

6. That he has attended public lectures in the following branches :— General and Practical Anatomy, Materia Medica and Pharmacy, Physiology or Institutes of Medicine, and Chemistry, two courses of six months each, and Practical Chemistry, one course of three months; Theory and Practice of Medicine, Principles and Practice of Surgery, Midwifery and Diseases of women and children, two courses of six months each, and Medical Jurisprudence, Clinical Medicine, Clinical Surgery, and Botany, one course of three months each; and that during the first year the attendance has been confined to the four subjects first mentioned.

7. That he has compounded Medicines, &c., for two periods of six months or one period of twelve months in the office of a duly qualified Practitioner, and has attended at least six cases of Midwifery.

III. Every Candidate must pass an Examination on all the subjects of study mentioned in the preceding By-Law; but the Examination may consist of two parts, a *Primary* and a *Final*, and the Senate shall arrange and announce the time at which the Examination shall be held, and the manner in which it shall be conducted.

IV. Every Candidate must compose an approved Thesis on some Medical subject.

The Degree of M.D. entitles the holder to the Diploma of the Royal College of Surgeons, London, on passing the required Examination.

Graduates are entitled to Registration under "The Medical Act for Upper Canada," on payment of the required fee.
