CHANGED HIS VIEWS.

Quebec, Nov. 23—Major James Belford, in a letter to the Quebec Chronicle, expresses surprise at the sentiments opposing conscription which have been expressed by Captain C. G. Power, Liberal candidate in Quebec south. The writer states emphatically that while in London last spring, previous to his return to Canada, Captain Power on several occasions spoke strongly in favor of conscription in the presence of the writer and other Canadian officers. Captain Power had also stated that his main object in life on returning to Canada would be to fight for conscription, and that a battle would begin with his legal partner, Lucien Cannon, of Dorchester election fame.

CHANGE MADE IN NIGHT TRAINS BETWEEN MONTREAL AND QUEBEC.

Quebec, Nov. 23—Mr. Allan Purvis, general superintendent of the Canadian Pacific Railway Company, announced here today that the scheduled train service between Quebec and Montreal and vice versa will be changed so that the late night trains leaving Quebec and Montreal will reach their destination in either city at 6:45 a.m., when will permit the mails to be sent out by the first delivery in both places. This change will be welcomed by business men in Quebec, a number of whom complained about the late arrival of their mail and the action decided upon by the C. P. R. is the result of negotiations which were taken up by the Quebec board of trade. Rev. T. Porter Drumm, pastor of the St. John's Presbyterian church in Montreal has received a call from the First Presbyterian church in Boston. He has not definitely decided as to whether or not he will accept. It is the largest Presbyterian church in New England.

ALL TRADES OPENED TO THE RETURNED MEN

M. H. C. Perfects Plans Which Will Make Factories Training Centres. There are now thirty-nine vocational centres being taught in the vocational training centres of the Military Hospitals Commission linked across Canada. This number will be increased indefinitely to embrace the whole category of industries in Canada if necessary when the present plans of the commission have been put into operation. The co-operation of the Canadian Manufacturers' Association has made it possible for the commission to offer the men this inestimable advantage of working under actual industrial conditions in learning their new trades.
