Today Is Old Folks' Day in Jubilee Park

The varied attractions of Jubilee Park invite your enjoyment. Here, in sound of the waterfall, fanned by the breezes from numerous electric fans, and soothed by a splendid orchestra, you may spend a restful half-hour or so.

Old songs and old tunes, reminiscent of a bygone day, will be featured Tuesday in honor of the old folks, who are specially invited to avail themselves of this opportunity to visit Jubilee Park. Miss Agnes Adie, Miss Vera McLean, Mr. Albert Downing and Mr. Ruthven Macdonald, assisted by the orchestra, will give pleasing vocal renditions of many of the favorite songs.

At tables beneath the trees are obtainable dainty ices and cooling drinks served by girls in quaint Jubilee costumes. Visit the Park on Tuesday, Old Folks' Day.

—Furnace Bldg., James and Albert Sts.

ANDREW CARNEGIE CALLED BY DEATH

Career of Steel Magnate and Philanthropist Closed at Massachusetts Summer Home.

Lenox, Mass., Aug. 11.—Andrew Carnegie, the steel magnate and philanthropist, died at his Lenox summer home, "Shadowbrook," at 7.10 this morning, in his eighty-fifth year, after an illness of less than three days with bronchial pneumonia. So sudden was his death that his daughter, Mrs. Miller, was unable to get to her father's bedside before he died. His wife and private secretary were with him at the end.

Alto Mr. Carnegie was taken ill Friday. It was not until early today that his condition took a critical turn. On Saturday it was said that he was suffering from a severe cold, but it was not different apparently from other attacks he had endured and no fear was entertained that it would prove fatal. It was announced that he was remaining indoors under the care of the nurses who had been in attendance on him most of the time since he came to Shadowbrook. Outside of the immediate household no one had any intimation that death was near.

According to members of the household, Mr. Carnegie had hoped to go to Skibo Castle, Scotland, early this year, but changed his plans when he learned that under government restrictions he would be unable to take the return of servants to his home. The regulations limiting him to one automobile and one chauffeur, arrangements for the funeral of Mr. Carnegie were to be made by the family later in the day. Whether the body

would be removed to New York had not been decided. Carnegie leaves his wife, who was Miss Louise Whitefield of New York, and his daughter, Margaret, who married last April Ensign Rowell Miller of New York.

Mr. Carnegie had spent most of the summer in Lenox, coming here late in May and up to a few weeks ago enjoyed himself in almost daily fishing trips on Lake Mahkennac, which borders his big Shadowbrook estate, and in riding about his grounds.

Many Honors and Decorations. Mr. Carnegie, at the time of his death, was the holder of numerous honors and decorations bestowed upon him by rulers and people all over the world. He received, as a result of his benefactions abroad, the freedom of 64 cities in Great Britain. Altogether he endowed 5,000 municipal libraries in the United States in addition to his other numerous philanthropic enterprises.

He was lord rector of St. Andrew's University from 1903 to 1907, and of Aberdeen University from 1912 to 1914, and held the honorary degree of doctor of laws from the Universities of Glasgow, Edinburgh, Birmingham, Manchester, McGill, Brown, Pennsylvania, Cornell and other American colleges.

Mr. Carnegie was a member of numerous philosophical, civic and scientific bodies, among them the American Institute of Architects, the American Society of Mechanical Engineers, the American Institute of Mining Engineers, the National Civic Federation, the American Philosophical Society and the New York Chamber of Commerce. He was a commander of the Legion of Honor of France, and had also received the grand crosses, order of Orange Nassau and the order of the Red Cross. He was a member of the Union League, New York Yacht Club, the Indian Harbor Yacht Club, the Oyster Bay Yacht Club, and the Long Beach Yacht Club.

Wallace S. Stiff, M.G.R.; S. Thomas, C.M.R.; C.S.M. Stephen Tindall, C.M.R.; Sergt. Charles Trowse, 42nd.

limit the number of his daily visitors, and until his last illness he met and spoke with only a few of his closest friends. Mr. Carnegie's physician decided he frequently over-taxed his strength by seeing all callers at his Fifth avenue home here. Announcement was made this afternoon that the funeral of Andrew Carnegie would be held from the home and would be strictly private. No date was given out.

