She Was Helpless For Two Years

WHY MRS. BALDWIN RECOMMENDS DODD'S KIDNEY PILLS

She Could Find Nothing to Cure Her Rheumatism Till On a Neighbor's Advice She Tried Dodd's Kidney Pills.

St. Walburg, Sask., May 30.—(Special)—"I can truly recommend Dodd's Kidney Pills for any one suffering from rheumatism." These are the words of Mrs. W. A. Baldwin, highly respected resident of this place. And Mrs. Baldwin gives her reasons.

"I was nearly helpless with rheumatism for two years," she states. "I got medicine from the doctor, and tried several other remedies but nothing helped me. Then one of my neighbors advised me to try Dodd's Kidney Pills. I bought four boxes, and they helped almost from the first. I have used nearly two dozen boxes and am nearly cured."

That rheumatism is one of the results of diseased kidneys is again shown in Mr. Baldwin's case. She had headaches, stiffness of the joints and backache, her sleep was broken and unrefreshing, and she always tired and nervous. Her limbs swelled and she was always thirsty. These are all symptoms of diseased kidneys. When she cured her kidneys with Dodd's Kidney Pills, the symptoms vanished—and so did the rheumatism.
