Despatches to the Evening Mercury

American Despatches.

Washington, Sept 24th.—Robt. T. Lincoln, son of the late President, was married this evening to Nelly Harlan, daughter of Senator Harlan.

Paris, 24th.—The Montevideo announces officially that the Government has granted in favor of Erlanger and Reuter of the Franco-American Telegraph Company, authorizing them to lay a submarine telegraph cable between France and America under certain reserved conditions has become definitive and complete, capital to the amount of 27,500,000 francs, the main condition, having been subscribed for the undertaking.

Nashville, 24th.—The constant rains are seriously damaging the cotton crop of middle Tennessee and the prospect now is that a third less will be produced than was expected the first of the month.

New York, 25th.—The Steamer Iberia from Europe has arrived.

The Tribune's Atlanta, Ga., special says an official investigation of the Camille massacre shows that it was even more bloody and atrocious than at first reported. Captain Pierce and Mr. Murphy saved their lives by making Masonic signals. The negroes were hunted with dogs and when caught they were butchered in cold blood.

EUROPEAN NEWS.

The Revolt in Spain!

REPORTED ATTACK OF MADRID.

Gen. Prim marching on the Capital with 20,000 men.

Defection of War Ships!

PER ATLANTIC CABLE.

London, Sept. 23, (evening).—Despatches received here this evening state that the insurgents have issued a proclamation which says that when they are victorious, their future course relative to the government of the country will be decided by universal suffrage. The insurgents are reported to have attacked Madrid, which is defended by barricades, but no particulars have been received.

The city of Saragossa is actively preparing defences against an anticipated attack by the rebels.

Dublin, Sept. 23.—The Aldermen and Councilors of this city have passed a resolution setting forth that as all danger from the Fenian movement has passed away, the time has now come for the release of imprisoned Fenians.

Paris, Sept. 24.—The French government will immediately strengthen its posts on the Spanish frontier.

The Pairs says that the Spanish army is loyal, and that the insurrection is confined to the province of Andalusia and a few seaports.

The following is the latest news which has been received from Spain: The Government at Madrid has declared all Spain in a state of siege. Gen. Isarder who was sent out with a detachment of Royal troops against the Province of Santander has joined the insurgents. A desperate skirmish took place in Santander between the opposing parties, in which several persons were injured. The reports that Gen. Prim is marching directly on Madrid are reiterated. He is accompanied by Gen. Soriano, the Duke De La Torre, and it is estimated that the force under his command now number 20,000 strong. The Duke De La Torre is said to be acting as provisional president and civil head of the revolution. He has refused every compromise made by Gen. Concha from Madrid. The Spanish ships of war in the port of San Sebastian have declared against the Queen and joined the rebel fleet. The revolutionary leaders have issued a decree declaring that any officer who orders an attack on the people or patriot soldiers shall be adjudged a traitor to his country.

Paris, Sept. 23, (evening).—The report that the Queen of Spain had crossed the frontier into France, was premature. She still remains at San Sebastian, but it is rumored that she will soon leave for Bon, in the department of the Lower Pyrenees.

Official despatches from Madrid make the following statements: The insurrection has been suppressed in the city of Granada. A battle was fought which lasted two hours and resulted in the defeat of the rebels. The disloyal movement is confined to the Province of Santander and the cities of Malaga and Seville.

Letters from Cadix say the citizens there have taken no part in the rebellion, and business has not been interrupted.

THE BRAND OF CAIN.—A remarkable fact is reported from Servia. The father of the four men named Radovanovitch, who were shot for complicity in the assassination of Prince Michael, was ejected every commune in Servia, and ultimately found his way into Hungary. There he was refused the privilege of residence by no fewer than twenty-six Hungarian towns; he was driven from one place to another, and on several occasions could not procure bread even by payment. The unhappy man has asked the Servian Government for a passport to Roumania.

PUFF. PUFF. PUFF.

THE Man from the Rural Districts, better known as THE FERGUS PUFF BAG, has got off, as I suppose, a good thing by quoting part of an advertisement of mine, and commencing thereon. The public will note the fact that there is no comment on the latter portion of said paragraph, which I will again repeat:

The Kingston Penitentiary Boot and Shoe Store does not pretend to Manufacture Boots and Shoes, neither do we import Goods and palm them off on the public as Home Made.

The Wellington Shoe Factory advertises to sell none but Goods made in Guelph, which is sheer Humbug. Or why expose Toronto and Montreal Goods for sale? It won't do Mr. John A. If there are any honest men in you, and you have any good articles in your establishment, give the credit to those who manufacture them, not to the one-horse affair you call a Manufacture, consisting by the way, of four men and boys, three girls and a few bits of machinery, "not forgetting the thing without a coat."

For Stylish, Cheap and Durable Boots and Shoes, go to the Kingston Penitentiary Boot and Shoe Store.
