**Pretty Plumes**

This is the millinery season. Remember that the expenditure for a new plume or feather is often unnecessary. We dye or clean the finest plumes with artistic skill, make them pretty as a picture, just as fine as the handmost and most expensive—and our charge is a trifle compared with that for a new plume.

**ANSWERS TO CORRESPONDENTS.**

(Continued.)

**ANXIOUS MOTHER:**—White duck and pique skirts will be worn. Organdy launders satisfactorily. Spanish combs are still in vogue, and white collars and cuffs are as fashionable as ever. Pretty belts are of red, green or black leather with harness buckles. Metal belts are also stylish. A pretty plaid silk waist for wear with a silk skirt seems to be just what you want for street and informal evening wear. Cut the waist by pattern No. 9670, which costs 10d. or 20 cents, and is illustrated in THE DELINEATOR for March.

**M.E.M.:**—The pupil dilates when one looks at a distant object or when the eye is not exposed to bright light. When one looks directly at the light the pupil quickly contracts. These actions are perfectly normal.

**LADY GRACE:**—String or club ties and Ascot ties will be much worn with shirt-waists. Fashionable collars and cuffs are depicted on the new shirt-waists illustrated in THE DELINEATOR.

**TITANIA:**—(1) We advise you to consult a chemist relative to the exact quantity of tincture of catharides to add to the hair tonic. (2) If you feel no ill effects four or five hours after taking the cold shower, it probably agrees with you. Many mistakes are made in regard to cold water baths. As a tonic they are good for some persons. There are cases where cold baths have been taken and the reaction at the time was most excellent, but a few hours afterwards depression would follow and cold chills would be felt. The cold water plunge is a favorite prescription with a number of well-known physicians who wish to stimulate the heart and the circulation of blood in the skin.
