LA GRIPPE

La Grippe, or Epidemic Influenza, is a disease caused by an air germ. It appears from time to time as an epidemic, and attacks numbers of persons at one time. Commencing with a chill it is followed by inflammations of the mucous membranes of nose, throat, and in some cases severe bronchitis. It is easy to understand that a remedy having the power to destroy germ life and to heal up all the inflamed parts, entirely without injurious effect, will cure the disease.

Now comes the question: is there such & remedy? Thousands of persons who have tested the merits of Catarrhozone, and numbers of physicians who use it in their prac-

Catarrhozone, the new medicated air treatment, is a guaranteed cure for diseases of the nasal and respiratory passages caused or maintained by microbic life. It cares while you breathe and can not fail to reach the seat of the disease; it goes wherever air can go, and no matter how deep seated the disease may be in the lungs or bronchial tubes, it always succumbs to

the use of Catarrhozone. The success of Catarrhozone as a treatment of Catarrh, Asthma, Bronchitis, In-fluenza, and all other diseases caused by microbic life has been unique. It never fails to cure, and the method of treatment, that of inhalation of medicated air, is a very pleas-

You simply breathe the medicated air and it does the rest, a pleasanter and more rational mode of treatment than using snaffs and washes, which are quite ineffectual

There was a long discussion over a bill for \$29.60 submitted by the finance committee for expenses incurred in coming to Hampton one day previous to meeting of council. Four of that committee are not now councillors, but were paid the mileage, which was their due. The other three, who are still in the council, ask also to be paid mileage, or \$2 each for their extra expenses for that day. This was opposed by Coun. King on the ground that it would establish a precedent for any or all committees to demand and receive extra remuneration for extra work. The same ground was taken by others, and as strenuously opposed on the ground that the finance com-

are entitled to mileage by statute on special call, while the other committees are not so entitled. It vas finally settled by striking out the charge of \$2 a day for the three councilors, making the bill \$23.60, which so

Coun. T. V. Freeze informed the council that W. A. Price of Havelock had satisfactorily settled up his arrearages, and he asked the council to accept his statement, the business being closed in a manner that would prevent costs and returned the war-

A number of other bills were submitted by the finance committee and either ordered to be paid or referred to proper committees. On motion of Coun. Gorham, the

deduct \$1.86 from the assessment on Jas. L. Belyea for 1898. The sum of \$20 was voted to Dr. F. H. Wetmore as secretary of the local board of health of Hampton, after It has explanations by Dr. Wetmore and the

county secretary. On motion the sum of \$1.20 was ordered to be paid to I. G. Case of Greenwich, over assessment. The sum of \$1.05 was also ordered to be paid to George Elder of Norton for over assessment. The sum of \$10 was ordered to be raid Walter McMonagle, over assessment 1899, in parish

of Sussex. The report of the Canada Temperance Act Tinspector Weyman for 1899. was read and adopted.

On motion certain roads in the parish of Westfield were ordered to be exempted from the cattle regulations. A number of small bills were reported upon favorably by the finance committee and passed.

WEDNESDAY AFTERNOON.

A motion was made to exempt the Beulah Camp ground from taxation, but after some talk it was decided to withdraw the motion for one year. A communication from H. I. Fow

ler, registrar of deeds, was read, calling attention to the absence of sufficient vault space, the question of supplying which had been under the consideration of council for the past twelve years. Last' year it was laid over for another year, and it was now of the greatest moment that some definite action be taken.

The communication was on motion

The report of the commissioners of the alms house was read, which called up a lively discussion as to certain persons whose support had been charged to one parish while residing in another. The talk became warm between Couns, McMonagle of Hammond and King of Sussex, over one John Doherty, whose domicile it seemed impossible to determine satisfactorily, but it was finally brought to a close by the warden intimating that such questions could not be decided by council but must be determined between the commissioners and the

councillors interested. The parish of Havelock asked to make a special assessment of \$400 to ray off indebtedness for poor law purposes. Cardwell also asked for the same to the extent of \$100. Both were

granted. The following assessments were ordered for support of pauper lunatics: In Kingston, \$65; Rothesay, \$65;

Springfield, \$65. For county school fund, \$6,950. For contingent fund, \$5,000.

