FATE OF PRESIDENCY

dent's vote has been heavy. Both party managers claim the state.

A Dramatic Race.
In Minnesota the most dramatic race of all was being run by hour.

During yesterday President Wilson's lead of 10,000 slowly melted down before the Hughes vote from the rural districts, until it was wiped out. Then the Wilson vote began coming in again only to be offset by a Hughes burst, and so the contest whirled—saved all night, with first one ahead and then the other.

North Dakota. Mr. Wilson had a lead of over 1,000 votes on the latest returns from North Dakota, with nearly 200 districts unreported. Both party leaders claimed the election.

With the count half in from New Mexico, Mr. Hughes had a margin of less than 200 votes over President Wilson. Returns from far outlying districts are expected to come in slowly today.

The latest returns from Washington today apparently carried the state into the Democratic column.

President Wilson had a lead of over 3,000 votes on the latest figures, with about 500 districts missing.

Idaho was taken from the doubtful column at an early hour, and again given to President Wilson, who had a lead of over 13,000 votes on the last night's returns, with less than 200 districts have not reported.

Mr. Hughes has a lead of over 3,500 votes on the returns early today from West Virginia, with only about 400 districts unreported.

Will Demand Returns.
Returns from the missing districts in doubtful states were anxiously sought by the campaign managers at both Democratic and Republican headquarters today. Both sides claimed election of their respective candidates.

Both sides claimed that plans were being made to demand returns, and in some cases to carry the contest into the courts. Numerous conferences have been held, and there were unconfirmed reports that Chairman William R. Wilcox, of the Republican national committee, after talking over the situation with the Hughes leaders, had advised national committee members in certain states to engage counsel in event that recent proceedings might be instituted.

It is commonly stated that recent proceedings will be instituted in all doubtful states.

Chairman McCormick did not make any statement, but he is believed to be in a position to take any legal action that might be necessary. Quo warranto proceedings looking to a writ of New Hampshire are already under way.

An eleventh-hour development in the election situation came this morning when the New Hampshire returns were received. The state was given to Hughes, but only after a long fight.

The possibility of a split in the electoral college in California was discussed here today.

BOTH CONFIDENT.

METHODISTS GETTING READY FOR CHURCH UNION NOW

TORONTO, Nov. 8.—The Methodist General Conference special committee today appointed a committee to outline a policy for the foundation of union churches. Where there are two weak churches which desire to unite the weaker one must lose its identity and become merged into the stronger of the two. That would be the union church under the wing of the stronger denomination. If, however, neither of these two weak churches wants to relinquish its identity they may cooperate by having one pastor, who may be either a Presbyterian, a Methodist or a Congregationalist.

today, and 1,519 precincts are yet to report. Leaders of both parties are confident of victory.

After yesterday's rapid changes, the returns early today began to lag, and for several hours nothing was received at election headquarters.

NORTH DAKOTA FOR WILSON.
[Canadian Press.]

Fargo, N. D., Nov. 9.—After swinging first to one candidate, and then to the other, North Dakota, on the returns received early today gives Wilson a lead of 248 over Hughes with 179 precincts unreported.

Leaders of both parties are claiming substantial majorities in the missing precincts.

The returns from the missing precincts are coming in slowly.

STILL DOUBTFUL.
Albuquerque, N. M., Nov. 9.—New Mexico remained in the doubtful column early today. Charles E. Hughes led President Wilson by less than 300 votes in 326 precincts with returns missing from the remaining 200.

Leaders of both parties are claiming substantial majorities in the missing precincts.

The returns from the missing precincts are coming in slowly.

IDAHO'S CONTEST.
Boise, Idaho, Nov. 9.—President Wilson, maintained a substantial lead over Hughes in Idaho early today.

Returns from 552 of the 743 precincts gave Wilson 53,467 votes, as against 46,255 for Hughes. The race for governor still was in doubt, although the incumbent, Moses Alexander (Democrat) was leading by 1,237 over Davis (Republican).

OREGON REPUBLICAN.
Portland, Ore., Nov. 9.—Returns representing approximately 95 per cent of the state of Oregon, today showed a lead for Hughes for president of 6,272 votes. The returns included figures from every county except one. It was estimated that the missing precincts would not materially affect the result. The figures were: Hughes, 105,598; Wilson, 99,326.

Seattle, Wash., Nov. 9.—Revised returns from 1,880 precincts of 2,385 in Washington today gave Hughes 133,225, Wilson 148,406.

