

# DON'T HOPE TO "MAKE BRICK WITHOUT STRAWS," IF YOU WANT EASY MONEY ARM YOURSELF

**Fox the Fugitive Gives Parting Shots and Takes to the Trails of New Brunswick; Somewhere in the Province; Where Is He?**

**Evidently the Fugitive is a Little Timid About the Chances He Has with the Sleuths of Albert and Westmorland Counties.**

(Written Exclusively for The Standard by Fox the Fugitive)

Under the shade of "the old apple tree," where the life of the village drones along in its hum-drum way The Standard's Fugitive is lying low waiting for the "call of the countryside"—"somewhere in N. B."

Without a word of warning I am "off" on this whirlwind race, laying my trails just where they might be least expected.

The "sleuthettes," that large army in the New Brunswick towns and hamlets who are always alert to grab easy money must now get their wits in working order.

Today's problem is—Where is Fox? What town has he made first? When will he come our way?

Since I hurried defiance in The Standard Monday I know of spots on the map where watch-towers are being erected.

The country atmosphere is thickening with mystery. The postmistress in the largest and the smallest of New Brunswick towns where the busy of industry emphasizes the busy occupations in rural life are putting the cash receipts of their offices nightly under their pillows.

The villagers are putting bars across their windows. And the lovely night watchmen who patrol their main streets have armed themselves with electric flash lights which are turned into every dark corner and nook as they pass by.

The Sheriff's men are enlisting the best talent in their towns into possees of the fugitive. They are with them conscription in their own way. With them conscription in their own way.

The farmers for the first time in the history of the province are putting padlocks on their doors and turning loose their dogs the last thing before they retire. There's a fugitive at large somewhere in New Brunswick and safety first have become household words.

Several thousands of bills scattered widely advertising the coming of Fox are plainly being carried around and largely consulted. Not only are the towns well picketed but every farm house on the R. F. D.'s has become a "watch tower." It is a sure thing that the readers of The Standard have become familiar with my methods in my fugitive fights published in many successive issues, not only during the chase in the city but describing my adventures in years past and the manner of inciting interest in my exploits when I was approaching St. John.

I have a "dear friend" in one of the towns that lay in my course who I fear will brush aside all claims to friendship in his eagerness to make a real detective coup by landing a real fugitive. Not that Edson E. Peck, the best known sleuth in Albert county has "never" landed fugitives? Doubtless he has dragged many a malefactor wanted for a serious crime from the brush along the Petitodiac river. Like my friend Chief Rideout of Moncton, he has well earned the reputation for getting what he goes after.

"For team work this would make a strong combination. Since Hillsborough is not so far away from Moncton you may well believe that the trails through Albert and Westmor-

**"CROSS-COUNTRY FOX CHASE" IN TOWNS OF NEW BRUNSWICK**

**Conditions for Fugitive's Capture:**  
The St. John Standard Pays Rewards when Captures Admitted by Fox, made according to conditions. Ten Dollars each in Fredericton, Woodstock, St. Stephen, Sussex and Moncton.  
Five Dollars in any other New Brunswick Town.  
Capture admitted by Fox only to resident of town where caught.  
1st—Lay Hands on Him.  
2nd—Say to him: "You are Fox, The St. John Standard's Fugitive. Do you deny it?"  
3rd—Present Fox with copy of The St. John Standard of date.

attention to the fact that they had in 1915 sold to the St. John County Hospital a kitchen range for \$1,400 installed. That on January 21 a fire had occurred, and this had started under one of the ovens of the range. At the enquiry held, evidence had been given by Herbert W. Flowers, a traveling salesman for the company, but this had not been entirely satisfactory, as it failed to fix the question of responsibility, and asking them to submit any further evidence they might wish.

Under date of February 2 he received from the company a letter thanking him for the opportunity to submit evidence and stating that Mr. Gurney, who sold the range, was out of the city and they would submit a statement as soon as possible.

