ST. ANDREW'S CHURCH.

REVIEW AND PASTORAL ADDRESS

BY THE SESSION.

The year 1886 has been distinguished in the history of St. Andrew's Church by many tokens of the Divine favor. The year was approached and entered on with high hopes, not unmingled with fears; but the overflowing blessings, temporal and spiritual, with which it has been crowned, have exceeded all our anticipations.

ATTENDANCE AT THE PUBLIC SERVICES.

In this particular the Session thankfully express unexceptionable gratification. The increased demand for sitting accomodation has completely filled the area of the Church, and the seats in the galleries will soon be fully occupied by those who continue in increasing numbers to join us. The attendance at the morning service has been invariably very large, while the evening congregation has increased until it is almost equal in numbers to the morning.

The Sabbath School, under the efficient superintendency of Mr. Muir, shows growth in numbers, vigor in teaching power and encouraging results. The Bible Class, taught by the Pastor, is full to overflowing, and a larger room is needed to accommodate all who desire to attend it. In these two important departments of church life and work an encouraging number