STUART IS GOVERNOR.
Helena, Mont., Nov. 9.—President Wilson carried Montana by approximately 20,000 plurality, according to returns compiled today from nearly 100 precincts.

The state of Montana was taken by Stuart (Democrat) was re-elected governor over Frank J. Edwards by more than 5,000.

Alaska has adopted prohibition by a substantial vote.

ERRORS IN REPORTS.
Concord, N. H., Nov. 9.—With returns completely and partially verified, officially, Wilson led in New Hampshire this morning by 93 votes, according to Secretary of State Edwin C. Bean. Discrepancies of errors in official reports were a factor in reversing the lead which Hughes had last night, he said. Mr. Bean said returns from 120 of the 674 precincts were held under guard until further change the result.

PARIS INTERESTED.
Paris, Nov. 9.—The American election is being followed with the deepest interest. The morning paper commentators, mindful of the dramatic surprise of yesterday, when the supposedly Hughes victory was turned into a possible defeat, are reluctant to commit themselves.

The majority of the comments is similar to that of Stephen Pheon, in the Paris Journal, who expresses the belief that the victory of either candidate will have little effect on American policy as far as the big questions interesting to France are concerned. It is also pointed out that the present administration will remain, in any event, in power until March 4, and that many things may happen between now and then.

Paris remarks that while a victory for Mr. Hughes might mean a more vigorous international policy it would also mean a protectionist regime. The Paris press comments that this, while unimportant in time of war, might be awkward for French business interests in the return of peace.

FOUR MORE DRY STATES.
CHICAGO, Nov. 8.—Oliver W. Stewart, national prohibition campaign manager, in a statement on results on prohibition in the various states, today said:

"Returns indicate that the drys have won four states—Michigan, South Dakota, North Dakota and Minnesota. We saved Arkansas to the array of nineteen dry states with which we entered the campaign. The election of Hiram B. Hoegs as governor of Utah, a Democrat, favoring prohibition, I think, means prohibition by statute out there. There are presently pleased with the victory for woman's suffrage in South Dakota, for that means the election of officials who will make the prohibition law effective."

READY FOR RECOUNT.
NEW YORK, Nov. 8.—Attorney-General Gregory went into conference with Chairman McCormick at Democratic headquarters this afternoon. No statement was made as to the subject of the conference, but reports were current that the question of investigating the count in New Hampshire and other doubtful states was under consideration.

300,000 SOCIALIST GAIN.
CHICAGO, Nov. 8.—Carl D. Thompson, national manager of the Socialist party, in a statement made today, said:

"In 1912 the Socialist party polled 300,000 votes. This election the returns show that we have polled about 600,000. While this gain of the party vote cast by our party is not as great as we had hoped, we are satisfied with the general result."

"We believe we have elected about 35 members of the legislature in 21 states. In Minneapolis we elected our candidate for mayor, Thomas H. Van Duyn. In Milwaukee we appointed a Socialist to the city council."

"In Vermont we elected one member of the legislature. This is the first time a Socialist has ever been elected to a state office in that state."

"We expected to elect seven or eight congressmen, but apparently we have elected none."

POINT REACHES GOAL.
BRANFORD, Nov. 8.—The Point Edward British Red Cross committee has reached the objective in collections for the fund, namely \$500. The committee is well pleased with the results, and had little trouble in collecting same.

FORMER GUELPH MAN MUST PAY \$4,000 TO CLEAR \$3,000 DEBT

Business Is Ordered Sold to Cover Judgment for Killing Man.

WALKERTON, Nov. 8.—The assizes open here today before Mr. Justice Boyd with H. G. Lucker as crown prosecutor.

The judge remarked upon the freedom from crime of Bruce County.

The most interesting case was against P. Spofford, a traveler who resided in Guelph, against whom there is a judgment for \$3,000 for having killed a man last year with his auto. Spofford bought a drygoods business in Paisley, his son after the original action was entered, but claimed the business was his son's.

The business was seized upon an execution, and it was to establish the ownership of the business, which is the foundation of the present trial. The judge held the business belonged to the father, and ordered the business sold to satisfy the claim.

The result will be that with costs Spofford will have to pay over \$4,000.

A verdict was given against W. T. Holmes of Walkerton, who was found guilty of the murder of a man last year with his auto. Spofford bought a drygoods business in Paisley, his son after the original action was entered, but claimed the business was his son's.
