## THREW ACID IN FACE, AND MAN MAY LOSE EYES

New York, Nov. 22.—An unidentified man threw the contents of a bottle of muriatic acid into the face of Samuel Passer, a necktie manufacturer, living at 508 Bradford street, Brooklyn, when Passer was riding in an automobile with Aaron Kantor, a friend, who lives at the same address.

Passer is in the Greenpoint Hospital with acid burns on the head and neck and the effect of the acid on his eyes has not been determined. It was said at the hospital that he might lose his sight.

The only incident which Passer could recall as a possible explanation involved trouble several months ago with members of the Necktie Makers' Union, as a result of which, Passer said, he was told that union men would "get him" in time.

Passer was in the rear seat of the automobile, driven by Kantor, when a man stepped in front of the car at Haver-meyer street and South Fifth street, Brooklyn, and as it slowed up threw the contents of a bottle into Passer's face.

Passer was taken to a nearby drug store and Ambulance Surgeon Giebel of the Greenpoint Hospital responded to a call. He identified the liquid as muriatic acid and had Passer removed to the hospital.

## HEALTH BOARD AND MILK MATTERS

The St. John sub-district Board of Health held a special meeting yesterday afternoon to discuss the milk supply situation for the city. Hon. W. F. Roberts, Minister of Public Health, Dr. G. G. Melvin, chief medical health officer, Dr. H. L. Abramson, provincial pathologist, and Dr. T. P. Johnson, dairy and food inspector, met with the board.

## Get Nerve Force from Nuxated Iron

It will strengthen your nerves and increase your vigor and endurance, often in two weeks' time. It contains the principal chemical constituent of active living nerve force in a form which most nearly resembles that in the brain and nerve cells of man. It also contains organic iron like the iron in your blood, and like the iron in spinach, lentils and apples. Organic iron enriches the blood and plenty of rich red blood means more nerve force, so that Nuxated Iron not only feeds what might be termed artificial nerve force to the nerve cells, but it stimulates the blood to manufacture a greatly increased supply of new nerve force. Get a bottle of Nuxated Iron today, and if within two weeks' time you do not feel that it has increased your nerve force, and made you feel better and stronger in every way, your money will be refunded. Sold by all druggists.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of *Jad Salts*; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithiate and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

*Jad Salts* is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent little water drink.

## Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this letter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

John Kelly presided and other members present were Mrs. R. J. Hooper, George Blake, Dr. W. Warwick and T. M. Burns. Dr. Warwick, who had been appointed at a former meeting to investigate, gave a report. He recommended

## TWO CANDIDATES FOR BRITISH SEAT

London, Nov. 22.—(Canadian Press Cable)—The by-election in the South-east division of Southwark to fill the vacancy caused by the death of Commander J. A. Dawes (Coalition-Liberal) is to be a straight fight between Coalition and Labor, although Owen Jacobson, Coalition-Liberal candidate, seems personally inclined to qualify his discrimination into "Liberal who supports the present government." Mr. Jacobson asserts that the government needs every

support at present because of the Irish question.

Thomas E. Naylor, secretary of the Compositors' Society, is again the Labor candidate. In the last election Mr. Naylor polled 2,718 votes, against 7,208 for Commander Dawes.
