

"Our Personal Advice to all Skin Sufferers"

Taylor & Son, Druggists.

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the effective eczema remedy, you can depend upon it that we give our advice, not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well-known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription.

Again and again we have seen how a few drops of this simple wash, applied to the skin, takes away the itch instantly. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories, of Toronto, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you try this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now.

HIS MEMORY CLEAR.

The Witness Proved to the Lawyer That He Could Remember.

A story is told of an eminent lawyer receiving a severe reprimand from a witness whom he was trying to browbeat. It was an important issue, and in order to save his cause from defeat it was necessary that the lawyer should impeach the witness. He endeavored to do it on the ground of age in the following manner:

"How old are you?" asked the lawyer.

"Seventy-two years," replied the witness.

"Your memory, of course, is not so brilliant and vivid as it was twenty years ago, is it?" asked the lawyer.

"I do not know but it is," answered the witness.

"State some circumstance which occurred, say, twelve years ago," said the lawyer, "and we shall be able to see how well you can remember."

"I appeal to your honor," said the witness, "if I am to be interrogated in this manner. It is insolent!"

"You had better answer the question," replied the judge.

"Yes, sir; state it," said the lawyer.

"Well, sir, if you compel me to do it I will. About twelve years ago you studied in Judge —'s office, did you not?"

"Yes," answered the lawyer.

"Well, sir, I remember your father coming into my office and saying to me, 'Mr. D., my son is to be examined tomorrow, and I wish you would lend me \$15 to buy him a suit of clothes.' I remember also, sir, that from that day to this he has never paid me that sum. That, sir, I remember as though it were yesterday."

A PROBLEM IN FIGURES.

It Scared the Mathematician, but the Women Solved It.

One day a teacher of mathematics went shopping with his wife. He tagged along listlessly from counter to counter until they came to the dress trimmings department, and there he found something in his line. Said his wife to the saleswoman:

"How wide is that gold spangled black crepe?"

"Three-eighths of a yard," said the girl.

"How much is it a yard?"

"Three dollars."

"Well," said the professor's wife, "how much of three-eighths wide material will it take to put four six-inch strips around a two and three-quarter yard skirt that is seven inches narrower at the knees than it is at the bottom, and how much will it cost?"

At the first mention of those figures the professor's head began to reel, and it reeled still more when his wife and the girl got out pencils and paper and began to do their sum. Presently his wife said:

"Here, dear; you know all about mathematics. Help us solve this problem, won't you?"

But the professor said: "Excuse me; I feel faint; I must get a little fresh air," and ignominiously fled.

His wife came home with exactly the amount of material required, and the professor took her word for it that she didn't pay a cent too much.—Philadelphia Ledger.

PHYSICIANS Failed to Cure Rheumatism

Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me."

"I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit."

"A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many families where no other medicine but Nerviline is kept—it is so useful in minor ailments like earache, toothache, neuralgia, coughs, colds, lumbago, and sciatica. I call Nerviline my 'Life Guard,' and urge all to try its merit."

An All Around Sermon.

A sermon had been preached in a cathedral, and some of the clergy who had been present were discussing it at the bishop's luncheon table. One said, "Was not that sermon a little high?" "High?" exclaimed another. "It struck me as being decidedly low." "Well, now," put in an orthodox cleric of the old school, "I should have described it as rather 'broad.' What do you say, bishop?" "I," replied the prelate, "thought it was rather 'long.'"

Most Furs Wear Long With Care.

Most furs are durable, experts say, and will last for a long time if guarded from moths, high temperatures and spring sunshine. A less durable fur is broadtail, as it is taken from young animals. Chinchilla and ermine are also delicate, both in color and texture, and should be carefully treated. Places that make a specialty of storing furs keep them at a uniform winter temperature.—New York Sun.

A Willy Mocking Bird.

A naturalist tells of a droll exhibition of fun evinced by a mocking bird. It had only recently been captured and was placed near another cage in which were two canaries, both excellent singers. The mocking bird at first seemed to be struck dumb by his voluble neighbors; but, as it turned out afterward, he was only biding his time. For several days he remained silent, taking notes, until he had mastered their song, when one day, without even a preliminary rehearsal, he burst out into a canary song in a loud, ringing tone that struck his yellow throated neighbors mute with astonishment. After this it was a favorite amusement of his to drown the voices of the canaries with his own loud notes whenever they attempted to sing.—Detroit Free Press.

German English.

While visiting a small manufacturing town in Germany last summer a New York woman bought a tortoise shell hair ornament which was badly injured through a servant's carelessness. The saleswoman to whom it was returned with a request to have it repaired, wishing probably to air her English, sent it back to the hotel with this note: "The hair comb sending to me is heavy to repair whilst the pieces only through wire fastening can be. I would the destruction of the hair comb resolve—then could the lovely ornamental for other one hair comb be accomplished."—New York Tribune.
