

## LACROSSE IS BOOMING AT HARVARD UNIVERSITY

College Men Are Trying to Introduce Great Canadian Game Into Boston Schools.

BOSTON, March 1.—A sport that is showing every prospect of taking a decided boom at Harvard during the coming spring is the game of lacrosse. This is a branch of athletics that has not been successful at the Cambridge university since the inauguration of the game in the colleges thirty years ago. But very much interest is shown in the game by the students at Harvard, who have been successful at the Cambridge university since the inauguration of the game in the colleges thirty years ago. But very much interest is shown in the game by the students at Harvard, who have been successful at the Cambridge university since the inauguration of the game in the colleges thirty years ago.

This spring the Harvard lacrosse team will be the strongest it has been for a number of years, and with the enthusiastic backing of the athletic authorities, the students in charge of the team are bending every effort to arouse still more interest in the Canadian game and put it on a solid footing at Harvard.

A wholly new arrangement for the work of the candidates for the team was not expected that the work done by Captain Alexander and Manager Baily had much effect, but when the call for men was given over forty came out for the practice, and the greatest enthusiasm was shown by all of them.

Teams were formed and the games played were of a quality not usually seen before the spring work. The whole squad kept to its work for six weeks during the fall, fully three weeks longer than ever before, and much valuable experience was acquired. A variety team was made up for the fall and played two games with the regular team, winning both.

With this fine showing for a starter, the men in charge have been working all winter to build up the team, and the first outdoor practice, when candidates for the varsity and freshmen lacrosse teams will report, will be during the second week in March.

The team takes its first trip south during the week of the Easter vacation at Harvard, and will probably leave Cambridge on April 15.

The first game on the trip will be with the team of Johns Hopkins University, which is expected to be a very strong one. The next game will be with the team of the University of Maryland, and on the next day the collegians will meet the team of the University of Virginia.

In addition to these scheduled games, an attempt will be made to arrange a game with the team of the University of Pennsylvania, and it is likely that the contest will be easily arranged. If efforts prove successful, the lovers of the Canadian game in Boston and vicinity will be given the chance to watch a battle royal. This game will be the last on the schedule of the Harvard team for the spring.

In the first ten years of the sport at Harvard there were four championships won by the team. In 1901 and 1902 the Harvard team were the collegiate champions, and in 1905 an intercollegiate lacrosse league of the eastern colleges was formed by Harvard, Cornell, Columbia and Harvard.

This league has been successful in every detail and is growing stronger each year. Harvard has twice been tied for the championship of the league.

The annual meeting of the Ontario Cricket Association will be held next Monday at 8.30 p.m., March 7, at the Walker House, when the officers for the season will be elected and other routine business attended to.

The annual meeting of the Grace Church Cricket Club will be held this evening at 8.30, at the residence of Dr. Smith, 92 College street, at 8.30. All members are requested to be present.

championship of this comparatively new league, and in 1908 won the championship outright. Last year the team from Cambridge was tied with Columbia for the first position.

It is being planned by the men in charge of the game at Harvard to make an effort to have the game taken up among the high schools of Greater Boston, so that it may have a fair try-out among the schoolboys and thus gain some experience before entering college.

Lacrosse has been tried out in Brooklyn and Greater New York and found to work to perfection, many of the small schools putting out fine teams.

## Tecumseh Amateur Athlete Association At Home to Friends

Last night the Tecumseh Amateur Athletic Association, a new organization, intended to increase and popularize legitimate sport of all kinds, had a splendid send-off at the opening of their headquarters, No. 87 West King-street.

A large and influential company assembled, numbering about 400, among whom were Lawrence Solman, J. M. Wilkinson, P. J. Mulqueen, Eddie Coombe, J. C. Robertson, Aid. Hamby, Aid. Rowland, W. H. Hall, Charles Querrie, W. S. Hancock, A. S. Hamilton, H. Berryman, W. D. Eganey and James Murphy.

The proceedings were opened by Mr. Hamilton, second vice-president of the club, who briefly outlined the aims and objects of the association. This he described as the promotion of all amateur sports and explained that it was proposed to have both association and individual football teams, tennis teams, and to encourage all kinds of athletic contests. He also added that athletes of all kinds were invited to join, would be given every facility for training and their interests furthered as far as possible.

Murphy and Hall also addressed the assembly, and wished the association all success. Commissioner Combe and J. M. Wilkinson expressed their pleasure at being present, and that the interests of amateur athletics were so much in evidence. Mr. Wilkinson was satisfied that sport brought out the best of every man, and that Canada could produce the finest athletes in the world.

Mr. Lawrence Solman, who was received with three cheers and a tiger, followed by the rendering of "He's a Jolly Good Fellow," said that he was pleased to see so many present, and promised every member of the association a good time during both summer and winter.

He intimated that one section of the new grand stand at Hamilton's Point had been reserved for the members and their friends, an announcement which was received with prolonged applause.

