CITY NEWS.

Recent Events in and Around St. John.

Together With Country Items from Correspondents and Exchanges.

The topsail schooner Falmouth, Capt. Pettet, reached Portland Tuesday from Parreboro after a very hard passage.

The government is offering a reward of \$500 for information that will lead to the arrest and conviction of Isaac Oulton's murderer.

No tidings have been received of the sch. Bear River, which left Port George for Port William on the 26th ult. The schooner has set out from Marguerite to look for her.

The house and barns of Mrs. John Fletcher at Waterville, Charlottetown, were burned to the ground Wednesday morning. A defective flue was the cause of the fire.

It is estimated that there are 3,000,000 feet of new logs in the Douglas boom at Fredericton, and 12,000,000 feet in Sugar Island. Rattling will begin at the Douglas boom this week.

May 24th will be school holiday in New Brunswick as in the past. As it comes on Saturday this year, it will be observed on the following Monday in the schools.

The board of portwardens appointed by the common council the other day met yesterday and re-elected James Knox chairman and Capt. W. H. Harding secretary.

During the freshet in Salmea river, St. Martins, about six weeks ago, Aubrey Ray, an unmarried man about 22 years old, was drowned in the river. Wednesday the dead body was found in the dam.

Queen G. H. V. Bailey, a native of Heron's County, and a graduate of the U. N. B. has been elected by acclamation to the Northwest Assembly. He is a welder in the Haultain government.

The general store, warehouse and blacksmith shop of James Fairley, in Bolestown, was destroyed by fire yesterday morning. The fire originated in the blacksmith shop. Loss about \$3,000, no insurance.

The Boston Herald in noticing a recital of the pupils of the Emma Horne Vocal School in that city, speaks in terms of unstinted praise of the singing of Miss Leah Young of St. John. It says the young lady has one of those remarkable contralto voices of which but few appear in a generation.

A lady writing from Glace Bay says St. John today says that one of the two Marconi towers there has attained a height of over 100 feet and has a stay of one foot. When completed to the height of 200 feet the tower is expected to be 200 feet. Will the towers stand this sturdy?

SEVERE PAINS IN LEFT KIDNEY.

Three Years of Suffering Before a Cure Was Found—All Credit Given to DR. CHASE'S KIDNEY-LIVER PILLS.

Before reading Mr. Gallant's letter, which is quoted below, look over these symptoms and see if your kidneys are in a healthy condition. Some of the most common symptoms are: Stomach troubles or indigestion, when the real cause of the discomfort is in the failure of the kidneys to properly filter the blood.

When poisonous impurities are left lurking in the system, distension of the most painful and dangerous when it is found to exist, sooner or later. It is possible that you have kidney disease and have not recognized it as such.

The symptoms are, pain in the back and in the system, distension of the most painful and dangerous when it is found to exist, sooner or later. It is possible that you have kidney disease and have not recognized it as such.

If you have any of these indications of the kidney disorders, it is time for you to begin the use of Dr. Chase's Kidney-Liver Pills, the most thoroughly reliable treatment for kidney and liver disorders that is known to science. Many of the best people in the land take a pleasure in recommending this great remedy of the famous doctor, because it has cured them when other remedies failed.

Mr. Ellis Gallant, Racquetville, Gloucester Co., N. B., writes: "I feel it my duty to write you, as I have received much benefit from the use of Dr. Chase's Kidney-Liver Pills. I was taken three years ago with a pain just below the ribs of the left side, and right over the kidney. At first it did not cause me much suffering, but a year ago the pain, at times, was very severe.

"After hearing repeatedly of the value of Dr. Chase's Kidney-Liver Pills, I decided to make a trial, and after using two boxes the pain has completely disappeared and I am well, thanks to this remedy. I have also used Dr. Chase's Ointment and found it worth its weight in gold. I may publish this letter if you like, as it may induce some other sufferer to profit by my experience."

