JOHN MACDONALD & CO.

Mayor, Aldermen and School Trustees Declared Elected by City Clerk Littlejohn.

CHAT RESULTING FROM ELECTION

work as to Complexion of

Board of Control.

The inaugural meeting of the City
Council of 1903 will probably be held
in the assembly room at the City Hall
next Monday. There is much speculation as to the complexion of the
new Board of Control, and there are
numerous aspirants among the older
heads of Council for seats on the
board. After last year's experience it

Dr. Lynd thinks the new Council is
a good one, altho he is sorry to note the
departure of some of his colleagues of
last year.

Ald. Spence appreciates the fact that
he was returned at the head of the poll,
and he thinks the result of the Mayoraltiy contest will be to the advantage
of the city, and that some of the questions which have been handled in a
dilatory manner may now be settled
owing the change.

Ald. Bell is satisfied with the election all round, and thinks Urquhart
will be a first-class Mayor. board. After last year's experience it seems reasonable that there should be a business board this year, and the aldermen when they are getting together and promising to vote for one another should have this idea in view. Many names are already mentioned, and some canvassing is going on. It is suggested that a satisfactory board might be composed of Ald. Oliver from Ward 2, Ald. Loudon from Ward 3, Ald. W. Burns from Ward 4 and Ald. Bell from Ward 5.

One objection raised to this combination is that Mayor Urquhart is a Liberal, and that from a party standpoint it would be a conservative match the content of the co

Liberal, and that from a party standpoint it would be more desirable that
there should be a Conservative majority on the board. Ald Richardson
of Ward 1 has the bee in his bonnet
and has been ambitious for some time
to be a controller, but so far his candidature is not discussed in a particularly
friendly vein. Ald. Spence is also booked, but the main objection to the energetic ex-controller from Ward 2 is
that it would hardly do for him and
Mayor Urquhart to be on the same
board. Ald. Foster of Ward 2 will
urge some claims, but there does not
seem to be any great degree of popularity following in the wake of his
wishes.

The New Ones.

Ald.-elect McGhie says he will do
ail he can to further municipal ownership as far as it is practicable, but
he would urge careful consideration.
Ald.-elect Noble is out for reform
around the Hall. He favors the election of the Council by
the whole city,
and that the question was no longer a
partisan one, but one of humanity, and
that the question was no longer ab
partisan one, but one of the trined that the question was no longer ab

Loudon Will Try Again. says he has reasonable hopes of se-curing it. Ald. Sheppard is an old controller, and he has not been heard from yet. Ald. Curry is reputed to have said that he has no desire to serve on the board. Of the Ward 4 representatives Ald. William Burns wil likely be in the running, altho he has been on the board before. The same applies to Ald. Hubbard. An able man for the board would be Ald. Starr of Ward 5, but he is said to be too busy with his legal practice to seek the honor and its tributary troubles. Ald Bell would be a strong candidate from 

been on the board before.

Another slate talked of is Ald. Fleming, Ald. Spence, Ald. Curry and Ald.

Bell. This, however, meets with the same political objections inasmuch as there would be only two Conservatives

How It is Done. A sensible question asked is: "Are there no new men in Council who would make good controllers?" Doubt-less there are, but they would not get much show, for the old members will stick together in dividing the plum amongst themselves. Its simply a case of "you vote for me and I'll vote for you," or else it's "you vote for me on the board and I'll give you some

There are seven new men in the City Council this year. They are Ald. Chis-holm, Noble, Ramsden, Harrison, S W. Burns, Starr and McGhie. It is an unwritten law that a controller must be an alderman who has been tried out in Council before he has any right to think of being on the Board of Control. This applies to all of the new members, excepting Ald. Starr. Why They Were Left.

In the slump the victims were Ald. McMurrich, Stewart and Hall. The former was doubtless left at home be-cause the Board of Control exhibited weakness. This was not by any means all on his account, but being vice-chairman he was likely held responsible for it. Ald. Stewart's downfall is attributed to the coal strike. He is a wholesale fuel dealer, and has a son in the retail business. Ald. Hall, who went down in No. 6, was also connected with the retail coal business once, and, outside of his stand on the laundry bylaw, that seems to have been about the only thing the electors did not like him for. Stewart Set Up Oysters.

Vanquished Don't Worry. Ald, Lamb is around with the same cherry laugh, and he says his defeat has only confirmed his decision to e-tire from public life and take a wellearned rest from its cares and responsibilities. His experience, he remarks, is but a repetition of that of the late John Hallam, proving that a long and faithful public service is not always

buoyant state of mind.

