We have seen very little in Mr. Mitchell's special organ-the Advocate-concerning that gentleman's addresses to the electors, and have been anxions to know what he has been placing before them in his visits to the different parishes, as his claims upon the continued confidence of winter. The Inspector comes out in a the constituency. A Special Reporter of letter defending the Minister. I, sir, was one of the Delegates appointed to go to Britain to confer with the Imperial Government, and we drew up what was called the British North America Act ; but I would take no Mitchell. Nets that the officers had seized for breach of the laws were restored to the law-breakers, and the very laws made by the Minister himself were set aside for the express advantage of Snowball's friends. This may seem incredible to our readers, but here is the proof. The following Order in Council speaks for itself:--GOVERNMERT HOUSE, Ottawa, Thursday, 20th day of July 1877. There is a great cry raised about my living in Montreal, but I can do more ton my County at either Ottawa or Montreal than I could in Newcastle.
