The Only Cure

Don't be Afraid to Try
A. I. C.

A Word to All Sufferers
Red Island, Placentia Bay, October 17, 1916
I had been a sufferer for 13 months from indigestion. I could not eat any kind of food, as I could not keep anything down. I took one pint bottle of Arctic Indigestion Cure, and now I am cured of all kinds of stomach trouble. A word to all sufferers: Don't be afraid to try this great cure, because it is the only cure for indigestion in the world.

Invitation

Will all the Soldiers and Naval Reservists from Bay Roberts, Coley's Point, Country Road and Shearstown please be present at the Public Building on Saturday night, at 7.30 o'clock, without further notice.

Recruiting Meeting Saturday Night

We understand that Private Gladney, D. C. M., and 13 other soldiers will visit Bay Roberts on Saturday, January 13th. They will hold a big Recruiting meeting in the Public Building Saturday night.

1917 Sealfishery

It is now almost a probability that this year's sealing fleet will not exceed a dozen ships, says the Telegram. Their names are: Eagle, Terra Nova, Ranger, Viking, Diana, Erik, Njord, Bloodhound, Theis, Neptune and the Halifax steamers Seal and Sabie Island. The two last mentioned are the only two steel clad that will prosecute, it being practically a certainty that the Florizel will not take part. Three ships, it is well known, will operate in the Gulf the coming season.

Afraid

Afraid? Of what? The dark of night? The boisterous wind? The tossing waves? Dost doubt His love? Dost doubt His might? Where is thy faith in Him who saves? Hast thou so soon forgot the bread He broke, and hungry thousands fed? O soul of mine, thy God of love Hath built foundations for thy faith: If thou wilt dwell on them and prove The blessed truth of what He saith, No doubt, no care, can e'er affright; He'll bring the joyous through the night.
—George Lee Barton.

The Market

CODFISH. The demand and consumption in all our foreign markets have suffered usual falling off that comes at this season and continues for the month between 20th January. In addition to this, Brazil buying is poorer than ever on account of having this branch of her exports shut up by war conditions. The Spanish and Portuguese markets, on the other hand, are very healthy, and as the winter advances from Christmas and New Year holidays the consumption of cod fish will increase till it reaches the maximum in Lent. As to prices, St. John's values are holding good Prime Shore, \$8.50; Large and small Madeira, \$8.00; Labrador (shore cured), 7.80; Labrador (soft), \$6.70.

Late Fish Arriving.—Some 20,000 q.l.s. of late caught fish, held up in schooners at Saldom, Greens pond and Catalina the past month waiting a favorable time to St. John's, arrived the week. Most of this fish is scendry and will not fetch the high price. These will probably be the last schooner shipments from the North for the season. Practically all the Labrador Soft has passed into the hands of the exporters and what now remains in the outports is late caught schre fish.—Owing to open weather for late shipping to St. John's it is probable that there is very little fish left in the outports.

CODDIL.—The market is some what weaker since New Year on account of war insurance and high freight rates. The best price this week was \$175 ex schooner, the sales from merchant to merchant being made at \$180.00 to \$182.50. The demand has slackened, and buyers abroad are turning their attention to the Norwegian possibilities. Refined coddil is no better at \$1.25 to \$1.30, and as the Norwegian product will be in the market the latter part of February, those who are holding over refined oil stocks are more nervous than ever over future market possibilities.—Frade Review, Jan. 6, 1917.

Splendid Gift

An unknown elderly lady called at our residence, one night this week and handing in the sum of \$2.00 said: "A few days ago I was wondering what I was thankful for, and then I thought of our Soldiers and Sailors fighting our battles and I brought this amount for the Red Cross Fund as a thank offering."
She left no name behind, but the gift and the donor must certainly be registered in heaven. She did what she could.

EVERYBODY NEEDS PURE, RICH BLOOD

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is less of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia. Pure blood is required by every organ of the body for the proper performance of its functions. Hood's Sarsaparilla makes pure blood, and this is why it is so successful in the treatment of so many diseases and ailments. Its acts directly on the blood, ridding it of scrofulous and other humors. It is a peculiar combination of blood-purifying, nerve-toning, strength-giving substances. Get it today.

Naval Reservists Return

The following Naval Reservists returned home on furlough Tuesday night:—
Ted Russell, Walter Russell, Win John Brown, Samuel Brown, Arthur Parsons, E-au Mercer, Ted Trenchard, Joseph Snow, Joseph Bradbury and Arthur Russell.
