

FOE EXPERIENCES THIRD FAILURE IN ATTACK ON BRITISH

LONDON, May 12.—8:35 p.m.—An official communication, giving a report of Field Marshal Sir John French, dated May 12, was issued tonight:

"East of Ypres, last evening, we repulsed another German attack south of the Menin road. This was the third costly failure experienced by the Germans at this place yesterday."

"Elsewhere along the front there is no change in the situation."

VIOLENT FIGHTING CONTINUES.
PARIS, May 12.—10:23 p.m.—The following official communication was issued tonight:

"The fighting to the north of Arras continues with extreme violence. During the course of last night the enemy reinforced, delivered several counter-attacks, which, however, were without result."

"In that directed against Neuville St. Vaast, our opponents suffered particularly heavy losses. We found in the cemetery alone, more than 200 bodies of Germans, and we took about 100 prisoners."

"A second attack, between Carency and Ablain, was likewise repulsed. A third, from the direction of Ablain was also completely checked."

"This morning we made progress in the wood to the east of Carency, taking 125 prisoners. The progress continued in the afternoon. We have, besides, taken three successive lines of trenches bordering the wood to the north of Carency, after which we penetrated the wood, thus threatening very closely the last line of communication which remains open to the defenders of that position."

"Finally, we have taken a new part of the village, capturing there 400 prisoners."

"In the afternoon we attacked that section of Neuville St. Vaast, which the enemy still holds, and fighting in

the streets gave to us the mastery of several groups of houses. Our progress here continues."

"The total number of prisoners made by us since Sunday, had reached, this evening, 4,000."

"On the rest of the front we brought to a sudden halt by our fire, three German attacks—near Berry-Au-Bac, Beauséjour and Marie Therese Bagatelle."

GERMAN REPORT.

BERLIN, May 12 (via London, 5:58 p.m.).—The German army headquarters today gave out a report on the progress of hostilities, which reads as follows:

"Aviators of the enemy yesterday dropped bombs on Bruges without doing any damage, from a military point of view."

"East of Ypres we took an important hill. Dunkirk was bombarded by our artillery. East of Dixmude we shot down a British flying machine."

"Trenches taken by the French during the past few days, between Carency and Neuville, north of Arras, are still in their possession. Otherwise, all the attempts of the enemy made yesterday to break through our lines were in vain. His attacks were confined chiefly against our positions to the east and southeast of Vermelles, in the Lorette Hills, and at the villages of Ablain and Carency, as well as against our positions to the east and southeast of Arras."

"Other advances broke down with very heavy losses to the enemy. An attempt by our opponents to take Hartmans-Weerkopf again resulted in failure. It is a fact that after vigorous preparations by artillery, French Alpine chasseurs penetrated into the blockhouse situated on top of the hill, but they were immediately thrown out again."

ROME CORRESPONDENT SAYS ITALY HAS DECIDED ON ACTION

[Canadian Press.]

GENEVA, via Paris, May 12.—1:25 a.m.—The correspondent at Rome of the Journal de Geneve says he is able to affirm that Italy's intervention in the war has been absolutely decided upon. "The Government," the correspondent adds, "shortly will take steps which will leave no doubt about Italy's intention, and when the cabinet appears before Parliament May 20 that body will ratify an accomplished fact."

The Austrian Government has issued an order that all Austrian ships in Italian waters proceed at once to Trieste or Pola.

Germans arriving in Switzerland from Italy say it is no longer safe to speak German on the streets of Milan or Turin. They say that several Germans have been handled roughly by crowds. Two are reported to have been nearly lynched at Brescia.

PANIC SCENES ON BORDER.

LONDON, May 12.—2:30 p.m.—The Evening News has received a dispatch from its correspondent at Lugano, in Switzerland, not far from the Italian frontier, who says that scenes of indescribable panic are occurring on the border. Several thousand Italians are waiting for trains to take them back to Italy. At Udine, in northeastern Italy, the mayor of the city is providing temporary accommodations for the increased population.

