RAILWAYS LEAD IN UPWARD MOVE

Wall Street Trading Characterized by Sensational Advances in Many Lines.

Associated Press Despatch.

New York, Nov. 12.—A precipitate drop of 6 points in Davison Chemical to 81½, the lowest for the year, caused hasty unloading by traders, who had good profits in other stocks, under which a number of shares yielded from 1 to 3 points under yesterday's final figures. Subsequent buying of Sears-Roebuck, Mack Truck, Marland Oil, Central Leather preferred, Texas-Gulf Sulphur, Schulte, Northern Pacific and Great Northern preferred checked the general decline.

Associated Press Despatch.

New York, Nov. 12.—Trading on Wall Street proceeded at a furious pace throughout this morning, with the main trend distinctly upward. A tremendous volume of profit-taking took place, particularly in the rails, and some of the recently strong industrial specialties, but the proceeds apparently were reinvested in other stocks in which the advance had not reached such large proportions, speculative interest constantly shifting from one group to another. Davison Chemical broke 3½ points, and American Can 2½, but General Electric, Allied Chemical and United States Cast Iron Pipe developed marked buoyancy. The number of new 1924 highs crossed the 30 mark before noon. Sales totaled nearly 900,000 shares at 11:30 o'clock.

Call money renewed at 2 per cent.

Realizing sales were particularly large in the railroad shares. The list of new highs embraced a wide variety of issues.

Commodity markets turned reactionary. Wheat broke about 3½c a bushel, corn dropped 2c and coffee sold off 15 to 17 points. The cotton market opened steady. Refined sugar dropped 25 points.

Foreign exchanges also went lower, demand sterling dropping 1¼c to $4.59¾, and French francs dropping about 5 points to around 5.28½c.

HAY AND STRAW

Toronto, Nov. 11.—Hay, No. 2 timothy, per ton, $14.50; No. 3, $12.50.

Straw—Per ton, $9.

Canadian Press Despatch.

Montreal, Nov. 11.—Extreme dullness marked the trade in baled hay, although the trend was steady. No. 2, per ton, carlots, $14 to $14.50.

POTATOES

Montreal, Nov. 11.—Potatoes, per bag carlots, 70c to 75c.

BUTTER AND EGGS

Montreal, Nov. 11.—The feature of the butter trade was the easier feeling that developed, and prices declined ½c per pound, which was attributed to the limited demand from all sources for supplies and the liberal stocks available.

Butter—No. 1 pasteurized, 34½c to 35c; No. 1 creamery, 34c; seconds, 32½c to 33½c.

Eggs—Storage extras, 46c to 47c; storage firsts, 42c; storage seconds, 36c to 37c; fresh extras, 60c; fresh firsts, 45c to 46c.

Montreal, Nov. 11.—At the Quebec agricultural co-operative society auction sales here today there were 500 packages of creamery butter offered, of which 200 packages No. 1 pasteurized creamery sold at 33⅝c per pound and 300 packages No. 1 creamery at 32⅞c.

New York, Nov. 11.—Butter firm; receipts 10,021. Creamery firsts, 33¼c to 40c.

STANDARD EXCHANGE

Canadian Press Despatch.

Toronto, Nov. 12.—Heavy selling activity in Tough Oakes, which brought it down to a loss of 5 points, was the chief cause of the heavy trading on the Standard mining exchange this morning. Ninety thousand shares of Tough Oakes changed hands. Lorrain, ¼c lower at 17¼c, Atlas unchanged. Kirkland Lake 2½c higher at 21c, and Beaver up 2c at 19½c, were other prominent features in the unsteady market.

EVERGREENS CUT DOWN TO PREVENT MISHAPS

Row of Trees on South Side of Pipe Line Road Endangered Motorists.

As a result of orders received from Westminster township officials, the long row of evergreen trees on the south side of the Pipe Line road west of the Wonderland side road has been levelled to the ground. The trees stopped the snow from blowing over the road in the winter months, which made dangerous pitch holes for some 300 yards.

The trees also obstructed the view of motorists approaching the Pipe Line from Brick street on the Wonderland side road. Several near accidents were averted by inches at that particular corner last summer, residents of the neighborhood state.

MIDDLESEX COUNCIL DELAYS PARLEY DATE

December Meeting Postponed Week to Allow Engineer to Complete Report.

Middlesex county council will not meet on the first Monday in December as scheduled, but will meet the following Monday, December 8, County Clerk John Stuart announced today.

The postponement was made in order to allow County Engineer Talbot to close his books for the year and get his report in shape for presentation to the council.

The road work account will be closed on November 28 as usual, and no payments by the county treasurer will be made after that date until January 1, Mr. Talbot stated.

"As a rule, the first Monday in December does not fall until around the 5th or 6th. This year it falls on the first of December, and we couldn't have our report ready by that time," said Mr. Talbot.

WELL-ATTENDED OPENING.

Mayor G. A. Wenige, Ald. Ed. Hayden, and other members of the council have signified their intention of motoring to Kitchener on Saturday to take part in the official opening of the new city hall there. Supporters of the move to get a new city hall for London assert that there is nothing finer in Canada than the Kitchener edifice which has been put up by the enterprizing municipality in Waterloo county.

