The Cartridge Exploded.

William H. Pridham, employed with H. P. Davies & Co., 81 Yonge-street, was engaged in loading cartridges on the third floor of the building on Saturday and whiled away the time smoking his pipe. A spark from the pipe communicated to the powder in one of the cartridges, which exploded, and Pridham was badly burned about the face and hands. He was removed to the General Hospital, where his injuries were dressed.

My feet were so badly swollen that I could not wear my shoes. I got Yellow Oil, and to my astonishment it gave instant relief and two bottles completely oured me. Mrs. W. G. McKay, Berwick, Ont. 246

Ottawa, Oct. 14.—The Militia Department is sending out 10 of the new Martini-Metford rifles to each of the principal shooting regiments of the Dominion. Some 23 regiments in all will re-

ion. Some 23 regiments in all will receive them.

The intention is to have the new arm, which Major-General Herbert would like to see in the hands of all the militiamen of the country, thoroughly tested. The rifle has already been well tested as to its merits, but it is impossible for marksmen to make so good scores with it as with the arm they have been used to until they become familiar with it. This limited supply will afford an opportunity for riflemen to practice with it.
