A PRISON chaplain was recently appointed in a certain town in Scotland. He was a man who greatly magnified his office, and, on entering one of the cells on the first round of inspection, he, with much pomposity, thus addressed the prisoner who occupied it:

"Well, sir, do you know who I am?"

"No; nor I dinna care!" was the nonchalant reply a but the criminal seemed to be reporting few minutes afterward, and added, conciliatory: "Well, I hae heard o' ye before." "I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious sub-stance. HENRY MORTON, Ph.D., President of Stevens Institute of Technology."

"Thave analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. Dana Hayes, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

Note-The above Diagram illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and er eriments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of the Royal Baking Powder will convince and age of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.

* While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.

CATARRH-A NEW TREATMENT.

CATARRH—A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dix in treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety respects have been cured for this stubborn malady. This is, none the less startling when it is remembered that not five per cent. of the patients pre-enting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. CHOLERA

COMING

The countries where Cholerupre in India, China as in India, China and Africa, Pain-Killer is considered the surest and safest of all known remedies, and the natives place the most perfect reliance in it.

Read the following extract from the letter of a missionary in China:

sionary in Chine:

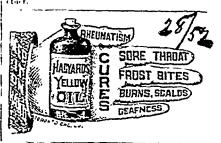

DEAR SIRS:—I ought to have acknowledged long ago the box of Pain-Killer you had the goodness to send me last year. Its coming was most providential. I believe hundreds of lives were saved, under God, by it. The Cholera appeared here soon after we received it. We resorted at once to the PAIN-KILLER, using as directed for Cholera. A list was kept of all those to whem the Pain-Killer was given, and our native assistants assured us that eight out of every ten to whom it was prescribed, recovered.

Believe me, dear sirs, gratefully and faithfully year.
