Have Saved Many
A Precious Life
and Much Valua-
ble Property

PYRENE kills fire, saves life. A few shots on the fire upon
discovery prevents flames from spreading, thus saving life and
property.

The instant PYRENE touches fire, no matter what its origin,
it casts about it a dense vapor blanket which confines the fire so that
it cannot spread.

PYRENE is a non-poisonous liquid, harmless to fabrics, and
should be in every home, garage, business house, steamer, motor
boat and sailing vessel.

The PYRENE APPARATUS, as illustrated, in brass with black
enamel brackets, will cost you \$12.50.

LOCAL NEWS

TENDERS NOT OPENED.

The tenders for the paving of Dou-
glas avenue, City road, Marsh road and
Prince William street, closed today at
noon at city hall. The tenders were
brought into the committee meeting, but
were not opened, as the committee de-
cided first to obtain the opinion of the
city solicitor as to whether the proposed
paving by-law would apply to the work
to be done in 1920. It is expected that
the tenders will be opened tomorrow.

DIED IN SASKATOON.
A telegram was received yesterday by
Herbert Butler from Saskatoon, an-
nouncing the death of his mother, Julia
A., wife of R. P. Butler, formerly of the
firm of Everett & Butler, of this city.
She is survived by four sons, Allan of
Halifax, Herbert of St. John, Arthur E.
of New Westminster, and R. P. Jr., of
Peace River; and two daughters, Mrs.
A. Davis of St. Paul and Mrs. E. T.
Hammett. Mrs. Thomas R. Jones and
Mrs. George Cody are sisters; and Har-
riette Doney of Quebec county and
Charles Doney of Calgary are brothers.
Mrs. Butler was about seventy-eight
years of age. Many old friends in this
city and province will remember her
and learn with regret of her death.

THE MATTER OF N. B. POWER CO.

Council Proposes Bill to De-
termine Valuation and Fix
Rate of Return—"Soldiers'
Day" Accounts—Reply to
Mr. Wilkins.

Matters of proposed legislation were
dealt with at a committee meeting of
the common council this morning. In
addition to the proposed paving bill, re-
ferred to elsewhere, Commissioner Fisher
moved a resolution that a bill be pre-
pared and presented to the legislature
for enactment at the next session in con-
nection with matters pertaining to the
N. B. Power Company.
The proposed bill will enable the
authorities:
(1) To fix and determine the valua-
tion of property and assets upon which
the New Brunswick Power Company
shall be entitled to a return;
(2) To fix the rate of such return;
(3) To provide for civic participation
in the management of the affairs of the
said company;
(4) To provide for the taking over
by the City of Saint John of the plant,
assets and franchises of the said com-
pany in whole or in part.
The motion carried.

Mr. Wilkins' Letter.
Mr. Fisher moved that the common
council acknowledge receipt of two com-
munications from Mr. J. Wilkins re-
garding expenditures by the Polymor-
phian Club on "Soldiers' Day" and the
grant by the city of \$300, and that Mr.
Wilkins be informed that the city has
paid \$239.26 of the \$300 and in addition
undertook on August 27 last to pay the
amount of \$65.66. The Christie account
(now \$86.20) was not received until
February 14; and further that the city
was advised by Mr. Wilkins that a meeting
in the mayor's office on October 29 last
was adopted appointing a committee
composed of the commissioner of public
works, the comptroller and A.
Skinner to receive and report on any ad-
ditional accounts which Mr. Wilkins
might present, and that no such ac-
counts have so far been presented. The
motion carried.
Commissioner Thornton asked for
authority to purchase 1,200 feet of hose
for the fire department. On motion
he was given the authority.

ORGANIZE A CLEAN-UP DAY

Residents of City Road Will
Spend Tuesday Removing
the Ice and Snow from the
Streets.

To the residents of City road must be
handed the laurels for a decided move-
ment with a touch of the community
spirit in it. Yesterday some of the peo-
ple who make their homes in that
street met and decided, in view of the
difficulty in obtaining men and the lim-
ited means of the city to clear away the
accumulation of snow and ice, the peo-
ple themselves would lend a hand.
William L. McLennan presided at the
meeting and it was unanimously decided
that Tuesday would be the appointed
day for the great onslaught against the
aftermath of the elements. So as many
residents as can possibly attend have
been asked to gather at eight o'clock to-
morrow morning at "The Wedge" near
the foot of garden street, with picks,
shovels, horses, sleighs and any imple-
ment which will assist in clearing the
street.

The people of City road are to be
complimented on being the pioneers in
this movement in the interest of the gen-
eral public and perhaps residents of
other sections of the city will follow
their lead.

Referred to By Council.
In the common council committee
meeting this morning Commissioner
Thornton asked Commissioner Bullock if
he had heard anything of the work
which was proposed being done by the
City road residents tomorrow, and Mr.
Fisher replied that so far he had re-
ceived no notification. Mr. Thornton ex-
pressed the feeling that the movement
on the part of the people in that section
of the city was to be highly commended.

VARIETY IN THE POLICE COURT

Session Today Held in Police
Guard Room

Story of Trouble in Hostel —
Also a Game of Cards —
Theft of Case of Whiskey
at Dock Alleged.

