Decrease in Revenue.

The duties collected at the port of Toronto Junction during the month of December amount to \$21,845.07. This is a decrease from the receipts of December, 1306, of \$1,872.92. The collector attributes the decrease to the fact that importers are buying goods in smaller quantities on account of the financial stringency, seeing that the number of entries in December just past are 26 more than in the corresponding month of last year.

Biggest bargains of the year at Baldwin's. You will save money by dealing there. TODMORDEN, Dec. 31.—The second annual children's treat and Christmas distribution of presents to the scholars of the Sunday school of the mission church of St. Andrew took place on Monday night. Tea was served at 6 o'clock and at 8 o'clock the parents and friends assembled to listen to a program of carols, recitations and dialogs, after which Robert Luxton impersonated Santa Claus and stripped the tree of its load of gifts. Each child received a present and a bag of candy. The Rev. Mr. Biggs, who is in charge of the mission, presided, and Miss Ethel Webley was accompanist on the plano. The affair was a grand success, the hall being crowded to its capacity. The rector of the parish of Chester, Rev. Frank Vipend, paid a visit during the evening and made a short, happy New Year's address. Holiday prices on special pipes for New Year presents at Dean, the Tobacconist 41 Dundas East.

AURORA.

DEER PARK, Dec. 31.—A midnight service was held to-night at Christ Church, starting at 11.30, which was well attended. The Christmas Sunday school entertainment will be held in the school house of Christ Church on Thursday evening. A good program has been prepared for the occasion.

PICKERING. Villagers Evidently Strongly Favor Completion of Sidewalks.

PICKERING, Dec. 31.—Undoubtedly the tone of the nomination proceedings at the fire hall on Monday evening showed the people to be overwhelmingly in favor of the issuance of debentures to complete the sidewalks. It is felt by many that the slow method of the yearly appropriations leaves many ratepayers without decent walks. By means of a debenture, it is estimated that walks could be laid over the main sections and the remaining ones greatly repaired, at a smaller yearly expenditure than at present, thus leaving more money for urgent needs on the streets and lighting.

The talk around town to-night is that the fight for the mayoralty will be a close contest. Friends of Mayor Fishe are putting up a keen fight to return him again. They contend that after 13 years of invaluable service to the municipality it would be the height of ingratitude to retire him by a vote of want of confidence. They also charge that Mayor Fisher would not have again been in the field except by the subterfuge of those seeking his defeat. Councillors Brown and Lawrence are both confident of heading the poll.

EAST TORONTO, Dec. 31.—The final meeting of the town council, held last business and incidentally gave the members an opportunity to show their apby the grant of \$150 as an honorarium.
The customary grant has hitherto been \$100, but the added wealth and importance of the town analy justify the slight

increase.

Like his predecessor, Mayor Ross has been an ideal chief magistrate.

The council of 1966 will deal with the matter of a grant to James White, a local volunteer fireman, who was slightly injured while working at a fire on Pickering street.

The resignation of Councillor Hodgson came as a matter of regret to all the members of the council. Mr. Hodgson has been a good representative, and ward one will not easily find a candidate more zealous for the interest of the town.

Mayor Ross briefly reviewed the work of the year and paid a high compliment to the heads of the several departments, to which hearty response was given Council then adjourned.

A plebiscite is also to be taken, and only freeholders are entitled to vote on that, which is for the purpose of getting an opinion from the freeholders regarding annexation to the city. As this vote is by no means final, and would bring about intelligent information as to on what terms the city would annex North Toronto, this plebiscite should carry by a substantial majority.

There is also a bylaw to be voted upon to repeal "local option." The campaign between the temperance and liquor interests has been a hot one and the temperance section claim that the local option bylaw will be sustained by a larger majority than three years ago.

The Christmas Sunday school entertainment was held in St. Clement's Church to-right. The program consisted of carols, physical drills, solos and recitations. The prizes, which were distributed, were useful books, and the prize-winners, with their respective marks, are given: Kent Griffin 814, Mary Waltho 780, Dorothy Boulden 769, Margaret Boulaway by her brother, William Chapman, and looked charming in white chiffon with lace trimmings and carried a bouquet of white carnations. The bride's sister, Emily, acted as bridesmaid and was similarly attired. Mr. Arlett of Toronto was best man. The "Wedding March" was played by Miss Bertha Chapman of East Toronto, a cousin of the bride's, and Rev. Mr. Oke was the officiating clergyman. After the ceremony the guests retired to the diningroom, where a dainty supper was served. The house was beautifully decerated with evergreens and holly.

Mr. and Mrs. Humes left in the evening for their home in the city, the bride going away in a brown suit with mink furs and hat to match, with ostrich feather.
