ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.

Revelations of the Last German Ambassador in England:

My Mission to London, 1912-1914,

By PRINCE LICHNOWSKY.
(With a preface by Professor Gilbert Murray.)

The war has produced few human documents of the importance of Prince Lichnowsky's "Memorandum." It throws a flood of light upon the diplomatic correspondence published by the belligerent chancelleries in the opening months of the war, particularly upon the German White Paper, whose reservations it exposes, whose enigmas it untangles, whose lies it lays bare.

It is the diplomatic story of the Prince's Ambassadorship at London, from 1912 until the war drove him home to Berlin in August, 1914, when he was deprived of rank and distinctions.

Should be read by every man and woman in the Empire; 60 pages, stiff covers.

Prices 25c.; by mail, 27c.
