SEED PREMIUMS.

Choice New Varieties of Field and Garden Seeds Absolutely Free to the Readers of "Farming."

We have made arrangements with Messrs. John S. Pearce & Co., of London, Ont., which enable us to offer the choicest new varieties of this season's seeds as premiums for new subscriptions. We are assured that these seeds are selected from the best stocks which it is possible to procure. Some of the varieties are not only choice but rare, and those who desire to obtain them should act promptle, as the supply of these is limited and will very soon become exhausted. Every will very soon become exhausted. Every reader of FARMING can easily obtain the requisite number of subscriptions if he will try It will not only pay as an immediate and present means of obtaining something really valuable but enable those securing the seeds to make large pr. fits from the product of them in the future. Strike while the iron is hot.

"The Pearce" Potato, grown

from seeds imported from Texas, claimed to be the best cooking and the longest keeping variety grown in that state. It is oblong in shape, has a fine blush and white, mottled skin, with strong eyes even with the surface. Large and very smooth. Flesh very white, cooking up dry and mealy. Of such strong growth the bug does not work on them as it does on some of the more delicate growing varieties. Price, 50c. per lb; \$2 per peck; \$6 per bush. One lb. free with one new yearly subscription; one peck free with 3 new yearly subscriptions, one bushel free with 8 new yearly subscriptions at Si each.