Good Time for Hubbard.

Ald. Hubbard's re-election in Ward 4 warmed up his friends to the highest pitch of enthusiasm, and they waited for him to come home after the result was announced. They had with them a souvenir in the form of a marble and bronze clock to mark the pepular alderman's tenth consecutive return to Council. John Montgomery, Percy Seon, John H. Jackson and W. E. Smith spoke in flattering terms of their favorite.

Ald. Fleming is well pleased with the result in his ward, and he says that at the first session of the Council he will move for the appointment of a committee to go into the waterworks system thoroly and put the whole thing on a paying basis, to show that a public franchise can be operated to adventure and results. Washington, Jan. 6.—Senator Hoar Addresses the U.S. Some Aldermanic Views

vantage gil round.

Ald. Oliver likes the complexion of the Council and makes no bones about his desire to be a member of the Board

and partly to an explanation of his recently introduced Amti-Trust Bill. He began his address with the assumption that all thoughtful men are agreed as to the necessity of legislation, State or national, for the control of trusts. He said that as yet there had been

only apprehension and alarm, but no serious injury, except in the case of the recent coal strike, on account of trusts.

Many as are the evils in the great combinations of capital, some of them are counterbalanced by corresponding advantages to be had. But he added, great wealth should be controlled as the servant of man and of government, and should not be given the reins of control. Congress should go slowly and carefully in devising a remedy for the ills, lest it should bring on others which might be worse. His bill he considered temtative and experimental. But it was safe and could be modified.

## Sample Boots for Men and Boys.

Made by a reputable Canadian house to represent their goods to the trade. Therefore, boots you may rely upon as the best of their grade. As samples they have served their turn. A long and useful career awaits them now in their own capacity-

## Under-priced Suits for Boys.

Two ideas combine in this first paragraph f Men's Store news for to-morrow's selling. First, the opportunity we make for you as the provider for a boy whom you would see warm and tidy. Second, the opportunity you may afford us, if you will, of straightening up a corner of our clothing stock. To the first idea the manufacturer's clearing lot applies; to the second our own clear-up of Three-piece School Suits contributes. Grouped together the two comprise 123 suits under-priced for tomorrow's selling at \$3.49.

58 only Boys' Fine Navy Blue Serge and Scotch and English Tweed Suits, in light and dark grey checks and plaid, also brown and greenish mixtures, in broken checks, made up in the latest single and double-breasted sacque style, lined with good durable Italian cloth and perfect fitting, sizes 27.33, regular \$4.50, 3.49.

65 only Boys' Fine American-made Sailor Blouse Suits, consisting of fine twilled serges, soft cheviot and tweeds, in brown, garnet, blue, fawn and grey shades, blouse made full with large sailor collar, handsomely trimmed with braid, etc., knicker cants lined with cotton, sizes from 3 to 10 years, regular \$5.00 and \$5.50, on sale Thursday.....

#### An Odd Dozen Rugs \$12.00 Values for \$7.95 To-morrow.

They have lingered a little too long, that's all. They have not kept pace with the general movement of the stock. Why? It is impossible to say. They are first-class English Wool Rugs, n nice quiet colors and genuinely artistic designs-two tone effects which tasteful people have come to regard as the mos pleasing. Certainly no fault of the rugs can be to blame. It is one of those cases which often occur -the likely pattern on style or color neglected in favor of something else we had not expected to be so popular. We remove the handicap to-morrow, however. We give them to you at two-thirds of their Simpson price which was already lower than the same rugs will sell for else where. Note, too, that we are making, laying and lining Dollar Pile Carpets free until Feb. I if ordered Thursday.

\$12.00 English Wool Rugs for, each, \$7.95.

12 only of the English Wool Rugs of the famous Krypton weave, the strongest and best, rugs that we can highly recommend for hard wear, in two colors, terra cotta and dark red, with neat tasty designs, in a style very suitable for dining-rooms and bedrooms, regular price was \$12.00 each, Thurs-7.95 day's price, each

# Oak Finished Picture Framing, 7 I=2C

Three inches wide! If you have ever bought heavy picture framing elsewhere you will understand that 7½c is an unprecedented price for moulding of such weight and width. Two lines of ornamentation, splendid imitation of golden oak in a lighter wood. Lasts as long as oak itself, looks as well and puts less strain on the wire. We purchased an immense quantity of it to get our own way about the price, and now you have the opportunity of framing your Christmas supplements, family group photos, etc. etc., at an exceedingly moderate cost.