On account of the police court room
undergoing a thorough cleaning and
painting the police court session was
held this morning in the guard room.
Thirteen prisoners were arraigned.
Harry Charles was charged with as-
saulting Rev. O. P. Brown and brandish-
ing a revolver in his face at the Salva-
tion Army Hostel last night, also for
having liquor in his possession other
than his private dwelling, and he was
also charged with being drunk. Accord-
ing to Inspector Merryfield and Police-
man Linton, they were called to the
hostel last night and found the accused
attempting to take charge, at the same
time saying he was a returned United
States soldier.

Rev. Mr. Brown said he was in his
room last night, preparing a sermon,
when the accused entered, brandishing a
revolver. The accused told him there
was nothing in the gun. The clergyman
told him to get out, as he had no busi-
ness in his room. To this the accused
said "You damn sky pilot we do not
want you around." The clergyman at-
tempted to get him out and he struck
him on the nose, causing it to bleed.
A fine of \$200 or nine months in jail
was imposed, and he was remanded to
jail on the other charge.

Alexander Howie was charged with
stealing a case of Scotch whiskey, valued
at \$35, the property of the Anchor-Dan-
aldson Line, on February 21.

George Dunlavy, who is in charge of
the night work for the steamship com-
pany, said he saw the defendant walking
down the shed currying parcel. In
consequence of what Parker C. Stan-
field said, they followed the accused to a
back door behind which he threw
down the parcel. The accused came
towards them, and the witness said he
held him of him by the collar. He
asked Mr. Stanfield if the parcel was a
case of whiskey and he answered in the
affirmative. The case was opened by
the police. The case of liquor was pro-
duced in court, had not been opened and,
according to the outside, it contained
Scotch whiskey. The case was opened
by Sergeant O'Neill, and found to con-
tain a dozen bottles of whiskey.
Mr. Stanfield, wharfinger for the An-
chor-Danaldson Line, corroborated the
evidence.

The accused pleaded not guilty, and
was sent up for trial, E. C. Weyman ap-
peared for the prosecution and J. A.
Barry for the defense.
William Wood, a sailor on the S. S.
Melita, who arrived yesterday after-
noon, was given in charge by Captain
Black of the S. S. Pand Head on charge
of stealing a silk handkerchief, valued
at \$1, from John Burns. He pleaded
guilty, and was remanded. The magis-
trate said he intended to send him back
to England, as they were already feeding
too many blackguards in the jail here.
It was said the accused went off the
Melita soon after she arrived and wan-
dered about the forecove of the Pand
Head. One of the sailors awakened and
noticed what he was doing. The mem-
bers of the crew were soon aroused and
dealt with the offender before handing
him over to the police.

While quieting the disorder at the Sal-
vation Army Hostel last evening, In-
spector Merryfield and Policeman Lin-
ton detected a "moker game" in room 17
and arrested William Marr, Alfred Brit-
tain, Percy McKay, Basil Minue and
William Pinkey, on a charge of gam-
ing. They pleaded guilty. The magis-
trate gave them a severe reprimand and
fined them each \$50 or three months in
jail, but allowed the fine to stand.
Richard McCaustlin was charged with
being drunk, violently resisting the pol-
ice and also having liquor in his posses-
sion other than his private dwelling. He
pleaded guilty to the liquor charges, but
said he did not remember resisting.
Sergeant O'Neill, who made the arrest,
gave evidence. The accused was re-
manded.

Ernest Bastache, aged nineteen, of
Moncton, was charged with being a
vagrant. He was sent to jail.
Robert J. Wilson, who was arrested on
Saturday on a warrant of alleged drink-
ing, was remanded Saturday after-
noon to be dealt with later.

Three men charged with drunkenness
were remanded to jail.

MISSION ANNOUNCED.
In the Cathedral yesterday morning
announcement was made of a mission
to be conducted in the church next
month for two weeks commencing about
the middle of March. This will be the
first mission in this church in several
years and much additional interest has
been created in the announcement that
it will be conducted by priests of the
Congregation of St. Vincent. Paul
from Philadelphia, the first time that
they have come to these parts to preach
a mission.

VESSEL HAS GONE.
J. C. Chesley, local agent of the marine
and fisheries department, received a wire
from Mayor C. A. Huntley of Pears-
ton this morning saying that the three-
masted schooner which had been caught
in the ice near there and had signalled
for assistance, had evidently succeeded
in breaking through as it was not then
in sight. He thanked Mr. Chesley for
his prompt action in sending the gov-
ernment steamer Aberdeen to the scene.

GOVERNMENT MEETING TO-
MORROW.
The provincial government will meet
tomorrow evening in Fredericton to deal
with matters relating to legislation at
the session of the house.

TRAINS LATE.
The storm of last week is still giving
a little trouble through northern Maine.
The Boston train was reported two
hours late today and the Montreal an
hour and ten minutes.

BISCUITS HIGHER.
An increase of from one-half cent to
one cent a pound became effective today
in various lines of sweet and fancy bi-
suits. No advance was made in soda
biscuits.

We Don't Feature Sales But For Value--Well!

From a bulletin issued by the Vigilance Committee of the
Associated Advertisers, we quote this paragraph:

"A store which features bargain sale advertising all the time
is in danger of establishing itself in the minds of the people as
a good place to go when they want cheap stuff."

It may be a mistaken policy not to have great "sales," but
we believe there is promise of a longer merchandising career for
a store if it merely advertises good values and fair treatment to
all customers.

At least that's the way we're going along here. The "good
values" are always here—you can wager on that. The "fair
treatment" our friends tell us is also here. Try!
