Ellensburg, Aug. 21.—The examination of the remaining defendants in the lynching case was continued this morning By noon all the testimony for the prosecution was in. When court convehed this afternoon no witnesses were called for the defence, and none of them took the stand in his own behalf. After an argument by attorneys for both ides Justice Boyle held Frank Uebelacker, Frank Fiegle and William Kennedy for murder in the first degree, bail being refused. The motion made by attorneys for Linder and Linke for their discharge on the ground of insumciency of evidence was taken under advisement by the court. They, with the other prisoners, were returned to jail pending the decision, which will be rendered tomorrow morning. Street talk says a number of the men

New York, Aug. 22.-The conferences between President Hill, of the Great Northern; J. P .Morgan and Chairman Edward D. Adams, of the Northern Pacific reorganization committee, looking to an arrangement for the union of interests of the Northern Pacific and the Great. Northern, are still in progress. It is earned from an authentic source that, while the president did decline to consider a modification of the plan to form a new company to operate the Northern Pacific and Great Northern roads, this does not interfere with the consideration of the subject. It is claimed by Mr. Hill and counsel for the Great Northern road that the charter of the company empowers it to make the guarantee which Hill has pledged himself to give to the Great Northern bondholders, and he is still prepared to carry out his part of the agreement upon the completion of he reorganization of the Northern Pa-

The Separate School Board Says

Latest Report is Schultz Will Settle Muddle.

Ottawa, Aug. 23.-The French committee of the Separate School board today dismissed three French Christian Brothers and will replace them with English professors. They have decided not to reopen any of the schools till all Brothers are dismissed and the changessanctioned by Professor White as to uniformity in text books are made.

It is stated that Sir John Schultz has been entrusted with the task of settling the Manitoba school difficulty with Premier Greenway. If successful, Schultz will get the portfolio of Minister of the Interior, and Daly will be appointed Lieut.-Governor of Manitoba. Senator Clemow has commenced suit against Sir Adolphe Caron for a note of \$2,600, and interest since 1888. This is for a note of the late Senator Tasse, which was endorsed by Sir Adolphe.

As the outcome of the condemnatory character of the Ontario commission's report upon the Ottwa separate schools, the chairman of the French section of the board goes to Montreal to-morrow with an ultimatum to Brother Flamien, head of the order, which will request that the Brothers employ three English teachers and introduce the Dominion or Sadler's series of text books. The school term begins on Monday, and unless the Brothers consent to this proposal the schools will remain closed until lay teachers are engaged to replace the Brothers in all the French classes, as has already been done in the English separate schools here.

Entries for the Dominion rifle matches are pouring in again, giving the secretary and staff all they can do to keep up with the rush, and giving promise also of one of the largest gatherings of riflemen in the history of the Rideau

school question.
