Calendar Aspects, &c.
Splendid fine day.

1st Sunday after Trinity.
Beautiful weather, and not
excessively warm.
Fair weather, which con-
tinues for some days.
With occasional wind storms
and a few showers.

2nd Sunday after Trinity.
This day very warm.
St. Barnabas' Day.
Cool for the Season.
But there are changes.
Cool showers will fall.
And the fields made glad.

3rd Sunday after Trinity.
We still look for rain.
Frequent showers and some
heavy thunder.
Unsettled and changeful.
Still unreliable.
Nothing settled yet.

4th Sunday after Trinity.
Nativ. of St. John Baptist.
Now all is serene.
Fair and very warm.
Thunder and Lightning.
But yet clear and fine.
St. Peter's Day.

5th Sunday after Trinity.

WASHING FLUID.

Take one pound sal soda and half a pound of unslacked lime; put them into a gallon of water, and boil twenty minutes; let it stand till cool, then pour off, and put it in a stone jug. Soak your dirty clothes over night, or until well wet through, then wring them out and rub on plenty of soap; and to one boiler of clothes, well covered with water, add one teacupful of washing fluid. Boil half an hour briskly, then wash through one suds and rinse through two waters, and your clothes will look nicely.
