CAPTURE OF A BEAR NEAR OWEN SOUND.

Several of the farmers residing in the Township of Sullivan, about three miles south of Desboro, had a very exciting bear hunt on Saturday week. Two of them were walking along the road, accompanied by some boys, when a large bear came out of the bush a short distance in front of them. They had no weapons, and immediately procured a gun from a neighbor and started in pursuit. Their dog tracked the animal into the bush again, and in a short time Bruin came out about twenty feet from one of the party, leaving the dog behind. The farmers were so astonished at this "new departure" that the gun was not fired until the bear was nearly out of sight. Two other neighbors now arrived with a gun, and the whole party giving chase came upon the monster and shot at him. The wound had the effect of making him rush towards the party, but he soon turned to one side and dropped dead. He was carried home on the brawny shoulders of the victors, who found that their captive weighed about 450 lbs. and measured 7 feet from tip to tip and 39 inches around the chest. He was very poor, however, and the only thing required to satisfy the proud conquerors was that he should have been better fed.

COUNTERFEIT COMING IN OWEN SOUND.

The charge brought by Argus McArthur against Robert Taylor of Owen Sound for counterfeit coinage, has resulted in a considerable amount of confusion. The monies were founded on the discovery of Taylor, which were designed to produce counterfeit twenty-five and fifty cent pieces. Taylor was arrested, and shortly after, three informations were laid against McArthur for forgery of notes of hand, which resulted in his arrest also. The examination of the accuser and the accused took place on Friday, 12th inst. and was continued on Saturday, and both Taylor and McArthur were committed for trial on the separate indictments. McArthur then laid informations against Randal Bentley and William Bond on a charge of being partners in the misdoings of Taylor. They were admitted to bail, however, and their examination was appointed for Thursday last. The case excites considerable attention in the vicinity, and it is now sufficiently complicated to keep the lawyers busy. For the sake of the country's morality, we trust the charges will be unstained.

BE WISE.—Too often a cold or slight cough is considered a very ordinary, trifling affair, just as well left to go as it came, and hence systematically neglected until a simple curable affection is converted into a serious pulmonary disease. The more prudent, aware that a cough or cold should never be trifled with, promptly use "Bryan's Pulmonic Wafers," which have sustained their reputation for over 30 years.—They are always efficacious, and exert a most beneficial influence on all the bronchial and pulmonary organs. Sold by all Druggists and country merchants. Price 25 cents per box.
