

- (b) endeavour to take such measures as may be necessary to control the importation of live animals and plants which it determines to be hazardous to the preservation of such birds;
- (c) endeavour to take such measures as may be necessary to control the introduction of live animals and plants which could disturb the ecological balance of unique island environments; and
- (d) pursue cooperative arrangements to conserve habitats essential to migratory bird populations.

ARTICLE V

Article V of the Convention is deleted and replaced by the following:

The taking of nests or eggs of migratory game or insectivorous or nongame birds shall be prohibited, except for scientific, educational, propagating or other specific purposes consistent with the principles of this Convention under such laws or regulations as the High Contracting Powers may severally deem appropriate, or as provided for under Article II, paragraph 4.

ARTICLE VI

This Protocol is subject to ratification. This Protocol shall enter into force on the date the Parties exchange instruments of ratification, shall continue to remain in force for the duration of the Convention and shall be considered an integral part of the Convention particularly for the purpose of its interpretation.