Italian steamers, the correspondent continues, are bringing from Zara, in Dalmatia, hundreds of Austro-Italians who are fearful of reprisals at the hands of the Austrians.

BASEL, Switz., May 12.—The Swiss Government is today sending more troops to points on the southern frontier of the republic, especially to Lugano, because of recent anti-German demonstrations. It is estimated that 10,000 Germans from Italy are in and near Lugano. Local agitators have marched in procession in front of the Lugano hotels, particularly those occupied by Germans, calling out to them insulting phrases. The Lugano police apparently are finding difficulty in dealing with the crowds.

Unstrung, Unsteady Shaky Nerves

MAY BE TONED UP BY
USING
MILBURN'S
HEART AND NERVE PILLS

Mrs. John Harper, Toronto, Ont., writes: "I have used Milburn's Heart and Nerve Pills for the heart and nervous system. I was confined to a grocery store for twelve years, and had to give up business, as I became terribly rundown and nervous, and had heart trouble, and I am sure I am gaining very fast now. I feel that nothing did me any good until I tried your Heart and Nerve Pills, and am positive they will cure me. The nerves of one hand would tremble and then seem to go numb so that I could not write or sew. Now my hand is quite steady, as you can see by my handwriting. This is a big change, which delights me so much, for I thought all was done that could be done. I was about to give up in despair when I tried this last remedy, and even after I had only taken half a box the change started to come."

Milburn's Heart and Nerve Pills will restore the enfeebled, enervated, exhausted, overworked system to full constitutional power.

Price, 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct by The T. Milburn Company, Limited, Toronto, Ont.

INQUIRY HINGES AROUND SON OF MURDERED MAN

Had Never Fired a Gun in His Life, Though They Had One.

WHOSE RIG DROVE HIM?

Jury Is Unable To Place Responsibility For Murder Near Goderich.

[Special to The Advertiser.]

GODERICH, May 12.—The fourth session of the coroner's jury inquiring into the Robert Bean murder was held in the township hall at Smith's Falls at 2 p.m. today. Robert Bean, first witness, said when his mother woke him up on the night of the murder he went to his father's room to find the horse which his father had used that day, one trace and the holdback straps were broken. He helped put the horse in the barn, and then drove over to Col. Varcoe's, and he said they had a gun at the house, but he had never fired a gun in his life.

He and his brothers have been trying to locate the man who drove his brother, Dave, and a bicycle to town and back that night, but without success. Wm. Bean helped his brother to put the horse in that night.

He said he told Constable Whitelaw that it was too bad his brother Dave was out that night.

Gordon Bissett, told of driving home from Smith's Falls Hill and meeting several rigs on the road. He had an idea he had seen a rig with a bicycle in it sometime, but could not swear it was on that day.

David Bean, now sick, Mrs. Bean said her son Dave was sick in bed and Dr. Galloway furnished a certificate to that effect. She said the detectives had been at their place several times and talked to Dave and he also went to town to see the detectives. Her son was a very quiet boy.

Mr. and Mrs. James Glen heard the shot and a rig going up the road which sounded like a heavy rig.

One Wheelman Identified.

Mr. Volmerhouse, of Goderich, was driving home and met a man near Loyal pushing a wheel. He also met another man with a wheel on which there was a light. Robert McIlwain said he was riding a bicycle that night with a light. Mr. E. Patterson, who found the body, told of meeting two men going to the house where he had seen the tracks of the rig going to the ditch where the body was found and out again a little farther on.

Connecting Up "Crime."

Bert Varcoe told about the time he left Smith's Falls, arriving home in about four minutes, and thought he was only home about five minutes when he heard the shot fired. Mr. Durran, of Duncannon, left Goderich at 9:30 and met Varcoe's car at Smith's Falls about 20 minutes to 11 p.m. He arrived home at 11:30.

Thos. Gundry, county constable, who has been looking for the man whom David Bean claimed drove him into town, but has failed to find him. He also drove over the road with the horse

Those words will run round the world in a way no millionaire's millions could ever do."

