### FRANCIS BECK WITH DEAD AT WALTHAM

BOSTON, Mar. 4.—Francis R. Beck, who carried a medal of honor awarded him by Queen Victoria for bravery in placing a flag on Fort Carver in India, died at his home in Waltham, yesterday, aged seventy-six years. He was born in Fredericton, N.B., and served in the British merchant and naval service for many years. He saw service in India and was a veteran of the Persian war. During the civil war he was on British vessels running the blockade of Southern ports. He leaves a sister in Andover, N.H., three sons, and a daughter. Alleging ill treatment, Gertrude O'Connor to-day petitioned the Superior Court for divorce from Frank O'Connor of Shives, Athol, N.B., and the custody of the eleven years old son also asked.

### HORSE BITTEN BY A DOG GOES MAD

TORONTO, March 4.—A great fight took place at Goldstream with a mad horse owned by Donald Campbell. The animal was bitten by the dog some time ago and died to-day in agony. Campbell, with seven neighbours, tried to control the horse, and were scratched and bruised and covered with foam from his mouth. Several times they narrowly escaped death from one of his wild rushes. They will leave at once for the Pasteur Institute, New York.

Owing to unavoidable circumstances the reception which was proposed to be held in the Protestant Orphan Home on Thursday, March 10th, has been postponed until Tuesday, March 15th. Cards of invitation will be sent when it is hoped that all who possibly can will attend, and any one who may have been overlooked and takes an interest in the institution is cordially invited to be present.

### NOVA SCOTIA'S AWFUL PLIGHT

Gun Discharges, Shot Enters Horse

Team of Logs Overstressed—Man Pinned Beneath and Drugged.

ANNAPOLIS ROYAL, N. S., March 4.—A thrilling accident and one that may result in the death of Edward Shaw, occurred at Hillsboro this afternoon, news of which has just been received by The Sun correspondent over the telephone.

Shaw had been teaming in the woods and left for home with a heavy load of logs drawn by two horses. On the sled was a loaded shot gun. In some unknown manner this was discharged and the shot, miraculously missing Shaw, who was driving, found a target in the flanks of the horses. Two animals started forward, half turned over the sled and Shaw was entombed under the heavy logs. Then, madly driven by the pain, the horses started off on a mad career over the frozen ground, dragging the upturned sled and Shaw with them. Over rough ground and smooth the animals sped until they reached a small lake near Hillsboro. The ice here was thin, and while nearing the shore the horses fell through. Shaw, suffering terrible agony, was pinned under the logs, which prevented the horses from sinking, and it was not until late this afternoon that he was rescued by some men returning home from the woods. Doctors have been summoned, and at the time of writing hopes are entertained for Shaw's recovery, although he is frightfully injured. Both legs are crushed, and it is feared several ribs are broken in addition to other injuries. Shaw is married and has several children.

### UNITED STATES MAY INTERVENE

BLUEFIELDS, Mar. 4.—After three days of secret conferences, there is every reason to believe that General Estrada, the leader of the revolutionists, and his advisers reluctantly have acquiesced in the demand of Americans resident in Nicaragua that a receipt be granted to any proposed American intervention which will guarantee to them the rights of the denial of which caused the revolution. The original demands of the revolutionists included the overthrow of President Zeledona which was accomplished, and the restoration to the people of common rights of citizens which it was alleged had been taken by them under the regime of Zeledona.
