ALFRED M. WICKSON

POSTPAID, \$1.00

"'The Toiler and Other Poems' marks the advent among the young Canadian poets of the day of Dr. William J. Briggs, for with the appearance of the present volume this writer takes a place among the free and hearty singers of the northlands and must hereafter be reckoned among the literary forces of Canada. The true poet is plainly revealed. The spirit is ever present, the inspiration pure and consoling."
