A PROPER TREATMENT FOR CATARRH, reaches every affected part. Such a remedy is Catarrhozone, which is inhaled into all portions of the throat, lungs and nasal passages, where it kills the germs, and cures the disease. Catarrhozone is pleasant, safe, and absolutely sure to cure. It relieves the distressed feeling in the head, clears the throat and nostrils in one breath. Positive proof of cure is found in the words of Mr. Kirk, of Kingston, Ont., who says: "I suffered for fifteen years from Catarrh of the nose and throat, used hundreds of remedies, consulted specialists, but was not permanently benefitted. Having personally witnessed a cure of thirty years standing, effected by Catarrhozone, I bought an outfit and used it for a month. It cured me, and I am now no more liable to Catarrh than if I never had it." This is most convincing testimony from one of Kingston's best known and most highly respected business men. It proves beyond question that Catarrhozone absolutely cures Catarrh. It never fails; never harms; guaranteed to cure. Price \$1.00; small size 25 cents. Washington, July 3.—The comparative statement of the gravernment received and representations of the real Count De Pomereu she admitted he was not her husband.

Upon the day of the department of Seine Inferieur and mayor of Heron, near Rouen, has received a decree from a French court declaring he was never married to a woman named Lizzie Barrier.

It appears that at the beginning of this year Count De Pomereu received a letter from Lizzie Barrier, in which the writer claimed conjugal rights and reproached him with abandoning his wife and their baby. Count De Pomereu revealed the matter and found that Lizzie Barrier had been induced to marry, in New York, April 19, 1892, an adventurer who used the name of Count Robert De Pomereu. When the Barrier woman was confronted with the real Count De Pomereu she admitted he was not her husband.
