Bedrooms & Beds

There's nothing more important to the bedroom than the Bed itself, is there? From the point of usefulness or ornament it ranks first. Does your Bed suit your taste? Does it harmonize with your room? Does it give you the sleep-comfort you need? No? Well, then it's time to discard it and get another, quick.

We are showing All-Brass, Brass and Enamel, and All-Enamel Beds in all sizes and very fine designs. Each and all of which Beds can be fitted with Springs and Wool or Felt Mattresses if desired.

Stock Market Report!

Stocks are pointed higher. The decline which began last November seems to have run its course, and apparently the turn in the general price movement has begun.

It is our opinion that a pronounced improvement in stock market prices is ahead, unless, of course, some drastic and unexpected situation develops, but we are taking the logical position that there is a bottom to everything and surely it seems to have been reached.

We are in the market to buy or sell any listed security and we have unusual facilities for the prompt handling of your orders.

Be it enacted by the Governor, the Legislative Council and House of Assembly, in Legislative Session convened, as follows:—

- There shall be a Commission to be appointed by His Excellency the Governor-in-Council, which shall be known as the Codfish Standardization Commission.
- The said Commission shall consist of not less than five or more than eleven persons, of whom the Minister of Marine and Fisheries shall be one, ex officio, and shall be the Chairman.

 - The culling, selecting, assorting, standardizing, and determination of the different types or varieties of fish, with a view to the establishment of grades thereof in the local and foreign markets and to the ensuring, so far as possible, of suitability for the several markets.
 - The stowage, storage, packing, inspection, and weighing of fish and marketing of packages.
 - The lading, stowage, protection, dunnageing, covering, and all other matters connected with the carriage and conveyance of fish whether within this Colony or from this Colony to other countries, and whether in ships, vehicles, or any other modes of conveyance.
 - The establishments of standards of size, type, condition, grade and quality of fish, and the means of determining and enforcing the same.
 - The fixing of differences between the prices of different sizes, types, conditions, grades and qualities in the local markets, and the provision of methods for accurately determining such sizes, types, conditions, grades and qualities.
 - The fixing of penalties for the breach of any of the rules and regulations to be made as aforesaid. Specific penalties shall be fixed for breach of each particular rule and regulation.
- All such rules and regulations shall be laid before His Excellency the Governor-in-Council for approval, and if when so approved and published in the Royal Gazette shall at the expiration of 15 days from the date of the Proclamation have the force and effect of Law if incorporated in this Act.