NO TAINTING.

According to Dr. Tamlin, city inspector of dairies and cattle, little tainting of milk through the feeding of turnips has been reported this autumn. Some farmers find turnips a convenient form of ensilage for their cattle, but milk from turnip-fed cows frequently has an unpleasant taste.

BRUCE DEMANDS POLICY RIGHTS

Australian Premier Declares Country Should Be Consulted in Foreign Plans.

Associated Press Despatch.

Sydney, Australia, Nov. 12.—Premier Stanley M. Bruce, in a speech at Dubbo, New South Wales, in which he discussed Australia's present position in the British Empire, said if Great Britain or any other part of the empire was attacked Australia automatically would be at war. Therefore if Australia were liable to be attacked because of her connection with the empire, the Dominion demanded the right to be consulted in the framing of the empire's foreign policy, he said.

"I have the greatest respect for the English statesmen," Premier Bruce continued, "but in no circumstances would I agree to place Australia, bound hand and foot, in their hands in so far as foreign policy is concerned. Affairs in Europe or elsewhere that may affect Australia we demand that we shall be consulted."

MARTIN ADDRESSES ONTARIO POULTRYMEN

Attendance at Annual Winter Fair at Guelph Up to Other Years.

Canadian Press Despatch.

Guelph, Ont., Nov. 12.—Yesterday's attendance at the winter fair was almost equal to the high mark of preceding years. Today the championship Clydesdale classes are being judged, and the competition for the honors here is keen, the animals being of particularly high quality. Judging of thoroughbreds and ponies will also take place at the day's proceedings, as well as the class of heavy-draught teams in harness. Tomorrow will be the last day of the fair, and it is expected there will be the largest attendance of the week. Features of the day will be the sale by auction of prize-winning beef, mutton and pork carcasses, the competition always being keen for these as they are purchased for the Christmas trade. The show closes with a grand boxing and wrestling tournament between the students from the university and the O. A. C.

Last night, Hon. J. S. Martin, minister of agriculture, addressed the poultrymen, giving them every encouragement to continue their great work, convincing them that the government was deeply interested in their success.

Amundsen Will Abandon Drift

Explorer Finds Plan of Staying in Ice Floe Impracticable.

Associated Press Despatch.

Christiania, Nov. 12.—The Norwegian explorer, Otto Sverdrup, told the Berlingske Tidende today that the latest message he had received from Raoul Amundsen's exploration ship, the Maud, was "unfavorable." He expressed the fear that the plan to drift past the North pole in the Arctic ice floes would have to be abandoned.

Dr. Fridtjof Nansen, the Arctic explorer, said he interpreted the message from the Maud to mean that the vessel was abandoned the drift and is now trying to get back to Bering Strait. He thinks the Maud has exhausted her oil supplies and must depend on her sails to reach safety.

Grain Markets

WINNIPEG

Canadian Press Despatch.

Winnipeg, Nov. 11. — Strength displayed at Chicago and Liverpool on Monday, when the Winnipeg market was closed, sent prices upward here the opening here today, initial quotations being 2c to 3½c higher. In the early rush of buying, and later satisfied the market eased off, the close showing 1¾c lower for November, ⅝c lower for December, and May unchanged.

Exporters and shippers were good buyers at the start, but liberal offerings by elevator companies and profit-taking brought the market down. The buying power was weak.

The future coarse grains all opened strong in sympathy with wheat values, but weakened later on light trade. At the close oats lost ⅜c, barley ⅜c to ⅞c lower, and flax unchanged. Interest in cash wheat came out for the lower grades, particularly 5 and 6, and premiums were advanced as much as 3c in some cases.

There was only a small demand for the cash grains, with little change in prices. Canadian crushers and exporters were taking all the top grade flax available at ½c over the November price, while the low grades were also in demand.

Cash prices:

CHICAGO

Associated Press Despatch.

Chicago, Nov. 12.—With reports at hand telling of general rain in Argentina, wheat underwent a decided setback in price today during the early dealings. The fact that Liverpool quotations had undergone a sharp decline yesterday, while American exchanges were closed, gave a further emphasis to the initial weakness of values here. Important new buying, largely the result of standing orders, developed on the downturn, however, and the market became firm, making a rally. Breaks in the prices were also affected by a fall which ranged from 1c to 3½c lower, was followed by rallies of 1c to 2c in some cases.

Corn and oats were chiefly governed by sympathy with wheat. Prices declined, and after opening ¾c to 1¾c lower, the corn market recovered some of the loss.

Oats started at ¼c to 1⅛c lower, and later held near to Monday's finish.

Futures opened:

Wheat—Dec. $1.50⅛; May, $1.57⅞.

Corn—Dec., $1.09⅜; May, $1.14⅛.

Oats—Dec., 51¼c; May, 56c.

FLOUR

Canadian Press Despatch.

Montreal, Nov. 11.—There was a good demand from English importers for supplies of spring wheat grades of flour. While a firm feeling prevailed in the millfeed situation, no actual change occurred in prices. The volume of business was fair.
