

SPOTLIGHT NOW FOCUSED ON U. N. B. WANDERERS CONTEST

CAPITAN TEAM  
HAD NARROW  
WIN YESTERDAY

Defeated Mount A by Close  
Margin on Slippery  
Field

The narrow margin by which the University of New Brunswick defeated Mount Allison yesterday at Sackville in their game on Thanksgiving Day, the Red and Black won by a score of 6 to 5 against the Sackville players, while a few days ago the latter were defeated by N. S. Technical school to the tune of 6 to 3. As the Wanderers are said to be the class in the Halifax City League and are reported to have a big margin over N. S. Tech, it looks as though the Fredericton boys were in for a tough battle when they met the Halifax aggregation in the sister city on Thanksgiving Day.

Conditions under which the game was played yesterday were said to have had much to do with the score as the field was slippery and rain fell in considerable quantities.

The two squads were quite evenly matched in spite of the slight advantage in the aggregate weight of the red and black team which at times was able to push the Mounties off the ball. The backfield was very evenly matched, both three-quarter positions working well on the few occasions when the ball went out to them.

In the first period U. N. B. had by far the best of the territory play, an advantage which they held for some time into the second but the closing stages of the game in this regard were all Mt. A. The first score came after about 10 minutes of play when Bud Steen, all round athlete and star three-quarterback, went over on a pass out from a scrum on Mt. A's 25 yard line.

**THE SECOND TRY**

U. N. B.'s other try was of the fluke variety. After ten minutes of the play in the second session the visitors were pressing close to the local collegians line when a ball kicked for touch bounced inward. Rice, wing three-quarter, took a boot at it but missed and it continued across the line. U. N. B. man following up crashed through and fell on it. From this point the Allisonians took charge of the play and only once more did U. N. B. get within the danger zone.

**THE HIGH LIGHT**

The high light of the whole engagement was Mt. A's orphan tally, ten minutes before the final whistle. Stuart made a sensational catch of a U. N. B. punt, reversed his field and passed to Lister, who passed to Miller, who turned the leather over to Rice, who returned it to Miller on the line. Reside kicked the goal really.

The deciding game of the season will take place next Thursday at Sackville. In the event of today's losses turning the tables at that time total scores will decide which squad will win the deciding game for the Maritime title. If next week's game is anything like today's, Fredericton fans may well be advised to brace heads and high water to be on hand.

**FREDERICTON'S OPINION**

FREDERICTON, Oct. 28.—The close score at Sackville today is taken as a U. N. B. supporters as indicating that the red and black must put in the hardest kind of preparation for the Mount Allison game here next Thursday as well as for the other games scheduled. It is held here that the weather would favor the U. N. B. team more than Mt. Allison, which was favored by the rain. Failure to convert tries also kept the score down.

**DEWHURST STAKES**

NEWMARKET, Eng., Oct. 28.—A stirring finish resulted in the Dewhurst Stakes this afternoon, when Money Maker, Knight of the Grail, and Mario finished in that order, neck and neck. Money Maker is owned by Mrs. Chester Beatty. Knight of the Grail is owned by Sir D. Broughton, and Mario is H. H. Agakhan's two-year-old.

Hard Fight Expected In McGill-Varsity Clash at Toronto Saturday

Gets On Big Time

George Field of Toronto, claimant to the welterweight championship of Canada, and who has appeared in Saint John several times, has been promised a bout at Madison Square at an early date. In a 10-round bout with Al Walters of Cleveland on Monday Field came within an ace of being knocked out in the first round, but stayed to the end and got the decision.

**BILLY EVANS SAYS**  
**CARROLL DELIVERS**

I WAS mighty glad to see Owen Carroll have such a big season in the International League. His fine pitching for Toronto helped greatly in the winning of the pennant by Dan Howley.

It so happened I umpired the first two games in the American League in which Carroll, fresh from Holy Cross, worked.