You cannot possibly make a mistake in using Dr. Chase's Kidney-Liver Pills for derangements of the kidneys, liver, and bowels, or for any of the ailments of the urinary system. One pill a dose, 25 cents a box, at all dealers. Dr. Chase, Boston, Mass., and Toronto.

Str. Forest Holme, in whose hold a fire was discovered last Saturday afternoon, while discharging at Montreal, was surveyed and granted a certificate of seaworthiness, having made temporary repairs until she reaches the other side, where the permanent work will be done. Damage to the vessel is placed at \$4,000; to cargo \$1,800. Damaged cargo will be sold for the benefit of all concerned.

NOTICE.

The canvassers and collectors for the SEMI-WEEKLY SUN are now making their rounds as mentioned below. The Manager hopes that all subscribers in arrears will pay when called on.

Edgar Canning, will shortly call on Subscribers in Albert County.

JONES-SMITH. At half-past three Wednesday afternoon a fashionable, although very quiet wedding took place at St. Stephen when Frederick Caverhill Jones, of this city, son of Simon Jones, was united in marriage to Miss Edouarda Emma Smith, daughter of the late Capt. T. J. Smith, of St. Stephen.

The ceremony was performed at the residence of Mr. Charles F. Beard, by the Rev. F. Robertson, of the St. Stephen Episcopal church. Those present included only the immediate relatives of the parties.

The house was beautifully adorned with a profusion of palms, plants and flowers, amid which twinkled many electric lights. The bride was attended in a white satin made train and trimmed richly with duchesse lace.

Among the guests present from out of town were Simon Jones, of New York; Mr. and Mrs. R. K. Jones, Mr. and Mrs. Geo. W. Jones, and Miss Troop, of St. John; and Mrs. Barrow, of East Somerville, Mass.

The bride was attended by her sister, Mrs. Charles F. Beard, of St. Stephen, as matron of honor, and the groom was supported by C. E. McL. Troop, of St. John.

After the ceremony luncheon was served and a reception held, and at six o'clock Mr. and Mrs. Jones took the Washington Counties train on a visit to New York and Washington. They will be absent for some weeks, and their return will reside in the home on German street formerly occupied by G. W. Merritt.

Miss Smith was the recipient of a great many beautiful gifts. Among them were a pair of fine cut glass vases and a fruit dish from the employees of the Jones' brewery.

PATENT REPORT. The following is a list of patents recently granted by the Canadian and American governments, secured through the agency of Marion & Marion, patent attorneys, Montreal, Oan, and Washington, D. C. Information regarding any of these patents will be supplied free of charge by applying to the above named firm.

Canada. 75,665—Henri Guertin, Beauvel, Que., draft appliance. 75,744—Monks & Stephens, Montreal, Que., hydrocarbon burner. 75,776—Geo. R. Davis, St. John, N. B., skirt and trousers hanger. 75,784—Joseph Filteau, Asbestos, Que., self-rooking grate.

United States. 697,008—Leclerc, Tremblay and Lalumiere, Montreal, Que., machine for wiring sheet metal articles. 698,581—Robert C. Wilkins, Montreal, Que., safety water cooler. 698,581—Benjamin Strome, Gourock, Ont., road grader. 698,449—Daniel Campbell, Fairville, N. B., ash remover for boiler furnaces.

Write to Marion & Marion for a copy of the Inventor's Help.

IT STRIKES THE HEART. Not only is the victim of Rheumatism a constant sufferer, but he lives in continual dread that the disease will reach the heart, which means sudden and unexpected death. Rheumatism can only be cured when the uric acid is removed from the blood by the healthy action of the kidneys. Dr. Chase's Kidney-Liver Pills make the kidneys healthy and vigorous, and so gradually and thoroughly cure Rheumatism by removing the cause. One pill a dose, 25 cents a box.