Under date of February 10, the county secretary again wrote the company, pointing out that he did not think they realized the full import of his first letter, and in this he stated that it was his intention, if the committee found that there had been gross negligence in the installation to take action under the criminal code against the responsible parties.

On February 12 the company replied that they realized the import of the letters and would take the matter up at once with Mr. Gurney.  
On February 20 a further communication from the company stated that the architect had taken him up with Mr. Gurney who said: He remembered the transaction thoroughly, and to the best of his remembrance the question of a concrete hearth had been discussed with some one, in fact he did not think he could have sold the range unless it was discussed.  
The architect had taken him up to see the chairman of the building committee and he thinks the matter was mentioned to him though not positive. "We might state," he wrote, "we do not consider the hearth on which the range sets as part of the building and in our hotel catalogue we show how such a hearth should be built."  
"We were given the order for this contract but it was arranged that Messrs. Emerson and Fisher should do the installation. The writer was not in this office when this contract was let. He was in the Winnipeg office, in

**NOVA SCOTIA CROPS FAR AHEAD OF THOSE IN NEW BRUNSWICK**

**Maurice E. Dickinson and Party Return from Motor Tour of Parts of the Two Provinces.**

The crops in the western section of Nova Scotia are several weeks ahead of those in this part of New Brunswick, according to Mr. and Mrs. Maurice E. Dickinson and D. U. Hogan, who returned last evening on the Express from a three days motor tour of part of this province and the bay section of Nova Scotia. The neighboring province had plenty of rain late in May and early in June, but the farmers seem to have had better luck than many of those in this province. The apple districts are very beautiful at this season and Mr. Dickinson and party were rather surprised to notice that many fruit growers with large orchards had planted acres of beans between the trees. Evidently there will be no lack of the baked article in the Blue Nose country next fall and winter. A big apple yield is indicated in the beautiful Annapolis valley. Mr. Dickinson encountered some bad stretch of road, due to heavy rains, but in parts of both provinces the motoring is good. The party found the weather decidedly warm in Moncton and other places.

charge there, so all these statements are hearsay to him, and he has given them to you as he got them.  
"We made a layout of the kitchen, that is to say where the goods were to be placed, but of course did not make any recommendations, or show any details of the hearth, that being as I said before in our estimation part of the building."  
"He further said they had sold a large number of kitchen ranges but had never installed a hearth as part of the range, it was always a part of the building."  
On June 18 Mr. Kelley sent a wire advising that the enquiry would be resumed on June 25 and suggesting that Mr. Gurney be present.  
Under date of June 20 he received a reply that as Mr. Gurney was a member of the Imperial Munitions Board it would be impossible for him to attend the hearing.

**EVANGELICAL ALLIANCE.**  
The Evangelical Alliance held a special meeting in the St. Andrew's church school room yesterday morning. A special deputation from the Anglican church, consisting of Rev. Canon Armstrong, Rev. G. A. Kühring and Rev. W. H. Sampson, attended. Rev. Mr. Culp, new pastor of the Coburg street Christian church, was received and welcomed to the associ-

ation and Rev. Canon Armstrong was received as a member and welcomed. A resolution commending to the Protestant congregations of the city, a proper observation of the 400th anniversary of the Protestant Reformation was carried unanimously and a committee composed of Rev. Messrs. Moschallin, J. C. B. Appel, W. H. Sampson, Dr. Hutchinson, Mr. Hall, Mr. Pinkett and Ensign Beets of the Salvation Army, was appointed to suggest a suitable programme. The celebration will be in the autumn.

**Machias, Me., June 25—**Stillman Berry, aged 18, and Henry Bagley, 16, were drowned yesterday by the upsetting of a canoe.