The college sensation (he had won 48 out of 80 games made his debut in the Detroit in Boston. His appearance was well advertised, and one of the biggest crowds of the year saw him in action.

Carroll really pitched well enough to win, but his teammates, eager to see him go over, played far below standard. He was removed late in the game for a pinch hitter.

His next start was at Detroit on a Sunday and once again he packed the ball park. He failed to finish his game, being hit harder than in his debut.

Some of the critics began to refer to Carroll as an exploded phenom.

**UMPIRE GOOD JUDGE**

PERHAPS no one is in a better position to judge a pitcher's worth than the umpire.

Carroll, despite the fact that he failed to finish either of his first two starts, being hit rather freely in both, impressed me.

I vouchsafed the opinion that he was a future big league pitcher, despite his poor getaway. He showed me a fine curve, a pretty fast ball, a nice change of pace and proved to my satisfaction that he was smart.

Talking with me after his two reverses, he said:

"I find it is considerably different in the majors than the colleges. It is a wider span than I expected."

"The batters are, of course, much more dangerous. They wait the pitcher out, then pick on the crumple. The umpires don't give me as many strikes on my low curve as they did at college."

**HAD BIG SEASON**

IT has been proved that all Carroll needed was a little seasoning in the minors.

Sent to Manager Dan Howley of Toronto, a mighty good catcher in his day, also an excellent judge of pitchers, Carroll began to show improvement immediately.

All he needed was a chance to work in his regular turn to regain confidence in himself, something that he had lost through the rule manner in which the big leaguers hit his stuff.

Steve O'Neill, the veteran pitcher, once with the Cleveland Indians, caught Carroll practically all season and did much to develop him into a really great pitcher.

**DEBUT OF NEVERS**

MAJOR league veterans have to admit that any college pitcher has the ability to step into the big show and set 'em down.

Ernie Nevers, former Standard football and baseball star, who did very well for the St. Louis Browns last summer, had some very unusual experiences along this line.

Well do I recall the day he made his debut against the Philadelphia Athletics. I had to smile at the methods the A's used in an effort to destroy his poise.

Many remarks of this sort came from the bench.

"If this was football I would show you boys something. I am the great Ernie Nevers."

"Never mind about any signals, just give me that old puskien."

"Fourth down and five yards to go; hand that ball to me and I will bake it."

"Now, boys, altogether, three trials for Nevers."

Good Contest On Tomorrow

The Nationals and Canucks clash tomorrow afternoon at 8 o'clock on the Allison grounds, in one of the most important battles of the season. A win for the Nationals will give them the chance for the league, while a win for the Canucks will make things look rosy as far as the championship is concerned. A good game is assured, as both teams are out to win and have added several new players to their outfits.

**Rickard May Stage Flowers-Walker Fight**

NEW YORK, Oct. 28.—An attempt to bring the proposed middleweight championship fight between Tiger Flowers and Mickey Walker to New York has been undertaken by Tex Rickard through his Madison Square Garden matchmaker, Jess McMahon. McMahon will confer tomorrow with Walk Miller, manager of the defending title-holder, Flowers, and Jack Kearns, Walker's pilot. Miller already has agreed to the match which was slated originally for Chicago.

**Bowling**

The Inter-Society.

The Inter-Society Bowling League was opened on the Y. M. C. I. alleys last night with a double header and was witnessed by a large number of spectators when the St. Joachim team captured three points from the A. O. Tunney Refuses Bid to Moncton

MONCTON, N. B., Oct. 28.—"Being slave to a myth" in the way Gene Tunney speaks of the heavyweight title, the winning of which netted him nearly a quarter of a million dollars not so long ago. Because of it, he will have to "stay in the odors of civilization and forego a big game expedition to the Canadian woods," upon which he had been invited by relatives in this city.

VOCATIONAL TEAM DEFEATED BY HIGH

Douglas Ave. Outfit Are White-washed to Time of 12 to 0

The Vocational School Boys Rugby football team met the Saint John High School boys for the first time on Thursday afternoon and received a setback of a 12 to 0 game. At the beginning of the game the High School had soon crossed the line three times by some smooth three-quarter line work and scored nine points, but the Vocational team forced the play into High School territory.