For support of the second or any subsequent contingent of Canadian soldiers, who have gone or shall go to South Africa in support of British interests in her colonies there, \$500. The following is the text of the re-

solution: Resolved, That the secretary-treasurer be instructed to forward to the mayor of St. John city the sum of \$500, to be applied towards the fund now being raised in support of the second contingent and any fu-ture contingent that may be sent to the front; said sum of five hundred dollars to be paid out of any moneys in the contingent

fund; and . Further resolved, That in the opinion of this council the whole expense of the equip-ment and pay of the Canadian contingent should be borne by the Canadian govern-

This was enthusiastically endorsed in most inspiring and loyal speeches by the mover, Councillor Jas. E. Moore, and Councillors Ballentine, O. V. Wetmore, Palmer, T. V. Freeze, Gorham, King, Campbell (Upham), and Fowler. In putting the motion the warden endorsed the sentiments expressed, and called for a standing vote, which was instantly responded to by everybody in the court room rising to their feet and joining Coun. Orin Hayes of Sussex in the national anthem, followed by three cheers for the boys who have gone to stand for imperial interests in South Africa.

At one time there looked as though there might be some jarring element arising from a motion by Coun. Mc-Monagle to make the sum \$300, on the ground that the county was poor, and personally he had to work hard for every dollar he got. He said the amount asked for was larger than that granted by the municipality of York. His speech, however, only woke up a more determined purpose to carry the resolution, every other speaker, while admitting the personal loyalty of the councillor, regarding his amendment as uncalled for and beneath the dignity of the council to consider. As though the object of the councillor's amendment had been attained, he withdrew it and joined heartily in the vote, the song and the cheers.

The following assessments were ordered for alms house purposes to be

R. expects to extend its new acquisition.

Children Cry for CASTORIA. THE SUNNYSIDE VICTORY.

Army and Navy Gazette Points Out Why the Battle Will Long be Remembered. "The Sunryside victory, small as it

wes, has a chance of being remembered in English history when many a greater battle is forgotten, for it was achieved by colonials, who have hurried across the ocean in defence of the national flag. For the first time on record the Australians and Canadian volunteers have stood shoulder to shoulder on the field of battle to vindicate an imperial principle. For the first time on record they have together won a victory and hoisted the Union Jack in a village, from which they have driven rebels in arms against the Queen. Of their own free will they elected to take part in the war, and rcw valuable their services are every day brings forth fresh proof. At Sunnyside they showed the steadiness, bravery, coolness, and judgment of the British soldier, and against the enemy, that they even beat him at his own game. In Australia it may be readily imagined with what emotion the news of Sunnyside will be received, for it is the first time in her history that any of her sons have fought on a field of battle, the New South Wales contingent not having seen active service in the Soudan. With the Canadians the case is different, they having added fresh lustreto an honorable military tradition. They have fought side by side with British regulars on many a field, and Canadians have fought with distinction in every war, great and little, / since Canada became a part of the British empire. Moreover, her French Canadian population have the splendid memory of Chateauguay, where under Colonel de Salaberry, with 300 Voltigeurs, an army of Americans, thousands strong, was utterly defeated; her English population, the memory of Queenstown Heights, which were successfully stormed by the York volunteers against a greatly superior force. Sunnyside was, however, an achievement in which Canadians feel another kind of pride, because it consecrated their loyalty. They forght, not for their homes and country, but for the honor of the empire and the British flag."-Army and Navy Gazette.

KIPLING'S LATEST POEM

Will be Published for the Benefit of the Canadian Patriotic Fund.

TORONTO, Jan. 23.—The Canadian club gave a patriotic concert in the Massey hall tonight. The special feature was the reading by W. A. Fraser of a poem specially cabled for the occasion by Kipling. The poem is copyrighted, and Mr. Fraser is negotiating for its publication for the benefit of the Canadian patriotic fund. The poem forms a sequel to "The White Man's Burden," and the sentiment is woven around "The Cup that the White Man Drinks." In the poem Kipling suggests that Great Britain is drinking it to the dregs, but the result will be the strengthening of the Empire.
