### CLOSING COTTON LETTER.

By Direct Private Wires to J. C. Mackintosh & Co.

Jan. 6.—The tone of Liverpool cables this morning reflected confidence in an early settlement of the labor difficulties. These advices were supplemented by reports of heavy buying for continental and spot account. Our market opened strong in sympathy, first prices ranging from 5 to 8 points higher. Heavy short covering was a feature throughout the day and while the early advance was interrupted by heavy week-end realizing, final prices were at from 15 to 20 points above last night's closing. Short covering alone can hardly account for the strength of the market in the face of extremely bearish crop conditions. Either improved trade demand or concerted efforts by strong bull interests, or both would seem to be the prime factors of strength. The large and stubborn short interest, however, has accelerated the advancing tendency. We rather expect a further rise, but still advise following the advance with caution.

JUDSON & CO.

### HAMPTON HAPPENINGS.

Hampton, Jan. 5.—The Hampton Station Bridge Whist Club held its weekly gathering last evening at the home of Miss Minnie Travis, Main street. There were six tables. The winners of first prizes were Miss E. Alward and Wm. Langstroth, and consolation prizes were awarded to Mrs. C. H. Smith and E. A. Schofield.

Mrs. John E. Irvine and her daughter, Miss Helen, went to Montreal on Thursday to spend the winter. Mrs. Frank Titus, Bloomfield, is to day the guest of her sister, Mrs. R. A. March.

Mr. Frank Young, of Halifax, was a week-end and New Year's guest of Mr. and Mrs. E. A. Schofield, Allandale Farm.

J. E. Ansevine returned home on Tuesday from a few days' visit to Montreal and Toronto.

Thos. A. Peters, who spent Christmas and New Year's at the home of his daughters, here and at Bloomfield, returned to Charlottetown on Tuesday.

Dr. S. G. Ritchie, Mrs. Ritchie, and their two children, who came to attend the funeral of Mrs. William Ritchie, and stayed over New Year's, returned to their home in Halifax, on Wednesday.

Mrs. J. E. Hopper, widow of the late Rev. J. E. Hopper, of St. John, was a visitor here last Thursday.

New Year's day was delightful as to temperature and fine clear skies, the ice was clear and crisp on river, lake and creek, and everybody who possessed a pair of skates, turned out to enjoy spin.

Last Sunday's services in the churches were largely suggestive of the flight of time and the duty of improve it with a review of past years, present blessings enjoyed by individuals, communities and nations. The watchnight service was held in the Methodist church, led by the minister, Rev. H. C. Rice.

Everybody is looking forward to Rev. H. A. Cady's lecture this evening in Methodist Hall, the second in the winter course. His subject is "The Mounted Police and the Yukon," and will be illustrated. The Hampton Boy Scouts and Girl Guides, are preparing to give him a reception at the station on his arrival.

## IRREGULAR TONE STILL MARKS TRADING

New York, Jan. 6.—The brief session on the stock exchange today brought little change from the dull and irregular tendencies of the preceding days of the week. Trading was even higher than usual, and less professional than before. Business was restricted almost entirely to certain speculative favorites which have been in the foreground during the past fortnight. The more active issues, such as United States Steel, Union Pacific, and Reading, were relatively neglected at the outset, and such activity as they displayed later was often due to bearish attacks.

Lough Valley, Rock Island and preferred of the local tractions. The demand for the latter was again attributed to strong banking interests, and thus far the movement seems to have excited little public support.

Great Northern preferred also made a smart advance on the publication of its November earnings, which showed a gain of over \$700,000 in operating income. Norfolk and Western also reported favorable November earnings, was moderately active at a slight advance.

The list alternated up and down within a narrow range for the greater part of the two hours. Some early losses being recovered, while in other instances gains gave way to declines. Toward the close prices hardened generally, except for central leather preferred, whose forthcoming earnings are said to be poor, and American Beet Sugar and Porto Rican Sugar. Elsewhere in the list final prices were at or near the best of the day.

The day's news was of a routine character, embracing forecasts of last month's operations by the U. S. Corporation and the views of the commercial agencies respecting the trade outlook. One estimate of the steel tonnage for December put the figure at 550,000 tons over the preceding month. As for general business, all authoritative reports agree that retail trade has been more active recently and continued confidence in the steel coil should prove of inestimable benefit to many lines whose operations have been restricted by the adverse weather of the early winter.

