The special features of this Company are its Tontine Investment and Semi-Tontine Investment Policy, and its Commercial Endowment Policy. It also issues annuities and all forms of Life Policies.

The first two secure a large return for the money invested, while the latter yields maximum insurance for minimum outlay.

By the last the great protection of life insurance is furnished for payments called for only as deaths occur.

Pay as you go, and get what you pay for, as in fire insurance. This plan places reliable life insurance within the reach of the masses at an estimated cost of about 50 per cent. of the lowest ordinary life rates.

It is the best plan for those who want insurance only, and easiest for Agents to work.

AGENTS WANTED IN ALL UNREPRESENTED PLACES. Full particulars furnished on application to the Company.

OPINIONS OF EMINENT CONSULTING ACTUARIES.

Mr. William McCabe, F. I. A., Eng. Managing Director, North America Life. Boston, Mass., August 21, 1883

DEAR SIR,—The paper you have submitted and explained to me, entitled "Commercial Endowment Insurance by Graduated Mortuary Payments and Deposits," sets forth a plan of Life Insurance which I have no hesitation in saying will serve a large class of insurers better than the usual plan which requires larger payments.

These "Graduated Mortuary Payments and Deposits" are quite sufficient for the safety of the Company, and well adapted to secure its cohesion and stability.

ELIZUR WRIGHT, Consulting Actuary.

WILLIAM McCABE, Esq., F.I.A. Managing Director, North American Life Assurance Company. New York, August 13, 1883.

DEAR SIR,—I have carefully examined your new plan of "Commercial Endowment" Insurance. The Mortuary payments to provide for the sum assured at death are sufficient for the purpose, and are properly graduated according to the increasing age of insurers, being computed upon the Standard Tables used by Life Assurance Companies. The Deposits required, together with part of the Mortuary Payments, will be adequate to provide for the payment of the Pure Endowment stated, at the end of twenty years.

The plan is a happy combination of the Natural Premium System with the Pure Endowment feature which guarantees a definite sum of Insurance and yields to the insured a good return for his money, while it secures the cohesion and stability of the Company. It is well adapted to supply the wants of many persons, who are unable to meet the heavy expense required to maintain a policy upon the ordinary plan. It is an ENTIRELY SAFE PLAN, granted and guaranteed by an established and reliable Company.
