

## H. N. COWAN FEASTS FIRM'S SOLDIERS

Head of Great Chocolate Firm  
Welcomes Hero  
Employees.

### A HAPPY FACTORY

Nothing could better exemplify the good feeling that exists between the employees and members of the Cowan Chocolate Company than the reception and welcome home to the returned men now on the staff of the company, held last night in the company's factory on Sterling road.

The whole plant was brilliantly lighted, and a large space on the second floor of the factory was laid out and splendidly decorated with allied flags and streamers for dancing. Tables and chairs were set in another large room for cards and the factory lunchroom was decorated and laid out for refreshments, while in a large office room a movie machine was installed.

H. N. Cowan, head of the firm, presided. With him on the platform in the dance room were Mrs. Cowan, Rev. W. A. Cameron of Bloor Street Baptist Church and members of the firm.

In opening, the national anthem was sung, following which Mr. Cameron, in an address, told of the great work of the returned men overseas and paid great tribute to the Cowan company for the interest they had shown in their employees in the army.

For them while away, and for their dependents at home, he congratulated the company on the splendid firm feeling existing between the firm and employees. Mr. Cameron's references to the returned men and the company brought a storm of enthusiastic applause from the gathering.

Following Mr. Cameron's remarks, A. W. Pennington, on behalf of the returned men who had been paid wages by the company while overseas, presented Mr. Cowan with an illuminated address in recognition of his generosity.

Mr. Cowan thanked the men for their kind tribute, sprung a very pleasant surprise on the employees in the shape of the presentation of a life insurance policy for sums ranging from \$500 to \$1,500, according to the length of time they had been with the company. The announcement was made by R. M. Fahey, who said the policy had been taken out for every employee, and that the firm had insured for \$500, those employed from one year to two, \$600, and so on until a maximum of \$1,500 is reached for ten years' service. The announcement was greeted with much grateful applause.

Mr. Cowan then made another pleasant announcement. The firm had decided that the social get-together of employees and employees, like the company's annual picnic, shall be an annual affair.

Following Mr. Cowan's announcement, dancing and cards were commenced, a four-reel Charlie Chaplin film was shown on the screen in the office, and the 300 guests present were soon enjoying themselves to the full. The storm prevented a great many.

## ARE YOU WEAK AND RUN DOWN?

In This Condition Only a  
Tonic Medicine Can Renew  
Your Health.

The condition of being "run down" is one that doctors do not recognize as a disease. The physician of today who gets his patients in a hospital, where only severe disorders are treated, knows little about it. But those who are run down in health know that it is not a fancied affliction.

The expression "run down" applied to health, means a condition in which all the bodily functions are enfeebled. Appetite fails, the digestion is impaired, the nerves are impoverished, the complexion becomes pale or wax, there is no animation, but rather worry and mental depression. Fatigue is a constant symptom. No particular organ being affected, you must look for relief to the blood. As it circulates through every part of the body, any improvement in the condition of the blood is quickly felt throughout the entire system.

As a restorer of the blood and builder of weak nerves Dr. Williams' Pink Pills are at the head of all tonic medicines. Every dose of these pills helps to enrich the blood, to strengthen the nerves, and thus the various organs regain their tone and the body recovers its full vigor. Ample proof of this is given in the statement of Mr. William Devine, Gerrard street east, Toronto, who says: "Two years ago while employed as a conductor on the Toronto Street Railway, I became much run down. I consulted a doctor who gave me medicine, but it proved fruitless as I was constantly growing weaker. My appetite completely failed and I fell away in weight until I only weighed 125 pounds. I was sometimes taken with fainting spells, and finally felt compelled to resign my position. I tried what I thought was lighter work, but with no better results. I was growing weaker and weaker. One day a chum urged me to try Dr. Williams' Pink Pills, but by this time I was heartily tired of medicine, as nothing I had taken did me any good. Finally he bought me a box of the pills, and I could no longer refuse to try them. After a time I felt they were helping me, and then I gladly continued their use, with the result that I was finally enabled to go back to my old position fully restored. I owe this splendid condition to Dr. Williams' Pink Pills, and can strongly recommend them to anyone suffering as I did."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail, postpaid, at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health."

I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion. So I tried them. After finishing a few boxes, I was entirely relieved of my Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

### Many Advantages.

Last night's affair will be numbered among the many good things the Cowan Company have done for its employees. Every summer a picnic is held, usually at Niagara Falls, but the majority of the staff wish to go, and the expenses are shared by the company. During the war the company did much good work in the way of presents to the men overseas and their dependents. To present a lunch room, at which the employees are served with hot lunches, is maintained, but when the plant now under construction is completed there will be a dance and entertainment hall and cafeteria.

At their own suggestion the staff, apart from the returned men, had subscribed a sum to cover a part of the expenses of the reception last night, the company bearing the rest, showing some measure of appreciation for the men's sacrifices.

Over the United States are planning to play the theatre showing this photograph, for Miss Farrar orders her gowns direct from the exclusive Paris designers and they are redecorating the newest in costume ideas. Monkey fun which is again renewing its popularity, appears as the forerunner of the satiric gown which Germaine Farrar wears in this picture. The satin is embroidered and the sleeves are fashioned from silver lace. With the gown she wears a mere shoulder throw, new for it is a wrap of gold and shadow lace, another wrap is made of wine velvet with wide silk fringes and collar of skunk fur.