The bank market was a notable exception, if for no other reason than that the usual difference in "average" and "actual" figures was less pronounced than usual. Average loans increased \$15,288,000, while the actual increase was within \$14,000 of that figure. The actual cash gain was over \$14,500,000, somewhat under yesterday's estimates, with an increase in reserves of \$3,342,000. The reserves of the trust companies in the clearing increased almost \$15,000,000 over the previous week.

The bank market was firm, speculative issues figuring largely in the unusually large dealings, with a fairly good demand for the higher class mortgages.

Total sales, par value, were \$3,285,000.

U. S. Government bonds were unchanged on call during the week.

### CLOSING STOCK LETTER.

By Direct Private Wires to J. C. Mackintosh & Co.

New York, Jan. 6.—There was no particular news and no notable developments today to influence the movements of the stock market and the dealings were confined largely to the professional element. Price fluctuations were fairly active, but irregular within a narrow range. The undertone, however, was rather steady as a whole, as a result of week-end short covering in anticipation of some possible favorable developments next week. In this connection were mentioned the Copper producers' statement upon which there were very bullish rumors, the introduction of the currency reform measure in congress and the steel tonnage figures due Wednesday, which is expected to reflect the recent increased output of the corporation. The return of call money to near the 2 per cent. mark was also a feature of the market. Against these arguments may be mentioned the unsatisfactory current railway earnings and the prospect that these will not be materially increased now that the crop movement season is about over, the threatened drastic tariff revision and the fact that standard stocks as a rule are already selling above an attractive investment level. The present market, however, shows no sensational movements of the market either way and it will require some new and more powerful influence for good or evil to shake the market out of its present rut.

### OBITUARY.

Charles Gough  
A former well known St. John man died at his residence, 68 Warwick street, Boston, on December 28th, in the person of Charles Gough. Mr. Gough was born in North End but had lived in Boston for the past 25 years. Heart failure was the cause of death. He is survived by a widow and two children in Boston, and one sister, Mrs. Everett King of West St. John.

Word was received in the city on Saturday of the death in Boston of Victor W. Barnes, formerly of Hampton. Mr. Barnes had lived in the vicinity of Boston for a number of years, but last winter returned to Hampton where he installed the plant of the Canadian Woodware Co. The deceased was 48 years of age, and was well known in this city. He had been chief engineer in the employ of the United Fruit Company, on the steamers of the line running between Boston, New York and the West Indies. Mr. Barnes is survived by a widow and two children. He also leaves three brothers—John Barnes, of Hampton; J. M. Barnes, of the C. P. R. Telegraph Company in this city, and Albert Barnes, of the I. C. R., and two sisters, Mrs. J. E. Whittaker, of Newcastle, P. N., and Mrs. George M. Wilson, of Hampton, from whose home the funeral will be held tomorrow.

John F. Bowes, the 17 year old son of Mrs. Theresa and the late Nicholas Bowes, passed away Saturday morning at his mother's home, 245 City Road. He is survived by his mother, three sisters and a young brother. The deceased has for a while been in the employ of T. S. Simms Company, Ltd.

### Sciatica EXPECTED DEATH ANY DAY

Another Case Where Life Was Saved and Health Restored by "Nerviline."

We have all read and heard of the agonies of Sciatica, but only those who have been tortured by this dread malady can fully appreciate what it means to be cured after years of suffering.

It is because he feels it his solemn duty to tell to the world his faith in Nerviline, that Victor P. Hires makes the following declaration: "For three years I was in the Royal Mail service, and in all kinds of weather had to meet the night trains. Dampness, cold and exposure brought on sciatica that affected my left side. Sometimes an attack would come on that made me powerless to work. I was so nearly a complete cripple that I had to give up my job. I was in despair, completely cast down because the money I spent on trying to get well was wasted. I was sneaking to my chemist one day and he recommended 'Nerviline.' I had this good ointment rubbed on several times a day and got relief. In order to build up my general health and improve my blood I used Ferrerone, one tablet with each meal. I continued this treatment for four months and was cured. I have used all kinds of liniments and can truthfully say that Nerviline is far stronger, more penetrating, and infinitely better than anything else for relieving pain. I urge everyone with lumbago, neuralgia, rheumatism or sciatica to use Nerviline. I know it will cure them."

There isn't a more highly-esteemed citizen in Westchester than Mr. Hires. What he says can be relied upon. For six years he's been cured he hasn't had a single relapse. Don't accept anything from your dealer but "Nerviline." Large size bottle, 50c, or sample size 25c. Sold everywhere, or The Catarrh & Co., Kingston, Ont.
