District Inspector Straton has applied for 300 pounds compensation for injuries received by him during June riots in

the Beltast Water Commissioners. on July 20, cut the first sod in connection KERRY with the new works for increasing the water supply of Belfast, which are to be

constructed at cost of 165,000 pounds. Sir Charles Cavan Duffy, writing to the Belfast Young Ireland Society, in response to a request that he should de. liver a public lecture in Belfast, says, I have a cordial sympathy with young men laboring to keep alive Nationality in Belfast, which has fallen away so miserably from its heoric repute. But when you remember that it is nearly fifty years since I commenced my public life in your town, you will not wonder that I have determined never to lecture again. I will use whatever days remain to me in serving the best of my ability the Irish cause. But I must guard the flame of life that it may burn till I see before I depart an Irish Parliament, fairly representing the whole Irish nation. lifting our country again into light.'

MISCELLANEOUS RECIPES

Preserved Grapes.—The fruit should be mature, but not soft or broken. Catawba makes a good preserve. Wash and allow to drip; pick carefully, reject. ing the bad ones. To every pound of grapes take one half pound of white sug ar; use no water; put grapes first in pan then layer of sugar, then layer of grapes; cook slowly on moderate fire; stir contin ually aud strain through a seive when hot; then put it up in air tight vessels.

Economical Rice Pudding.—Two 'arge tablespoonfuls of rice to one quart of milk, one small cup of white sugar, one cup of cut up raisins. Let it stand in a warm place three hours, and bake one hour. The addition of one or two eggs spoils the pudding, rendering if firm and dry. Four eggs and half the rice, previously boiled, will make a delicious custard, with a few grains of rice at the

Zephyr Cakes.—Excellent tea cakes. Wash the salt out of nearly a quarter of a pound of butter; add to it a quarter of a pound powdered sugar and three well beaten eggs, a tea spoonful of rose water and flour enough to make a thin batter; stir till the batter is perfectly smooth and so light that it will break when it falls against the sides of the mixing bowl; fill well buttered muffin moulds (small) nearly half full with the mixture and bake in a quick oven; serve hot with newly made

Buttermilk Bread-Two quarts of but termilk, come to a boil, poured over two quarts of flour, stirring it rapidly or it; will be lumpy; then add cold water until it is thin enough (it should be as thin as it could be stirred); if it is not cool enough for the yeast by this time, set the pail which it is in the water pail, stirring it all the while, which soon cools it. Then stir in the yeast which is already soaked, and empty it in the bread pan, where the flour is already warmed, with a whole in the middle. Then cover it tight, and set it where it will keep warm all night.

Rust from Steel-Rust can be remov. ed from steel as follows; Rub the article with kerosene oil and leave it to soak ded to the Hospice for the Dying at for a day. Then procure fine flour of

emery and mix with kerosene oil and scour the surface, finishing with rotten stone. To preserve from rust, heat the steel and rub paraffine on it, and when cold polish with a cloth dipped in para-

fine. No steel articles should be kept in a cellar or damp place but in a dry attic or closet. If they must be kept in accellar they should be well ccated with paratine and wrapped in cloths or paper oiled paper would be preferable.

THE GREAT GANADIANLINE

Particular attention is directed to the fact that on August 11, a NEW THROUGH LINE from CHICAGO and West of Montreal This is the GREAT PACIFIC TRUNK LINE, and the only route between the East and west via Ottawa, the Capital of the Dominion.

IT is composed of the MICHIGAN CENTRAL from Chicago and Toledo to St. Thomas, where connection is made with the Ontario Divison of the Canadian Pacific Railway St. Thomas, to smith's falls via Toront, and the Eestern Division from smith's Falls to Mentreal via Ottawa forming a DIRECT ALL RAIL ROUTE from the west to the Canadian seaboard, It is laid with steel Rails, and was ballasted and made the model road of Canada before being opened for passenger business. The train service is unexcelled in this country, Fast Express Trains, with the finest equipment of passengers coaches, elegant parlor day cars and luxurious sleeping cars on the continent run through without change making as quick time as the fastest itrain of of any other route