CAUGHT A FAMILY OF FOXES. (The Star.) John Scott of Golden Grove is a farmer of renown. He is also a trapper on a small scale, and a short time ago, while visiting one of his traps which had been laid in a promising looking position, he found in it a large female fox. From certain signs visible only to the initiated, Mr. Scott believed that there was a family of foxes concealed somewhere in the vicinity, and having heard that these creatures had holes in the ground he instituted a search. The result was gratifying. Mr. Scott found in a small cave five young foxes, and near them a rabbit and a crow. Not having any salt to sprinkle on the bird's tail he gave him good care, nor did he feel the necessity of possessing a rabbit's foot, so his attention was wholly confined to the five young foxes, and these he removed to his own house. Here they have flourished and are now the playmates of a number of dogs.

Success making his captives Mr. Scott has received many requests from persons in the city for the foxes, but as yet he has not parted with any of them.

IMPORTANT DECISION.

Judgment of Magistrate Ritchie Regarding Market Fees.

Yesterday Magistrate Ritchie delivered judgment in the case between F. L. Potts and J. F. Taylor of Rothesay in regard to the payment of market fees on six carcasses of beef. This case was heard some weeks ago. The facts are briefly that James Mitchell went to Mr. Taylor's place at Rothesay, looked at six cattle, named a price which was refused, then mentioned another price per pound of dressed beef, which was accepted. Mr. Mitchell's man went out for the cattle. They were brought in, killed, and the beef taken to the market. Mr. Taylor and Mr. Mitchell together weighed the beef, and Mr. Mitchell demanded fees. Mr. Mitchell, being a stall holder, was not liable, and Mr. Taylor claimed that the beef was not sold in the market, the title to the cattle having passed at Rothesay.

Magistrate Ritchie yesterday decided that as something remained to be done, after the bargaining at Rothesay, before the price of the cattle could be found, and as that something—the weighing—was done in the market by Mr. Mitchell and Mr. Taylor, the title to the cattle did not pass until they found Mr. Taylor liable to pay the fees, or upon refusal, to a fine of eight dollars or fifteen days in jail for violation of the market by-law. Mr. Taylor refused to pay the fees and the fine was imposed. Mr. Potts also refused to accept the fees, as he says that this matter of the six cattle is not the only one. The thing has been going on for a long time.

On behalf of his father, W. F. Taylor asked for a stay of proceedings, pending appeal to the supreme court.

RECENT DEATHS. Mrs. Matilda C. McKel, wife of Jas. McKel of Long Reach, passed away Tuesday after a somewhat protracted illness in the 72nd year of her age, leaving a son, Alfred P. McKel, and a daughter, Mrs. Pullerton, to mourn with their father. Interment will take place at White's Cove.

SAUERHURST, N. B., May 12.—Word was received here today of the death of Mrs. Stephen Venet at Picton, N. B. Mrs. Venet was aged 94 years and a daughter of P. J. Venet, ex-M. P. P. for Gloucester, now collector of customs at Bathurst, and of Alex. G. Venet, foreman of the Courier printing office. Owing to serious illness in their own families both partners were unable to go to Picton to attend the funeral.

WOODSTOCK, N. B., May 14.—A very sudden death occurred on Gratton last night. Miss Cora Nevers, dressmaker, a daughter of George Nevers, complained of feeling poorly in the evening. Her mother heard a noise in the room and started up and going in shortly afterwards found her daughter dead on her bed.

A HORSE-SHOING COMPETITION. At last night's meeting of the exhibition executive the suggestion of the live stock committee that there be a horse-shoeing competition at the coming exhibition, was discussed.

Dr. J. E. Smith had been invited to frame some rules, etc., in connection with this idea, and he with a committee was present at last night's meeting.

The suggestions discussed were as follows: 1. All horses for competition in these classes must be shod in the shoe intended for exhibition within twenty-four hours of the time called for parade and inspection, or be shod upon the ground upon a stated day.

2. It is advisable that competitors from a distance have their shoes brought out so as to avoid delay. Portable forges will be on the ground for the use of competitors.

3. The judges may require the removal of one shoe or more for examination, and the competitor to change the shoe. Refusal of their order to this effect will disbar any competitor from participating in the awards announced.