Write "Uncle Dick," The Standard, if you want to know.

land counties will be dangerous lines of travel for Fox the fugitive.  
Now Ed. Peck may not be able to recall the friendship we have struck up, while the big chief is not all puzzled, I am told, in making deductions to lead to Fox's apprehension. Hillsborough is not such a large town as to afford good cover, but by sailing into port I may be able to surprise my friend and get away with it; for he never will suspect that I am to take to the water trails up Shepody Bay.  
I might show up at Hillsborough with a good "Billy Sunday" lay-out. Simply look up George Prescott and he would give me great support. George was telling me of several good stunts that Billy Sunday could work into his campaigns. So by enlisting my friend George we would have a number of exclusive features to pull off. I don't know that Hillsborough needs any awakening along that line. But I am confident if George and I could work it right we could get any number of trail-hitters. Landlord Ward is another good scout when it comes to "making good" where there is any money. I don't know what Hillsborough would do without this popular Landlord, who can feed the multitude in the most miraculous way and never run short of provisions.  
Now I desire to admonish those who intend to lay for The Fugitive that you never make brick without straw. You can't make this capture you are hoping to make without a certified warrant. Be sure that you have it always with you, a copy of The Standard of each day as it comes around. I shall not ask you for it. You must serve the warrant. That is how my excellent friends the Moncton and Hillsborough officers bring in their quarry when they go after it.  
If you want the news of the day you've got to read a newspaper, so get The Standard and kill two birds with one stone.

# Help Canada Maintain Her Financial Freedom!

**Do Your Share towards Financing the War with Canadian Savings Rather than with Outside Capital.**  
THE problem of meeting the enormous cost of this war is two-fold. Not only must Canada get the money—most of it, of course, as loans—but she must get as much of it as possible here in Canada.  
We can carry the war-debt if the bulk of the interest goes to Canadians, and so is used again in the country's development. But it will be a serious matter for us if a large proportion of the interest has to be sent outside the Dominion.  
For the sake of our own and our children's future this drain on our resources must be avoided! Canada's financial freedom can and must be maintained! An average saving of 15 cents a day, invested by each man, woman and child in Canada in War Savings Certificates, would enable us to carry the whole cost of the war. To approach this average, hard work, thrift, self-denial and sacrifice are required of every citizen.  
For each \$21.50 you lend the Government now, you will receive \$25.00 in three years—if you can get your money back at any time. Certificates are issued in denominations of \$25, \$50 and \$100, and may be purchased at any Bank or Money Order Post Office.

# Enemies of Tea

If tea is left open near oranges, soap, spices, matches, etc., the tea will take on the flavor of any of these articles.

In fact, tea absorbs odors as readily as does butter. This is because it becomes so dry and brittle in passing through the firing or drying oven that it becomes very sensitive to the moisture and odors in the air.

When loose in the chest or bin or bag it quickly loses flavor and strength. Tastes flat, weak, old; dear at any price.

This is why Red Rose is never sold in bulk—but always in sealed packages. The armour that keeps out dust and odors and keeps in the flavor and strength.

The price printed on the package protects you against overcharge. It is the lowest price for which a tea of Red Rose quality can be sold—a price which allows the grocer only a fair profit.

You will enjoy the distinctive flavor and rich strength of Red Rose Tea. Try a package.

Sold Only in Sealed Packages  
Y. H. ESTABROOKS CO., Limited,  
St. John Toronto Winnipeg Calgary  
Red Rose crushed coffee is as generously good as Red Rose Tea and just as easy to make.

# Could Not Lift Stick of Wood

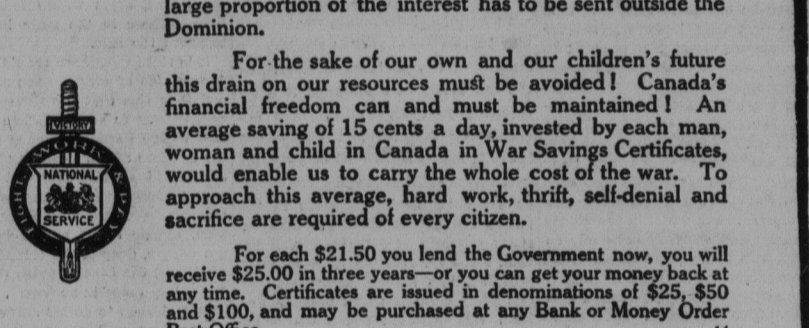

Would Almost Paint From Severe Pain in Back—Doctors Could Not Get the Kidneys Set Right.