TYPHUS TRAINS AMONG REFUGEES

Already Serious Situation in Omsk is Aggravated by Outbreaks of Disease.

Omsk, July 29.—It is estimated that more than 100,000 refugees have passed thru Omsk during the last fortnight and every day new thousands of them reach here in flight. The freight yards are filled with equipment, stores and materials brought from the portions of the west that have been evacuated. The already serious situation is aggravated by the side-tracking in the midst of the trains of families of peasants and railway factory and other workers, still further trains containing sick and wounded persons from hospitals. There have been instances where entire trains have been side-tracked with typhus victims, many of them in a dying condition. Every night numbers of dead are removed from trains, some of them having perished from starvation. The Russian Red Cross and Zemtsov committees are lacking in virtually all the necessities for caring for the sick, but have established feeding stations with a capacity sufficient to care for all those who are able to leave the trains. An allied anti-typhus train is giving baths to hundreds of persons daily, and the personnel of the train is engaged in fumigating cars in which there have been typhus cases. Reports received here from Tyumen, the oldest Russian town in Siberia, say that the roads from the west are filled with refugees, the bulk of whom were handled by boats on the Tobol river.

RACE RIOT IN JAMAICA.

Panama, Aug. 11.—A race riot reported to have occurred at Kingston, Jamaica, on Wednesday, July 30, was suppressed only after West Indian troops and fifty marines with machine guns were called out, according to news of the affair received here. These reports made no mention of casualties.

WILL SOON COMPLETE RETURN OF WOUNDED

Ottawa, Aug. 11.—Demobilization of the Canadian forces overseas has been proceeded with to such an extent that it has been found possible to close eleven of the twenty-one dispersal areas created to handle returning soldiers.

The repatriation of disabled soldiers is also nearing completion, it is understood. Portland, Maine, largely used as a receiving base for returning Canadian hospital cases, will be closed to that purpose towards the end of the present month.

Permit Temiscouata Railway To Increase Passenger Rates

Ottawa, Aug. 11.—The railway commission has allowed the application of the Temiscouata Railway for a general increase in all first class passenger rates to four cents a mile instead of the present 3.45 cents. Enormous increases in the cost of all material and increase in wages that amounted to as high as 200 per cent, under the McAdoo award were given by the company as the reasons for the increased rates.

NEW FRENCH RAILROADS.

Paris, Aug. 11.—Albert Clavelle, minister of public works, has introduced a bill in the chamber of deputies, providing for the construction of two new railroads thru the Vosges mountains. It is estimated that about 15,000 men will be required to work as Farm Laborers to assist in harvesting the crops in Manitoba, Saskatchewan and Alberta.

JAPANESE ALLIANCE PREFERRED TO U. S.

Count Von Reventlow Says Japan Only Nation With Pretensions to Culture.

Berlin, Aug. 11.—Count von Reventlow, editor of The Tageszeitung, takes issue with Count von Bernstorff over the suggestion of Von Bernstorff that Germany should cultivate a pro-American policy or friendly relations with America. Instead, the editor favors Japan. Warning his readers against a single trend of the German foreign policy, Count von Reventlow says: "The eyes of Germany must also be turned in the direction of the European east, and we must not forget that Japan was the power among our foes which during the progress of the war did not manifest intense hatred and will for annihilation, when a strong current, even if suppressed in favor of Germany, was visible, which treated our prisoners far better than other powers, and which alone among all our foes, demonstrated herself a nation of culture." "The union of powers which calls itself the league of nations, if it becomes a fact, and is able to assert itself any length of time, will be nothing but an epitome of Anglo-Saxon world dominion which would absolutely control the highest markets."

DECLINE TO JOIN FEDERATION.

Strasbourg, Aug. 11.—The Union of Railway Employees of Alsace and Lorraine, at a meeting Sunday, passed a resolution declining to join the general labor federation of France.
