

A NEW electric railroad project is mooted, under the name of the Huron, Grey & Bruce Railroad & Construction Company. The proposal is to build a line from Southampton, through Tara, Harriston, and Walkerton, with branch lines to Stratford and other places; but the ultimate destination of the road is not yet definitely fixed.

Business Chance

The option for the manufacture and sale in Canada of a New Building Material is held by party having insufficient capital to commence its manufacture profitably. The sum of \$25,000 is required for this purpose. Investors will find the proposition worth investigating.

Mercantile Summary.

It is stated that Mr. Knight, the beet sugar manufacturer, of Provo, Utah, who has done so much for the industry in that State, is so favorably impressed with the possibilities of the Lethbridge section, that he has decided to erect a \$200,000 factory near the latter place, in Alberta.

Body & Noakes' linseed oil mill, at Winnipeg, has resumed operations for the season. Flaxseed is still being marketed slowly, says the Commercial, but enough has been secured to keep the mill going. There will probably be plenty for local requirements.

THE Great Northern Railroad Company is about to construct a branch line from St. Gabriel to Garneau Junction, so that it will not be under the necessity of using the Lake St. John line to Riviere a Pierre. It will also lessen the distance from Quebec to Hawkesbury by fifteen miles.

THE attention of the Inland Revenue Department is called to the fact that certain cigar manufacturers make a practice of putting their goods upon the market under a false trade description, using a label calculated to produce the impression that such goods are the product of some foreign factory of well-known reputation. The Department states it will in future refuse to issue stamps to cover such articles.

THE Elder-Dempster SS. "Monteagle," sailed last week from Montreal to Bristol with a full general cargo, comprising 36,140 bushels of wheat, 37,183 boxes of cheese, 12,288 packages of butter, 534 boxes of meats, 250 pails of lard, 400 cases of salmon, 4,555 cases of eggs, 1,815 sacks of flour, 2,312 bales of hay, 14 cases of apples, 51 pieces of leather, 25 cases of mica covers, one case of rubbers, 13 packages of dairy machinery, 23,559 pieces deals and 350 head of cattle.

"Canadian Industrial Investments."

I help both the investor and the producing concern in the matter of selling stocks and bonds. For the investor I offer a small select list of high-class Canadian industrial securities which I consider highly meritorious. For the owners of any Canadian Industrial Company, organized or unorganized on a limited liability basis, I have an interesting proposition, if the condition of the company and its prospects warrant it. Let both classes write me letters of enquiry.