Letters of regret for unavoidable absence were read from Mayor George, J. Ross Robertson, Fred Miller, James L. Hughes, Sidney Smith, and the interests of amateur athletics were so much in evidence.

The premises of the association consist of three large and well proportioned rooms, handsomely furnished. Every convenience has been provided for recreation and training purposes, and one room has been devoted to reading with a plentiful supply of interesting and instructive literature. The walls have been decorated with attractive pictures of champions and past champions in all lines of sport, and the new association bids fair to be a thoroughly wholesome centre for the youth of Toronto.

The proceedings were enlivened by a splendid musical program rendered by the Toronto Rowing Club Musical Quartet. John T. Fiddes opened at the special request of James Murphy, with "Irish Eyes," followed by "Annie Laurie" and "Mary of Argyll." Messrs. Wood, Chater and McMahon also contributed to the gaiety of the evening.

Tom Henry for Second Vice-President. The sixth nomination for office this year in the Canadian Lacrosse Association carries the name of Thomas E. Henry of Brampton. His friends say he is a fit and proper person to occupy the chair of second vice-president.

Toronto Gets Another Pitcher. Toronto has signed another pitcher, the late St. Louis pitcher, who was in the St. Louis team, and comes well recommended.

Stratford Will Not Protest. STRATFORD, March 1.—There will be no protest of the Stratford St. Michaels senior game in Toronto Saturday night. Feeling in this city has been running quite high about that fourth goal alleged to have been scored fairly, thus tying the score. There are a lot of Stratford fans who say that the goal undoubtedly went in fairly, first strike the boards, bounding back and going in off Thompson's skate, and some are even prepared to make an affidavit to this effect. However, the Stratford executive, wisely or otherwise, have decided to take no action in the matter, but will abide by the referee's decision. The executive met yesterday afternoon and decided on the above course.

Joe Travelling in Training. Joe Travelling, one of the hardest hitters of all the local boys, who won more than a few knockout routes than any other in the city, is training for the Canadian championship. He can easily knock out the 125 lb. class.

## THE AMATEUR PROBLEM

Questions Submitted by Olympic Committee and Answers Suggested.

Following the meeting of the international Olympic committee at Berlin last year, the following queries were submitted in detail on the amateur question to the governing bodies of the various countries:

1. Are you of the opinion that a man cannot be an amateur in one sport and a professional in another?

2. Are you of the opinion that a professional can compete as an amateur in sports other than those he teaches?

3. Are you of the opinion that when an amateur becomes a professional he cannot recover his amateur status? Do you allow any exceptions to this rule? What are they?

4. Do you allow amateurs to receive their traveling and hotel expenses? Up to what limit?

5. Are you agreed that a man loses his title to amateur by simply competing against a professional?

As yet no report has been made on these interesting questions, although in all probability the committee has many answers in hand. According to The London Field, however, the honorary secretary to the British Olympic Association has now issued a letter, under date of Jan. 18, to the various associations in England, which throws more light on the subject and indicates that some general conclusions on the amateur question have been reached, from which a definition can be framed.

Price, \$1.25. The following are the queries suggested as follows:

1. That any form of profit derived by a competitor from the sport in which he competes must disqualify him as an amateur in all branches of sport.

2. That in some exceptional cases reinstatement under special safeguards might be permitted.

3. That, while the reimbursement of actual traveling expenses and of the cost of living in the country in which the meeting is held should not affect the amateur status of the competitor, anything in the nature of pocket money or defrayment of expenses while training should be rigorously excluded.

4. Some relaxation is suggested of the rule forbidding an amateur to compete with a professional in cases where no money prize or pecuniary profit of any kind is at stake.

5. It is suggested (a) that officers of the army who teach such sports as gymnastics to the men under their command, and schoolmasters who formerly teach their pupils, ought not to forfeit their amateur status, and (b) that a salaried instructor, e.g., of fencing, should be allowed to rank as an amateur in other forms of sport, provided he in other respects comes under the amateur definition.

Q. O. R. INDOOR BASEBALL

Records in Three League Sections—Important Game To-night.

The three sections in the Queen's Own Regimental League have now reached the finals, after a very successful and enjoyable season. To-night will decide which company is to win the cup up for competition by Major Pencheon. The following is the result of the season's play.

Section 1—Won. Lost. C. Company..... 4 0 H. Company..... 4 2 Maxin Gun..... 2 4 L. Company..... 0 6

Section 2—Won. Lost. G. Company..... 4 0 K. Company..... 1 3 F. Company..... 1 3

Section 3—Won. Lost. E. Company..... 4 0 A. Company..... 2 6 I. Company..... 0 6

To-night at 8 o'clock, C. Co. play G. Co. Both teams won their sections without a defeat. At 9.30 the winner of the first game will play B. Co., who won the third section.

M.Y.M.A. Crokinole. In the M.Y.M.A. Crokinole League last night, Epworth defeated Westmoreland by 185, and the two teams are tied at the top of No. 1 division.
