The object in view by those who invited the delegation is to secure a grant of \$5000 for the equipment of the college, which is a standard by students from all parts of Canada, from Nova Scotia to British Columbia, on the voil untray principle. They seek affiliation with Toronto University, on the ground that they have professors and students fit for the best work in their departments. 246 THE UNIVERSITY SENATE.

Star Chamber Last Night.

The University Senate met last night, Vice-Chancellor Mulock presiding and the majority of the members being present. A communication was received from Berlin High School.

eation was received from Berlin High School applying for a local examination at that town.

On motion of Mr. King the application was granted. Dr. Oldright gave notice of motion that the communication of the Women's Medical College asking for affiliation be referred to a special committee.

On motion of Dr. Oldright the Board of Medical Studies was requested to consider whether an undergraduate who has passed the primary examination may complete his medical course by taking honors in the third and fourth years.

cal course by taking honors in the third and fourth years.

Dr. Wilson gave notice that he would introduce a statute regarding Ethnology in the Department of Modern Languages; also, that he would move that the names of Dr. Adam Wright and Dr. Macfarlane be added to the Committee on Medical Education.

On motion of Dr. Wilson a statute received its first reading, which provides for pass and honor chemistry and biology in the work prescribed for junior matriculation.

The proposed statute in regard so the receiving of first-class certificates in lieu of first year or senior matriculation was referred to a sommittee.

might, President F. S. Spence in the chair. Mr. H. M. Graham, seconded by Mr. George Mr. H. M. Graham, seconded by Mr. George Spence, moved that the Executive Committee have 1000 copies of the ward constitution-printed, and that all requisite means be used to push on ward organization. This was carried. Mr. G. B. Sweatuam, Assistant Secretary, presented the treasurer's statement, showing \$102.50 receipts. This sum had been used up in advertising and other expenses. The liabilities are only \$25.75. About 400 members are still owing their subscription fees, and when these are paid up the dub will be in a good financial condition. The chairman read a challenge from the Parkdale Prohibition Club to discuss the question as to whether or not manhood suffrage tended to expedite prohibition. The challenge was accepted, and a committee appointed to arrange details and secure speakers.

Gathering of the Clans. The Gaelic Society gave its last public en-tertainment last night in Richmond Hall, which was so crowded that many were unable to gain admission. Ex-Deputy Chief Mc Pherson, who acted as chairman, opened the entertainment with a Gaelic speech, after which came music. The dancing and bagpipe music of Messra Smith and Munroe pipe music of Messra, Smith and Munroe evoked great enthusiasm, evidently making "Evan's Donald's fame ring in each clansman's ears." The Gaelic Society, as stated by Mr. Spence, is only three years in existence; and it may be said that no other similar institution on the continent can show a record of progress equal to it, if one is to judge by the versatility of talent displayed at its intertainments.
