many of them are adding this department, with profit to themselves, even during the present era of high prices, which has made the selling of such merchandise more difficult than usual.

The experience of the Elrod dry goods store at Norton, Kan., and the methods it uses in handling ready-to-wear are typical.

Norton is a town of 2000 inhabitants. The Elrod store has been doing a growing business in ready-to-wear for three or four years and is thoroughly sold on the proposition. The management declares that the success of this department depends very largely upon how it

is handled in the store and through advertising. The methods employed in buying and selling also have a great deal to do with whether the department will yield a profit or not.

Frank B. Palmer is in charge of this department in the Elrod store. He says that he usually opens the season with about forty suits, 125 coats, assorted sizes, fifty cotton and silk waists each and about forty skirts. The store does not carry different sizes in the same garment except in a few staple numbers. The total invoice value of the stock at high time is approximately \$8000.

The store does considerable advertising.

## The Greatest Investment Bargain in Canada

The new prices for Victory Bonds make them the greatest investment bargain in the history of Canada.

Canada's great prosperity has taxed the financial resources of our manufacturing and mercantile establishments, and the banks are engaged in financing what is probably the greatest crop in Canada's history. To procure funds for necessary industrial expansion some lots of Victory Bonds have been liquidated. To such sources the present supply is largely due.

In conformity with these conditions and with the temporary rates for money the world over, the present price adjustments have been made.

5 1/2% BONDS—FREE FROM DOMINION INCOME TAXES		
Date	Price	Yield
1922 (1 DEC.)	98 and interest	6.37%
1923 (1 NOV.)	98 and interest	6.18%
1927 (1 DEC.)	97 and interest	6.90%
1933 (1 NOV.)	96 and interest	6.88%
1937 (1 DEC.)	98 and interest	6.68%

INCOME SUBJECT TO THE USUAL INCOME TAXES.

1924 (1 NOV.)	97 and interest	6.27%
1934 (1 NOV.)	93 and interest	6.24%

If you are a holder of Victory Bonds there is no question as to security any more than there would be any question as to the goodness of sugar or other staple commodity, if there were a lowering of price. A wise man would take advantage of the lower prices and buy all he could. If you own any Victory Bonds hold them.

The present prosperity of the country as indicated by the splendid crops, increasing foreign trade, increased bank clearings, the unprecedentedly large deposits, and numerous other factors, prove conclusively that Canadians are well able to keep up the record of 1918-1919 when they purchased \$1,200,000,000 of Victory Bonds.

The current supply is by no means unlimited. As compared with the total purchased by the public in the last two years it is infinitesimal. Immediate advantage should be taken of the present prices. If you have funds available buy to the limit. VICTORY BONDS ARE CANADA'S ONE BEST SECURITY.

We are excellently equipped to serve you and your orders will receive our best attention.
