Special to The Advertiser.
New York, Jan. 24.—The stock
market today developed traits which
it has not exhibited for a leng time past. It favored the railway shares at the expense of the industrials. The ordinary reading of this change of procedure would be that railway stocks were being taken up in order to help the pools and other large reconstitute interests to unload their speculative interests to unload their holdings of industrials.

It is doubtful whether this was the case in the present instance, but at at all events railway shares have suddenly come into favor, while the industrials have been suffered to lag

WALL STREET

New York, Jan. 24.—Noon—There was a sustained demand for railroad shares during the morning, more than a dozen issues gaining one to nearly two points above last night's closing quotations. Certain speculative industrials, particularly the domestic oll. food and merchandising shares, were subjected to pressure and profit-taking, but the losses were generally held around a point. There were several exceptions to the reactionary tendency in industrials, notably United Retail Stores, Tobacco Products B, Cerrode Pasco, Pittsburg Coal and American Ice, all up 1 to 2½ points. Beechnut extended its loss to 3½ points, Allied Chemical to 1½, and Studebaker to 1.

Trading was relatively quiet during the morning. Call money opened at 4½ to 1. WALL STREET

Winnipeg, Jan. 24.

The opening, which ranged from 1/2 to 1/2 lower, was followed by a rise to weil above yesterday's finish.