CRISIS MAY FOLLOW GERMANY'S INSULT TO CHILEAN PEOPLE

Kaiser Has Blundered Into Tight Corner—Attempts To Dictate.

[Canadian Press.]
NEW YORK, May 12.—A London cable to the Times says: "German diplomacy has blundered into a situation which may prove almost as acute as, though different in kind from, that caused in the United States by the sinking of the Lusitania. Diplomatic secrecy is being strictly maintained pending the change of communications, but it is learned on excellent authority that these latter have taken such a tone that the severance of diplomatic relations between the two countries concerned is considered highly probable."

"The incident began with Chile's acceptance of the British apology for the sinking of the Dresden in territorial waters. Berlin resented this acceptance and conveyed its dissatisfaction to Santiago in terms which the Chilean Government considered insulting and constituting an unwarrantable interference with the sovereign rights of the country. Chile responded by what was prac-

DETROIT WITHOUT STREET CARS TODAY

Conductors and Motormen Strike Over Dismissal of One Employee.

[Canadian Press.]
Detroit, Mich., May 13.—Not a city street car was being operated in Detroit at 7 o'clock this morning as the result of a strike called by Detroit United Railway conductors and motormen because of the company's refusal to reinstate a motorman who had been discharged for alleged carelessness in the handling of his car. The strike vote was taken during the early morning hours and was practically unanimous.

Although the walkout had been threatened for 24 hours, thousands of factory employees and downtown workmen, who had depended on the street cars, were from one to three hours late in reporting at their work. No disorder was in evidence when the men took their cars to the barn on the final run. Extra squads of police were called out, however, and steps taken to quell any disturbance which might arise.

Early today the D. U. R. officials refused to make any statement as to what action they would take. They declared, however, the men had violated terms of their working agreement with the company, in that they had not first submitted their case for arbitration. The men, on the other hand, declared that the company had repeatedly violated its side of the working agreement, and that while the case of the discharged motorman led directly to the strike, other factors, including unsatisfactory working conditions, induced them to walk out.

Peter Whaling, the discharged motorman, led directly to the strike, other factors, including unsatisfactory working conditions, induced them to walk out.

At the end of a demonstration, six more divisions appeared on this front where our army was tremendously outnumbered."

Seized With Paralysis Could Not Walk

Most Extraordinary Cure Effected by the Use of Dr. Chase's Nerve Food.

To have the nervous system paralyzed, to be unable to walk and scarcely able to talk, and then to be completely cured, is not a usual experience, but Mr. Hyatt tells in this letter what he passed through. Doctors told him his case was hopeless, and when they gave up he turned to Dr. Chase's Nerve Food and obtained complete cure.

Mr. Avery Hyatt, blacksmith, St. Ann, Lincoln County, Ont., writes: "I am a blacksmith by trade, and ten years ago became afflicted with paralysis. I could not walk or read or write, and could talk with difficulty, so that it was a hard matter to understand anything I would say. Being only a young man, I was nearly discouraged. Two doctors told me it was brought on by overwork, and that my case was hopeless."

"One day my father read about Dr. Chase's Nerve Food, and advised me to try it. I bought 12 boxes, and when the fifth was used I saw that I was getting better. By the time the 12 boxes were used I was cured. I am well and strong and working every day, thanks to Dr. Chase's Nerve Food."

This statement is certified by Mr. Elmon J. Hodgkins, J. P.

No ailment is more dreaded than paralysis. And yet how few people realize that paralysis of the nerves is only the natural result of neglected nervous troubles.

At first you do not sleep well, have nervous headaches or indigestion. Finally you feel irritable and annoyed, can hear noises which in good health you would never notice. You do not consider yourself sick, and yet you lack the usual energy and vigor and feel out of sorts.

Restore the nerves by using Dr. Chase's Nerve Food. Fifty cents a box, 6 for \$2.50. All dealers, or Edmanston, Bates & Co., Limited, Toronto.