Benton, N. B., June 25—A great many people suffer the results of diseased kidneys and do not understand the cause of trouble or the way to obtain cure. The writer of this letter suffered excruciating pains in the back and in vain his physician tried to cure him. For some reason other his medicines did not have the desired effect.  
Mr. Olin's brother was a merchant selling, among other medicines, Dr. Chase's Kidney-Liver Pills, and he heard his customers telling about how they were cured of kidney derangements by their use. This led to Mr. Olin putting them to the test, with the splendid results reported in this letter.  
Mr. E. C. Olin, Benton, Carleton County, N. B., writes: "I am glad to let you know how much your medicine has done for me. I suffered from my kidneys which at one time were so bad I could not lift a stick of wood without setting on my knees, and then would almost faint from the pain in my back. I consulted a doctor about it, and he gave me some medicine, but it did not help me. My brother, who is a merchant, and carries all your medicines, advised me to try Dr. Chase's Kidney-Liver Pills. I got one box, and they helped me, so I got another one, and kept on until I had taken five boxes, which cured me. I have had no trouble with my back since, and an even better Dr. Chase's Kidney-Liver Pills in the house. Last summer I also suffered from piles. I used three boxes of your Ointment, and it cured them. I can certainly recommend Dr. Chase's Pills and Ointment."  
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, 5 for \$1.00, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

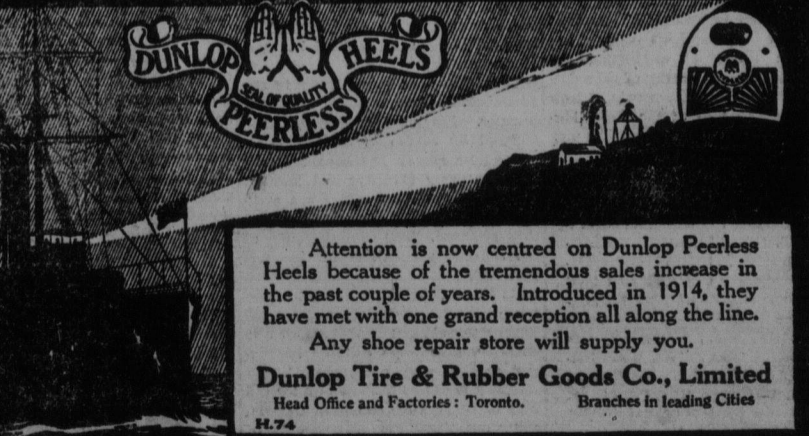

# THE COUNTY HOSPITAL FIRE INVESTIGATION

Report of Municipal Council Committee Will Be Submitted to Council at July Meeting—Questino of Concrete Hearth for Range an Important Item.

The committee appointed by the Municipal Council to investigate the cause of the fire in the St. John County Hospital, on the night of January 21st last, met yesterday afternoon in the office of the county secretary to consider the evidence submitted at the enquiry held in the Court House and make up their finding. In addition to the evidence already taken, some correspondence with the Gurney Massey people was taken up and after fully considering it the committee prepared their report which will be submitted to the Municipal Council at the July meeting.  
Those present at the meeting were Warden McEllan, Councillors Hayes, Fisher and Boland, and County Sec. J. King Kelley.  
The county secretary submitted the following correspondence with the Gurney-Massey people.  
On February 1 he wrote them calling

The National Service Board of Canada, OTTAWA.

Attention is now centred on Dunlop Peerless Heels because of the tremendous sales increase in the past couple of years. Introduced in 1914, they have met with one grand reception all along the line. Any shoe repair store will supply you.