The second period found both teams coming hard and they played in mid-field for the greater part of the time. Repeatedly the ball passed to the High School three-quarter line but the onrush of the Vocational School brought little gain. Some smart tackling was seen on both sides and occasional punting. Towards the end of the period the High School added another touch on a close play and the score was advanced to 12 to 0.

The line-up at yesterday's game was as follows:

Leaving New York on Nov. 16, the Nova Scotia will continue on this run until next May.

**LODGE NOT SURE OF LIFE ON MARS**

Famous Scientist Gives Cautious Non-Committal Answer to Question

LONDON, Oct. 28.—Sir Oliver Lodge, in a contribution to a symposium on "The Mystery of the Universe" appearing in the Daily Express, gives a cautious non-committal answer to the question whether life exists on Mars and other planets. While declaring that solution of the question is beyond the present day, Sir Oliver says: "In our experience, life seems to take advantage of every opportunity offered it for animating matter. There seems to be a real struggle towards the inception and maintenance of material existence, and this probably represents a widespread all-embracing truth extending beyond this planet through a material universe."

FIRST PLACE AT STAKE FOR RUGBY HONORS

McGill Defeated Toronto Team in Last Meeting at Montreal

TORONTO, Oct. 28.—Both Varsity entries in the annual rugby stakes will go the post on Saturday, the Inter-collegiate playing McGill at the historic stadium and the O. R. F. U. representatives tackling Camp Borden at the baseball park. Chief concern centres naturally in the college contention.

The contest on Saturday means a great deal. Varsity's chances of winning the championship depends upon the result of the contest, hence the overwhelming desire on the part of grid fanciers generally to see the meeting of the well trained college machines in action on Saturday.

The fact that Stag's stalwarts lost at Kingston on Saturday has not detracted from the interest. The fans have not forgotten that it was the self-same McGill team which whipped the Blue and White at Montreal, and they are keen to discover with their own eyes whether this near disaster was a fluke or not.

Any team coached by Shaughnessy must be considered dangerous, and win or lose the Red and White contingent will undoubtedly give a good account of itself.

**IMPORTANT GAMES TOMORROW IN U.S.**

Seven Intercollegiate Games Slated—Yale Plays Army and Mich., the Navy

NEW YORK, N. Y., Oct. 28.—Seven intercollegiate football games are scheduled for tomorrow—two in the West and five in the East.

Pennsylvania and Bucknell were heading westward today to meet Illinois and the Haskell Indians, respectively.

Michigan was on its way east to meet the Navy eleven, Boston College prepared to play host to West Virginia Wesleyans and Holy Cross to entertain Loyton University. Michigan State plays Colgate, while Missouri meets West Virginia.

The Army-Yale game and the Princeton-Tufts game are among the important fixtures in the East. Dartmouth meets Brown.

The tide of battle for the Western conference championship will carry Ohio to Chicago, Northwestern to Indiana and Minnesota to Wisconsin.

**ARABIC PROF. IN HERESY TRIAL**

Dr. Taha Hussein Accused of Defaming Koran in Book by Him

LONDON, Oct. 28.—The trial for heresy of Dr. Taha Hussein, professor of Arabic literature in the state university at Cairo is creating intense interest in the Egyptian capital. The professor is accused of defaming Islam in a book on pre-Islamic poetry in which he argues that portions of the Koran are incapable of literal acceptance.

The principle which the trial will decide is whether the Egyptian constitution, which expressly allows freedom of conscience, will tolerate what is equivalent to the western theory of Biblical higher criticism.

BRIGHTON AND HOVE WINS.

LONDON, Oct. 28.—Brighton and Hove defeated Norwich City 2 goals to 0, in a scheduled third division southern section English League match today on the grounds of the latter club.
