Attached is a copy of Canada News No.19, distributed in April, which features the new Chancery along with articles on Canada-Japan relations in the past 100 years and cultural events scheduled for 1991 including the Great Canada '91 project. To introduce the new Chancery, this special issue carries many colour photographs taken by a professional photographer. 12,000 copies were printed for use as introduction material for the media and other Embassy contacts at press conferences, seminars and meetings in addition to the usual distribution.
