Proclamations From Yuan Shi  
Kai Tell of Difficulties Gov-  
ernment Experienced.

[Canadian Press.]

Peking, Nov. 5.—The struggle between the Chinese Parliament and President Yuan Shi Kai has brought about drastic action by the president, which, in the opinion of many, will have a serious effect on parliamentary government.

Lengthy presidential proclamations were issued at midnight expelling the Kwo Ming Tang party, numbering more than 300 members from parliament. The proclamations recount the difficulties with which the Government

Had Itching Piles  
for 27 YearsOFTEN LAID UP FOR DAYS AT A  
TIME—A WONDERFUL TRIB-  
UTE TO DR. CHASE'S  
OINTMENT.

Few people were ever more enthusiastic in praising Dr. Chase's Ointment than the writer of this letter. When you read the description of his case you will not wonder why. Mr. John Johnson, Coleman, Alta., writes: "Three years ago I was cured of blind, itching piles of 27 years' standing by using Dr. Chase's Ointment. I used to think that death would be the only relief I would ever get from the terrible misery of piles. Often I was laid up for three days at a time, and at other times worked when I should have been in bed. "Dr. Chase's Ointment is worth sixty dollars a box instead of sixty cents. I am a different man since using it. I am farming all the time, and never miss a day. Words fail to express my gratitude for the cure this ointment made for me. I cannot tell half as much about it as it deserves. Anyone doubting this can write direct to me." Dr. Chase's Ointment, 60 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

has been struggling since the Manchurian regime, and describe disasters which are certain to follow if parties, such as the Kwo Ming Tang, are permitted to exist.

The Kwo Ming Tang party was formerly headed by Dr. Sun Yat Sen, the first provisional president of China, who is now in exile, but during the recent rebellion was required by Yuan Shi Kai to dismiss its southern leaders. Nevertheless, members of the party continued to fight in parliament for the curtailment of Yuan Shi Kai's authority.

A crisis in the situation was reported last week when the draft of the proposed constitution made the president absolutely dependent upon the parliament. Martial law is in operation in Peking; the authorities are engaged in making arrests, and summary executions, which have been numerous since the rebellion began. It is understood, will continue. Preparations are under way for the older statesmen who served under the Manchus to resume their position in the cabinet.

At various legations the opinion is held that only by strong action can the president prevent the disruption of China by her own people. Very little has been accomplished by parliament, which has devoted its time to opposing the president since it convened, while disorders are spreading.

FOUND HIS BROTHER  
THROUGH MOVIE FILMToronto Man Saw Him at Pic-  
ture Show and Wrote  
For Address.

Denver, Col., Nov. 4.—Moving pictures of the Denver Motor Club's recent hill-climbing race at Mount Falcon were the means of reuniting "Bill" Turner, of Denver, and A. E. Turner, of Toronto, Canada, brothers, who have been separated for several years.

"Bill" Turner, a factory mechanic, won the race, Governor Ammons, who saw the race, shook Turner by the hand at the finish, and a "movie" camera man caught the handshake on his film. Weeks passed off, the film made part of one of the animated weeklies, and was shown all over the country. Last Thursday in Toronto, A. E. Turner, wandered into a "movie" theatre. Suddenly a picture of his brother "Bill" was flashed on the screen. "Bill" was shaking hands with the governor of Colorado. A. E. Turner, younger of the brothers, ran away from his eastern home seven years ago. He drifted about the country and lost track of his family, and finally settled in Toronto. "Bill" Turner, the Denver man auto man, has made several unsuccessful hunts for his younger brother. Tuesday, when a letter from A. E. Turner reached Governor Ammons, it was found that "Bill" Turner had started on a trip to the coast. His wife, 1629 Clarkson street, Denver, said, however, that she would notify her husband at once by telegraph, so that a meeting between the long-separated brothers may be arranged.

## "Rob Roy."

"Rob Roy," which will be given at the Grand Opera House at matinee and night performances on Saturday, will not prove disappointing to a Scotchman. There are frequent snatches of real Scotch music, plenty of bagpipe melody, plaids that bring to memory some of the most famous clans in Scottish history, two Scotch lassies bonnie enough to fill one's ideal of fresh-faced charms, bare knees, sporrans, plaids, Scotch bonnets, and brave Highland lads and are not spoiled by those inveterate "up-to-date-isms" which mar many a good thing. In "Rob Roy" we have the most charmingly ideal picture of Highland life, and no one in history affords so excellent a theme for a marvellous picturesque stage setting as the days of "Rob Roy." The opera's score is full of comedy, dry, droll wit and humor. Seats now on sale.

## "The Quaker Girl."

"The Quaker Girl," the famous musical hit of three continents, having enjoyed a season's run in New York, comes to the Grand Opera House on Tuesday and Wednesday evenings. John P. Slocum is sending the entire company here of over 80 singers, headed by Victor Morley, who will play Tony Chute, the role of the young American, who sings and dances his way into the heart of the Quaker lass during three acts of wonderful and amusing entertainment. Not much need be said of the history of this musical hit of three continents, as most people know that it ran two years in London and a year in Paris before coming to America, and is now being played in Australia and South America. Seat sale opens Friday at 9 a.m.

## Y. M. C. A. Affiliated Lecture Course.

On Saturday evening Dr. William A. Colledge, F. R. G. S., an author and educator of world-wide travel, will give one of his famous lectures, "Second Fiddles," in the Auditorium. This lecture is an inspiring, forceful, and practical presentation of the possibilities and limitations of human endeavor—a phase of life in which most people are interested, and is brimful of the experience and observations of a scholar and man of affairs. Not a dry discussion of facts, but an entertaining and lively presentation of great truths, with a rich vein of humor running through the entire lecture.