4. The preparation of the hoof, the bearing, and everything in connection with the operation of shoeing will receive full consideration, and the judges will be governed by these considerations in the awarding of prizes.

5. It is desirable that competitors obtain as nearly as possible horses with sound, normal feet on which to exhibit their skill.

6. All shoes to be hand forged.

ST. JOSEPH'S COLLEGE. ST. JOSEPH'S UNIVERSITY, N. B., May 14.—The annual bilingual debate will be held on the 22nd of May in LeFebvre Memorial Hall. The subject to be discussed in French is: Resolved, that the Rebellion of 1837-1838 was justifiable; and in English: Resolved, that the present state of affairs is more beneficial to mankind than its navigation.

Messrs. A. Legere and A. Melanson will support the affirmative in the Rebellion question, and the negative in the Railway question. Messrs. P. Gallagher and F. Desjardis will oppose them.

W. Duke of St. John has been elected valedictorian of this year's graduating class. His class is now in full blast. A league of three teams was formed, and as a result some interesting games have been played. The representative teams expect to play in Chatham on Victoria day.

NEW MASONIC LODGE AT PETIT-CODIAC. PETIT-CODIAC, May 14.—A new lodge called Steven Lodge, No. 37, A. F. & A. M., was duly consecrated here yesterday afternoon by the Worshipful Grand Master, A. J. Freeman, and Grand Secretary J. T. Hart, both of St. John. The following officers were elected and installed: F. Percy Webster, W. M.; W. S. King, S. W.; S. C. Alward, J. W.; Rev. Jos. Pascoe, Chap.; E. P. Eastman, Sec.; R. L. Stockton, Sec. Dr. G. W. Flemming, S. D.; J. E. Seely, J. D.; E. Stimpson, S. S.; F. C. Robinson, J. S.; D. L. Tritter, I. G.; J. E. Hiltz, Tyler.

This lodge is in a flourishing condition. Ten persons who have been accepted are waiting to be made members. A large number of the craft from St. John, Sussex and Salisbury were present at the consecration of this lodge.

GRAND DIVISION S. OF T.

Reports of the Grand Scribe and Grand Secretary.

At the semi-annual session of the Grand Division S. of T. at Moncton, much business was transacted.

GRAND SCRIBER'S REPORT. The report of Grand Scribe Armstrong showed that there were 46 divisions on the books in good standing. The returns sent in by these show that during the last term 165 new members have been initiated, 14 withdrawn, 37 suspended, 1 expelled, 2 died. The total membership is 2,887, an increase of 67 during the last six months. Many of the subordinate divisions have neglected to send in their reports. One division, Campbellton, No. 300, has been dropped from the list. Two organizations and one resuscitation have taken place since the last annual session. The new divisions are Rocky Glen, No. 430, at Armstrong's Corner, and Loy Allot, No. 431, St. John, North End. The resuscitated division is Kingscote, No. 315, York Co., which had been dormant about three years. In the Juvenile branch several Bands of Hope have been organized under promising auspices. The two district divisions in Kings and St. John counties are doing good work, but both are crippled for lack of funds. It is hoped that by October next at the annual session the grand division will be in a position to make a grant. Since the annual session the grand secretary reported that he and the G. W. P. had visited a large number of subordinate divisions, both in and outside St. John. He considered that the order was improving. Although the increase in membership for the last term was not large, there were signs that it would improve during the coming term. His correspondence with various divisions showed that there was no lack of enthusiasm over the result of the work. All were confident that it was only a matter of time when the object for which they were associated would be attained. Temperance people all over Canada, he said, were being brought face to face with many difficulties. The brethren in the west had their hour of trial, and their hopes had been shattered. Ontario was to have its struggle shortly, and we in the east had not been any more fortunate. "Our local government had just answered the prayer of every 10,000 temperance men by refusing to place a prohibitory law on the statute books of the province. Notwithstanding these reverses, temperance people were confident in the greatness and justice of their cause, and would continue to press forward. Feeling reference was made to the death of Past Grand Chaplain, Rev. Job Shenton, one of the most earnest and faithful members of grand division, who had done much to stimulate those around him in total abstinence principles and by his advocacy of these principles on the public platform and in the pulpits had secured conviction to the hearts of many. In closing the grand scribe expressed great regret at the suggestion of the Mutual Relief Insurance branch of their society, owing to lack of support from the members."

