

“to a Chippawa hunting camp, opposite to a fine terrace, on the
 “banks of which we encamped, near a bay. * * * 2nd.—
 “We struck the Thames at one end of a low flat island
 “enveloped with shrubs and trees; the rapidity and strength of
 “the current were such as to have forced a channel through
 “the main land, being a peninsula, and to have formed the
 “island. We walked over a rich meadow, and at its extremity
 “came to the forks of the river. (s) The Governor wished to
 “examine this situation and its environs; and we therefore
 “remained here all the day. He judged it to be a situation
 “eminently calculated for the metropolis of Canada. Among
 “many other essentials, it possesses the following advantages:
 “command of territory,—internal situation,—central position,—
 “facility of water communication up and down the Thames
 “into Lakes St. Clair, Erie, Huron and Superior,—navigable
 “for boats to near its source, and for small crafts probably to
 “the Moravian settlement—to the northward by a small portage
 “to the waters flowing into Lake Huron—to the south-east by
 “a carrying place into Lake Ontario and the River St. Lawrence;
 “the soil luxuriantly fertile,—the land rich, and capable of being
 “easily cleared, and soon put into a state of agriculture.—a
 “pinery upon an adjacent high knoll, and other timber on the
 “heights, well calculated for the erection of public buildings,—a
 “climate not inferior to any part of Canada.”

“To these natural advantages an object of great consideration
 “is to be added, that the enormous expenses of the Indian
 “Department would be greatly diminished, if not abolished
 “the Indians would, in all probability, be induced to become the
 “carriers of their own peltries, and they would find a ready,
 “contiguous, commodious, and equitable mart, honorably ad-
 “vantageous to Government, and the community in general,
 “without their becoming a prey to the monopolizing and
 “unprincipled trader.”

“The young Indians, who had chased a herd of deer in
 “company with Lieutenant Givens, returned unsuccessful, but
 “brought with them a large porcupine; which was very
 “seasonable, as our provisions were nearly expended. This
