The Light Running SILENT NEW WILLIAMS.

"Wrought with greatest care Each unseen and hidden part, For the Gods see everywhere."

This modern exponent of skilled mechanism has become a fast favourite throughout this country and wherever represented.

The Toronto Evening Telegram says:

"Were it not that we know that there are other good sewing machines in the market, we would be led to say that the light running NEW WILLIAMS was the best. Yet, when we see with what wonderful facility she does all kinds of work up to the most delicate embroidery, we are satisfied there are none better."

OUR OPINION

is the New Williams is indisputably unrivalled in

SIMPLICITY, DURABILITY, STRENGTH & BEAUTY.

It does easily a greater range of work than any other machine. Its attachments for Ruffling, Tucking, Binding, Braiding, Embroidering, and every variety of fancy work, are unequalled.

An exhibition of fancy work, fine operating and embroidery will be given by the three offices of the NEW WILLIAMS, in the city of Toronto, during the holidays, such as Portraiture, Etching, Plush Curtains in Applique, Lace Curtains Applique and Arrasene work. A more interesting and educative exhibition of home decorations could hardly be devised.

How would the

New Williams

Do as a

Christmas Present
