

QUIPS AND CRANKS.

You can't tell what a man may do in a horse trade by the amount of noise he makes in church.

Toper: What shall I take, doctor, to remove the redness of my nose? Doctor: Take nothing—for three months.

George: You would marry the biggest fool in the world, if he asked you, wouldn't you? Ethel: Oh, George, this is so sudden.

"How did you like your new teacher?" Tommy: Don't like him; he's delicate. That kind never get sick enough to stay at home.

Teacher: Do you understand the phrase "rapid enunciation?" Boy: Yes'm. It's the way folks say their prayers on cold nights.

"I am positive that my husband went shooting to-day." "What makes you think so?" "Because he didn't bring any game home with him."

"Did you have any knowledge of music before you joined the choir?" "None whatever." "Then you learned by chants, as it were?"

Professor Thomson has allowed an electrical current of a million volts to pass through his body—a case of volting ambition that few would care to rival.

"You don't seem to be able to walk steadily. You are not drunk, are you?" "No; but my shoes are." "Your shoes are! What do you mean?" "Well, they are tight."

Sailor: What is the last word spoken after a tank steamer has taken on her cargo, and is prepared to go to sea? Captain: Why, you land-lubber, "Oil aboard," of course!

Circumstances alter cases—She: You write for the papers don't you? How lovely! But you only do it for fun, of course! He: Oh, no, I do it for bread! She: How horrid!

Keeper (to the captain, who has missed again and again, and is letting off steam in consequence): Oh dear! Oh dear! It's awful to see yer missing of 'em, sir; but (with admiration) ye're a scholar in' language, sir.

The late Bishop Magee was once taken to church by a lady to hear a preacher whom she adored. "Oh! what a saint in the pulpit!" she said, as they came out of church. "But, oh! what a martyr in the pew!" replied the bishop.

After Deacon Smithers had finished his call on the pastor, the latter's little daughter said: "Papa, didn't the deacon say he didn't believe in Santa Claus?" "That's what he said, love." "Then, papa, won't we have to try him for heresy?"

He: I assure you there is no truth in the saying that all Americans are liars. Well, I'm nearly fifty, and I can safely say that no word of untruth has ever passed my lips. She: No? I daresay not; but, then, you always speak through your nose.

Father (on receiving bill for luncheon at one of our very modern London restaurants): Hallo! What! Over two guineas for merely an? Why, hang it—! His son (small Etonian): Oh, well, never mind, father, it's a thing to do once, and we won't do it again!

"Now good digestion wait on appetite, and health on both,"

the great Shakespeare, but he did not have in mind a coated tongue, or torpid liver, with all the symptoms of biliousness, so common in this country. All this, and more, can be cured by Dr. Pierce's Golden Medical Discovery, a purely vegetable compound, which restores the action of the liver, gives tone to the flagging energies of the dyspeptic's stomach, and thus enables "good digestion to wait on appetite, and health on both." By drug-discovered treatment. Address for pamphlet, World's Dispensary Medical Association, Buffalo, N.Y.

COUTTS,

ACETOCURA

THE EXTERNAL REMEDY FOR Rheumatism, Sciatica and Nervous Diseases.
 Mention this Paper.

REV. ALEX. GILRAY,
 College Street Presbyterian Church, writes:
 Dear Sirs,—
 It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your Acetic Acid remedy is made known, the greater will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your Acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many,—for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

John Walters, who lives in the suburbs of Baltimore, is 96 years old, but is still an expert shot. He is very fond of gunning, and frequently walks a dozen miles a day while enjoying the sport.

PERFECTLY CURED.
 SIRS,—I have been greatly troubled with headache and bad blood for ten or twelve years. I started to take Burdock Blood Bitters in July, 1892, and now (January, 1893), I am perfectly cured.

HUGH DRAIN, Norwood, Ont.

To a young man asking for his opinion, Dr. Oliver Wendell Holmes recently enumerated as the best three books "the Bible, Shakespeare's plays, and a good dictionary, say, Worcester or Webster."

LIFE IS MISERY
 To many people who have the taint of scrofula in their blood. The agonies caused by the dreadful running sores and other manifestations of this disease are beyond description. There is no other remedy equal to Hood's Sarsaparilla for scrofula, salt rheum and every form of blood disease. It is reasonably sure to benefit all who give it a fair trial.

Rubinstein is quoted as saying: "The Jews consider me a Christian, the Christians a Jew, the classicists a 'music of the future' man, the 'music of the future' men a classicist, the Russians a German, and the Germans a Russian."

Not that Kind.
 Scott's Emulsion does not debilitate the stomach as other cough medicines do; but on the contrary, it improves digestion and strengthens the stomach. Its effects are immediate and pronounced.

The Illinois Conference of Charities and Correction at a special meeting in Chicago a few days ago, appointed a committee of 100 persons to raise a charity fund of \$1,000,000 for the relief of the worthy poor. The number of unemployed persons in Chicago is estimated at 117,000.

SORE THROAT CURED.
 DEAR SIRS,—I had a very sore throat for over a week and tried several medicines without relief until I heard of Dr. Wood's Norway Pine Syrup, which I tried with great success. I think it a fine medicine for sore throat, pain in the chest, asthma, bronchitis, and throat and lung troubles.
