

Some Liberals Will Switch If Coalition Becomes Fact

Idea of Admitting Their Ancient Foes Into the Cabinet is Positive Anathema.

Special Cable to The Toronto World. LONDON, May 19.—Although occasionally finding fault with the individual members of the great majority of the Liberal party inside and outside the house of commons always regarded the present administration as a "ministry of extremists..."

Snowden, "the meeting was about the most acrimonious in the history of the party, and the resolution only carried by the barest majority." For months past it is obvious that the party truce was waning, and a great section cannot forget the fact, from the party's viewpoint, that they would do better to allow the Lib-

LONDON PAPERS ON THE CHANGE

Even Lord Kitchener Has Not Escaped Some Bitter Criticism.

TOO MUCH WORK TO DO No Soldier Can Solve the Handling of the Democracy.

LONDON, May 20.—(12.27 a.m.)—In a free discussion by the newspapers of the ministers' abilities, even Lord Kitchener has not escaped criticism. The first public criticism of the work of the secretary for war came from The Times today, which said: "Against much wise advice he (Earl Kitchener) insisted upon keeping in his own hands the control of questions with which the war office is far too preoccupied to deal. He could not raise industrial organizations and direct the

DERNBURG WOULD BE "OVERLOOKED"

In That Way Great Britain Would Facilitate His Departure.

TACIT UNDERSTANDING If German Leaves the U. S. None Will Pay Any Attention.

Special to The Toronto World. WASHINGTON, May 19.—It was unofficially facilitated the departure of Dr. Dernburg from this country, by "overlooking" him should he sail on a neutral vessel for Germany. It is not regarded as likely that a request presented to the British Government asking that Dr. Dernburg be permitted to return unmolested to Germany would be acceded to. It is said, however, that tacit understanding may be reached that if the former imperial minister for the colonies will quietly efface himself, pack steamer back to continental Europe, he will be "overlooked" by the British and other ally naval authorities. At the British embassy it was said that no suggestions as to Great Britain's course with regard to Dr. Dernburg had been sought through official channels. The British Government, it is said, could hardly accept the official suggestion that Dr. Dernburg be ignored. At the same time it is pointed out that to capture the Kaiser's representative, propaganda and all, would be a burden that a super-Napoleon could not sustain.

County Commission Inspected Bridges

Warden Jonathan Nigh and County Commissioners Ramsden and Wells, together with Frank Barber, county engineer, yesterday made a tour of inspection of the county bridges. They were accompanied by D. M. Morgan, warden of Ontario County and Messrs. Kester and Blanchard. The commissioners decided after a careful investigation to recommend the June session of the county council the erection of the Brownhill bridge at a cost approximately of between \$3000 and \$4000. This is practically the only wooden bridge yet to be built between York and Ontario Counties, all the rest having been replaced by concrete. While riding his bicycle easterly along Dundas street about 4 o'clock yesterday afternoon, G. T. Murell, a 29 year old man, was struck by a motor car. The car was a 1912 model, and was being driven by a man with a serious accident. Murell was wearing a dark suit and a hat. He was struck in the back of the head when the car stopped suddenly to avoid running into the rear of a motor car. He was thrown into the air and landed on the sidewalk. He was taken to the hospital and is expected to recover. The driver of the car was charged with driving negligently.

MOTTO OF EARLSCOURT IS BUSINESS AS USUAL

Buildings Are Being Constructed in District at Cost of Half a Million.

"There is perhaps no city in the Dominion in which Britain's policy of the city of the City Realty Company, showing a net income of \$2,200,000. This policy is well as the St. Clair Dufferin district, and this is borne out by the fact that within some five or six blocks of the corner of St. Clair and Dufferin street there are under construction today more than eight hundred buildings, in value considerably over half a million dollars. About one quarter of the number are business premises to cost principally eight to fifteen thousand dollars each, while the balance are residential properties, costing from three to ten thousand dollars each. At the annual May meeting of the quarterly board of Eglinton Church, statements were received from the various sections of the church, showing a net income of \$2,200,000. The Rev. R. J. Falls, the pastor of the church, was unanimously invited to return for a third year. The stewards elected for the year were: R. G. Kirby, S. W. Armstrong, James Bridgman, W. J. Douglas, J. H. S. The spraying demonstrations carried out yesterday, under the direction of Mr. Steckley, representing the O. A. College at Sunnybrook, the country home of Joseph Kilgour, on Bayview avenue, were largely attended by the farmers and fruit growers of the district. Following a brief inspection of the magnificent herd of Holsteins, the saddle and other horses, together with the splendid farm buildings, under the direction of Mr. Doherty, the superintendent, the spraying demonstrations were carried out in the orchard immediately to the west of Mr. Kilgour's residence, on the old Burke farm. The commissioners decided after a careful investigation to recommend the June session of the county council the erection of the Brownhill bridge at a cost approximately of between \$3000 and \$4000. This is practically the only wooden bridge yet to be built between York and Ontario Counties, all the rest having been replaced by concrete. MORE CRITICISM FOR TOWNSHIP COUNCIL

Scarlett Plains Residents Allege Neglect—Form Anglican Coal Club.

Some sharp criticism was leveled at the York Township Council by the Scarlett Plains Ratepayers' Association yesterday night, no reply having been received to a letter asking for an extension of the sidewalk along Fritchard avenue to the English Church, and the Methodist Church, and the sidewalks upon other streets. It was pointed out by Secretary Albert Griffin that the council had promised last fall to grade the bottom of Gertrude street, which is a very narrow street, and holes big enough to engulf a team of horses, and no action had yet been taken. It was announced by Vice-President Arthur Daintree, who occupied the chair, that a coal club had been formed in connection with the Anglican Church on Fritchard avenue, and that the church and ratepayers' associations were invited to associate themselves with the project. Contributions would be received from members every two weeks, and, according to the amount, fuel would be supplied in the winter at summer prices, or, if it can be arranged, possibly less.

But He Could Not Help Me, and Endorsed the Use of Dr. Chase's Kidney-Liver Pills.

Mr. William Parker, 165 Cayuga street, Brantford, Ont., tells in the following letter of his remarkable experience with Dr. Chase's Kidney-Liver Pills: "My doctor treated me for some time for Sciatica, Rheumatism, Lumbago, but to no purpose. I had to stop work, and I was unable to get on my feet. I was advised to see Dr. Chase's Kidney-Liver Pills, stating that he had been cured of the same trouble by their use. I asked the druggist about them and he recommended them highly. Not being satisfied with this, I went back to my doctor and when he said they were good I began their use. The promptness with which they relieved the action of the kidneys and bowels was wonderful, and it was not long before I was rid of all my trouble. "I was so bad that I could only walk by hanging on to a chair or the wall. My wife had to lace my shoes. Only those who have had this ailment can realize the way I suffered.