GRAND TREASURER'S REPORT. The report presented by Grand Treasurer T. H. Lawson, showed that he had on hand at the beginning of the term \$1,000. In addition to this he had received during the last six months \$234.87, making a total of \$1,234.87. A balance had been disbursed, leaving a balance of \$464.24.

FARRIS-HANSELPACKER. A quiet wedding took place at the residence of Arthur Cameron, 174 Adelaide road, Wednesday evening, when Frank L. Farris was united in marriage to Miss Marie Hanselpacker. The ceremony was performed by the Rev. Canadian Father and Home, already a friend of the parties. Both bride and groom belong to Waterborough, Queens Co.

COUNT THE CELLS. Everybody Has An Equal Chance For the Big Cash Prizes. The interest in our Great Mystery of Life Counting Contest, announced elsewhere by this paper, is increasing with a rapidity which is well worth a trial. Only one man knows positively the exact number of cells in his body, and with the contest is closed. That there is a possibility of a wide range in the replies, and that many thousands of other prizes, it is well worth a trial.

DEATHS. BAKER—At Yarmouth, May 8, Harold Leslie, child of Mr. and Mrs. Charles H. Baker, aged 3 years. BLAKESLEY—In this city, May 15th, Charles Blakesley, son of the late Mrs. B. Blakesley, in the 32nd year of her age, leaving three sons to mourn their loss. CHURCHMAN—In this city, on May 12, Mrs. Churchman, widow of the late Francis Churchman, leaving a loving husband to mourn his loss. GIBSON—At Halifax, May 10, Margaret, wife of Henry Gibson, in the 88th year of her age, leaving a husband, one son and one daughter. STINLEY—At Halifax, May 10, James Finlay, aged 39 years. GABRIEL—At Springhill, N. S., May 9, Gabriel, second son of Mr. and Mrs. Alex. Gabriel. HAMILTON—At Halifax, May 11, Robert, son of John Hamilton, leaving a wife and six children to mourn the loss of a kind and affectionate mother. McARDLE—In this city, on May 12, after a short illness, the late wife of Patrick McARDLE, and daughter of John Harrington, aged 27 years, leaving a sorrowing husband and three children to mourn their loss. MARSHALL—At Halifax, May 12, Mary, second daughter of the late James and Maria Marshall, in the 9th year of her age. MACALPINE—At Halifax, May 12, Catherine MacALPINE, wife of Henry MacAlpine and daughter of John Day, of Upper Musquodoboit, aged 40 years. RANDOLPH—At Frogmore, Fredericton, N. B., Archibald Drummond Fitz Randolph, in the 57th year of his age. FIBNEY—At Halifax, May 16, James, son of Patrick and Margaret Tierney, aged 64.

PLEASE MR. DRUGGIST give me what I ask for—the one, Painkiller, Perry Davis, I know it is the best thing on earth for summer complaints. So your duty: Thank you: There is no money.

THE "GOLD CURE" FOR Asthma Shows Clearly that Asthma Can be CURED. We want all to know that the terrible suffering of Asthma can not only be relieved, but permanently cured. We have positive proof simply pointed from responsible people all over Canada that the Gold Cure for Asthma gives prompt relief and a permanent cure. All symptoms and ailments of this dread disease to not ask sufferers to take our word for it. Write today and we will send.

HERBIE a trial bottle and a treatise on Asthma. The trial bottle should be in the hands of every sufferer from any of the forms of Asthma (as Hay Fever, Croup, Whooping Cough, etc.). Don't go on suffering. Don't wait a friend or member of your family to suffer. Write at once for free samples, giving name and address of sufferer to:

HERBIE & CO., Simons, Ont.
