain—G. House.
Grand Purser—W. H. Goodland.
Grand Quarter Master—W. McGillivray.

Grand Lookout—A. E. Withycombe.
Grand Secretary—J. C. Phillips.
The Grand Master made reference to the disaster in fitting terms and the Grand Lodge passed a resolution of sympathy and voted \$200 to the relief of the distressed.

**How the Storm
Was Felt at Cape**

Special to Evening Telegram.
CAPE RACE, Yesterday.
Tuesday night's gale was the worst witnessed for some time. A glitter storm prevailed throughout the day, wind changing to North at 11 p.m. Tuesday night a snow storm raged all night. Considerable damage was done: both the Marconi poles were broken off at the top, station being out of business for 40 hours, but the officer in charge, Mr. Kerton, and his staff being possessed of much energy and tact, temporary repairs were made and work was resumed at 6 p.m. yesterday evening. Government telegraph lines were stripped for miles and several poles have been broken off and as weather continues stormy, repairs are finding it difficult. The Anglo line was also interrupted and communication with St. John's completely cut off. A heavy glitter storm raged all last night. To-day wind W. S. W., blowing strong. Two small schooners and the S. S. Eagle Point passed in yesterday. Nothing to-day. Bar. 28.55; ther. 34.

TESTIMONIALS.

To Dr. F. Stafford & Son.
Dear Sirs,—
I strongly recommend your Prescription "A" to all sufferers with Indigestion and Dyspepsia. I used all kinds of medicine and consulted various specialists without cure. I saw your Prescription "A" advertised in the papers and tried a few bottles and it made a perfect cure of me.

MRS. HALL,
Hayward Ave., St. John's
To Dr. F. Stafford & Son,
Dear Sirs,—
I am sending you 60 cents in stamps. Please send me one 50 cent bottle of Prescription "A", the 10 cents balance will pay for postage. You sent me a trial bottle a short while ago and it almost cured my wife and I think another 50 cent bottle will make a cure. I have tried doctors and all kinds of medicine but I don't believe that there is any medicine that can cure a bad stomach like Stafford's Prescription "A". I am more than thankful that you advertised this medicine. Please forward as quick as possible.

P.S.—Call at our Drug Store, Theatre Hill, and see these testimonials for yourself.

**The Birthstone for the
Birthday.**

THE DIAMOND—emblem of innocence—is the birthstone for April, and the wording of the old lines—

She who from April dates her years,
Diamonds should wear, lest bitter tears
For vain repentance flow; this stone,
Emblem of innocence is known—

quaintly expresses the popular belief in the happiness and good-luck that follow the wearing of this birthstone.

Set in a Ring—alone or in combination with other gems—the diamond lends itself with charming effect to dainty designs in distinctly personal Jewellery. For bride, mother, sister, friend, or as a token of regard upon the one day in the year that is all her own—the diamond is pre-eminently appropriate in April.

YOU MAY PAY AS LOW AS \$10.00—AS HIGH AS \$100.00.
